MGM School of Physiotherapy,
Navi Mumbai.

MGM INSTITUTE OF HEALTH SCIENCES

(Deemed to be University u/s 3 of UGC Act, 1956)

Grade 'A++' Accredited by NAAC

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

1.1.1 Outcome analysis of POs and COs

- The Institute has clearly stated program outcomes (POs), and course outcomes (COs) for its all-academic programmes.
- The Faculty and students are made aware of the learning outcomes at beginning of academic session.
- Course outcomes and objectives are printed in syllabus of each course. The process of mapping of course outcomes-programme outcomes is ongoing.
- Analysis of Program outcomes is achieved by formative and summative evaluation.
- A handbook with details of each department is provided to the students at the beginning of academic session.
- Log books and departmental journals are maintained by the students.
- The students and teachers are provided with academic calendar wherein planning is done for the entire Semester providing all the learning objectives and outcomes at various levels.
- The faculty is trained regarding formulation and achieving teaching-learning objectives and outcome evaluation by training programmes conducted by the Medical Education Technology cell.
- At the College and University level IQAC and the University has apex role in monitoring, and reforming all the strategies related to teaching learning and assessment.
- The College regularly monitors the performance of the students via internal examinations, viva-voce, and University examinations.
- Extra/remedial classes/tutorial sessions and mentoring sessions are conducted for slow learners.

The Institution has a well- structured feedback mechanism system in place. Feedback is obtained from all stakeholders such as students, teachers, employers, parents, alumni and professionals regarding curricular aspects, teaching learning processes, infrastructure, etc. The feedback is analyzed at departmental level and at the University level. After analysis, corrective actions are initiated and monitored. Evaluation of learning objectives includes both direct and indirect methods.

OUTCOME ANALYSIS OF POs & COs FOR BPO PROGRAM
(Academic Year- 2021- 2022)

- The Institute has clearly stated program outcomes (POs) and course outcomes (Cos) for BPO Program.
- The Faculty and students are made aware of the learning outcomes at beginning of academic year.
- Analysis of Program outcomes is achieved by formative & summative assessments
- Log books and departmental journals are maintained by the students.
- The students and teachers are provided with academic calendar wherein planning is done for the entire year.

The institute has a well – structured feedback mechanism system. Feedback is obtained from all stakeholders such as students, teachers, employers, parents, alumni and professionals regarding curricular aspects, teaching learning processes, infrastructure, etc. The feedback is analysed at departmental level. After analysis, corrective actions are initiated. Evaluation of learning objectives includes both direct and indirect methods. The Direct methods include tests, presentation, laboratory work, student projects, seminars, Problem-based –Learning, assignments, progress reports after every Internal Examination, Logbook for students, submission work, Participation in competitive exams, intercollegiate competitions, and others.

The indirect methods include feedback from students, faculty members, employer or alumni, Job placement rates, self –evaluations.

The institution has formulated course outcomes to make the students more competent with respect to all domains of learning (Cognitive domains). Accordingly, their learning assessment is conducted in form of formative and summative assessment.

Students' feedback helps to raise the standards of educational and overall other provision for students, and encourages students to provide the Institute with thoughtful and constructive feedback. Formal evaluations, together with informal comments and consultations, are used to make improvements to our program and other provisions, and to provide encouragement to staff where appropriate. Our learning from student feedback is directed at providing :

- (a) A safe, professional and friendly learning environment,
- (b) Quality teaching, assessment and management of learning,
- (c) Regular and reliable feedback on student progress and achievements;
- (d) Mechanisms for students to pursue grievances and learning related issues as require.
