Dr. Jaishree Gohadkar has successfully completed her two years post graduation w.e.f. 16.5.89 to 15.5.91 in Deptt. of Medicine, S.S. Medical College & G.M.H. Rewa. She has passed her M.D. (Medicine) in first attempt. During her stay in the hospital she showed keen interest in day to day hospital working.

Her stay in our department has been very beneficial for the patients. She has been involved in running speciality clinics viz. cardiology Clinic, Chest & T.B. Clinic, Diabetic Clinic, Hypertension Clinic, Neurology Clinic, and Geriatric Clinic.

She showed keen interest in the undergraduate teaching. Her interest in post graduate clinics was remarkable.

I wish her success in her life and I am sure she shall be an asset wherever she will work.

Dr. Jaishree Gohadkar has successfully completed her two years post graduation w.e.f. 16.5.89 to 15.5.91 in Deptt. of Medicine, S.S. Medical College & G.M.H. Rewa. She has passed her M.D. (Medicine) in first attempt. During her stay in the hospital she showed keen interest in day to day hospital working.

Her stay in our department has been very beneficial for the patients. She has been involved in running speciality clinics viz. cardiology Clinic, Chest & T.B. Clinic, Diabetic Clinic, Hypertension Clinic, Neurology Clinic, and Geriatric Clinic.

She showed keen interest in the undergraduate teaching. Her interest in post graduate clinics was remarkable.

I wish her success in her life and I am sure she shall be an asset wherever she will work.

**TO WHOM IT MAY CONCERN**

It gives me immense pleasure to write this testimonial for Dr. Patra Vikram Subhash who is known to me for the last 02 years since he joined this college as Postgraduate student.

He joined M.D.(Pediatrics) Course in the year June 2008 as resident in the Department of Pediatrics, J.N.Medical College, A.M.U. Aligarh and completed it June 2010. He passed M.D. (Pediatrics) examination in first attempt.

Certified that Dr. Patra Vikram Subhash had already passed DCH. Course, so his tenure of M.D. (Pediatrics 3 years course) has been completed in 2 years w.e.f. June 2008 to June 2010.

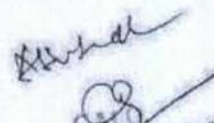

J.N.Medical College Hospital, A.M.U. Aligarh is a 1000-bedded teaching and referral hospital with well-developed specialties and super-specialties. During his tenure as Resident in Pediatrics for 2 years, he was posted in Pediatric outdoor, Pediatric ward, Neonatal Unit, Diarrhea Treatment and Training Unit (D.T.T.U.) and Intensive Care Unit (I.C.U.) by rotation. He was also on floor emergency duty twice per week. He has the experience of managing common Paediatrics problems in outdoors. During his posting in Paediatrics he used to manage the sick children presenting with diverse clinical manifestations. In D.T.T.U. he was managing cases presenting with acute gastro enteritis with various degree of dehydration. During his posting in neonatal section, he was trained in resuscitation of the newborn and care of normal newborns in the post-natal ward. He managed the sick newborns in the neonatal intensive care unit of the department. The consultants of the department constantly supervised him during his postings.

The Medical Council of India recognizes the M.D. Pediatrics Course in J.N.Medical College, Aligarh.

During his working in the department of Paediatrics, I have always found him a very sincere, hard working and reliable resident. His involvement and care of the patients is of high caliber. His behavior with the colleagues and attendants of patients was very good. He has sound grasp of the subject and is always keen to learn the new things. He was perfect physical and mental health.

To the best of my knowledge, he bears a good moral character and I wish him success in his future assignment.

TO WHOM IT MAY CONCERN

Dr. D.D. Taneja was appointed Resident Surgical Registrar on 4th May 1991 and worked till 4th February 1992.

Breach Candy has 170 beds. Dr. Taneja assisted the Consultants in the theatres in General Surgery and looked after the pre and post operative procedures of the patients, not only in the Surgical I.C.U. but also the general and free beds.

Dr. Taneja is hard working and conscientious and has demonstrated a sound knowledge of the principles of surgery. His character and conduct are good and he was regular in attendance.

I have no hesitation in recommending him for a suitable position commensurate with his qualifications.

It is a great pleasure to introduce and recommend Dr. Sonali N. Mhaske

Dr. Sonali N. Mhaske joined us at Bandra Bhabha Hospital from 1<sup>ST</sup> March till date as a registrar in the department of Ultrasound sonography following her postgraduation. I have been closely associated with her in the department of Ultrasound sonography. She has been performing Ultrasound scan with great skills and confidence. She has done good Number of abdomen, Obstetrics and gynaecology studies. During her tenure here, I have found her sincere and hardworking besides being dedicated and competent. She has academic interest. Her interaction with colleague and patients is very pleasant.

I would strongly recommend her for appointment at any suitable post.

I wish her All The Best in her career.

## **WORK EXPERIENCE**

**August 2000 - July 2003**

**Residency in cardiovascular and thoracic surgery at KEM Hospital, Mumbai.**

KEM Hospital, Mumbai is a premier teaching hospital of India and is a referral tertiary care centre doing about 1000 open heart cases per year besides performing about 200 closed cases. As a resident I was involved in the preoperative, intraoperative as well as postoperative care of the patient. We performed surgeries under supervision and were also involved in the training of nurses, perfusionists and physiotherapists.

I performed more than hundred open heart surgeries including 55 ASD closures, 40 mitral valve replacements, 15 aortic valve replacements and 5 double valve replacements. Besides, I performed 10 closed mitral commisurotomy, 5 PDA ligation, 5 aortobifemoral bypass and >20 interposition grafts for acute vascular injuries. I performed or assisted >100 embolectomies.

I assisted in CABG's both on as well as off pump, closure of VSD, correction of Tetralogy of Fallot, coarctation of aorta, bidirectional Glenn shunt, correction of TAPVC and Rastelli procedure.

I also assisted in surgery for aortic aneurysm and pulmonary thromboembolism.

In addition, I did a study on status of pulmonary artery pressure following closure of VSD in children less than 2 years of age. I presented a research paper on the same at the Chennai IACTS meet in 2002 and also presented my dissertation in Mumbai University for MCh in 2003.
