MGM/DCH/ IEC / 060 / 23

Date: - 17 / 4 / 2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary

MGM/DCH/ IEC / 062 / 23

Date: - 17/ 4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

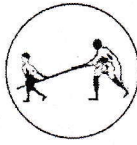

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary
IEC, MGMDCH

MGM/DCH/ IEC / 073 / 23

Date: - 17/ 4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary
IEC, MGMDCH

MGM/DCH/ IEC / 078 / 23

Date: - 17/4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary
IEC, MGMDCH

MGM/DCH/ IEC / 099 / 23

Date: - 17/ 4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary
IEC, MGMDCH

MGM/DCH/ IEC / 104 / 23

Date: 17 / 4 / 2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary
IEC, MGMDCH

MGM/DCH/ IEC / 120 / 23

Date: - 17/4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary

MGM/DCH/ IEC / 109 / 23

Date: - 17 / 4 / 2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary

MGM/DCH/ IEC / 114 / 23

Date: - 17 / 4 / 2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary

MGM/DCH/ IEC / 119 / 23

Date: - 17/4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary
IEC, MGMDCH

MGM/DCH/ IEC / 094 / 23

Date: - 17/ 4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary

MGM/DCH/ IEC / 083 / 23

Date: - 17/ 4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary

MGM/DCH/ IEC / 087 / 23

Date: - 17/4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary
IEC, MGMDCH

MGM/DCH/ IEC / 095 / 23

Date: - 17/4 /2023

Based on the discussion of the submitted documents for the scientific and ethical review, we approve the research protocol to be conducted and its presented form subject to the following conditions:

1. Applicable and mandatory regulatory permissions to be obtained prior to commencement of the study i.e. registration at clinical trial registry of India. (www.ctri.nic.in)
2. The investigators and other participants should be adequately trained on the protocol and its related procedures, the Good Clinical Practices (GCP) guidelines prior to commencing the study.
3. Participating subjects should be adequately enlightened about the protocol during informed consent process and under insurance coverage in an event of any trial related injury/accident.
4. Participating subjects should not be put to additional financial burden related to the study protocol.

The validity of this approval is for two years from date of approval. Within this period, the Institutional Ethics Committee expects to be periodically informed about the following:

- The progress of the study
 - Any Serious Adverse Event (SAE) occurring in the course of the study
 - Any significant changes in the protocol/patient information/ informed consent
 - Update on safety of the investigating product or procedure
 - To provide an abridge copy of the final report after completion of the study
5. It is mandatory for the investigators affiliated with other institutions to provide a letter of approval from the Ethics Committee of the respective institution.

Thanking you
Yours Sincerely,

Dr. Shilpa Patel
Member Secretary

Subject: Final list of IAEC approved topics of PhD & M.Sc Dissertation protocols batch 2022

Respected Madam,

This is in reference to the review of dissertation protocols of **PhD & M.Sc** Postgraduates of Batch 2022 by Institutional Animal Ethics Committee (IAEC). A Total of projects (16) were reviewed and approved (15) during the IAEC meeting held on 21/01/2023. **The final list of IAEC approved topics & IAEC approval letters of PhD & M.Sc dissertations are being enclosed.**

Kindly distribute the same among the students and requesting you to take their signatures on the sheet attached as annexure 1

This is for necessary information and records please

Thanking you

ANNEXURE -I

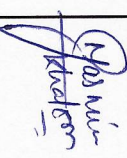

MGM Medical College and Hospital, Navi Mumbai

List of the Thesis Topics of PhD & M.Sc Program (Batch 2022)

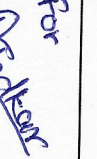

Approved by Institutional Animal Ethics Committee (IAEC)

Final List

Date :-06/3/2023

Sr. No.	Name of Candidate	Program (PhD & M.Sc)	Approved Thesis Topic	Guide	Approval IAEC No	Date of IAEC Meeting	Student sign
1	Mr. Shamshad Athar	Phd Medical Biotechnology	Cognitive assessment & phytopharmacognostic study of polyherbal formulation using zebrafish & in-silico tools	Guide: Dr. Mansee Thakur	2023/01/01	21/01/2023	
2	Ms. Bharti Subramanya Hegde	MSc Medical Biotechnology	Anxiolytic effect of Sarpagandha (<i>Rauwolfia serpentina</i>) on adult zebrafish	Guide: Dr. Himanshu Gupta	2023/01/02	21/01/2023	
3	Ms. Yasmin Khatoon	MSc Medical Biotechnology	Study of traditional Indian herb Shankhpushpi (<i>Evolvulus alsinoides</i>) and it's medicinal benefits for improving cognitive functioning in adult zebrafish	Guide: Dr. Himanshu Gupta	2023/01/03	21/01/2023	
4	Ms. Sonam Madhukar Mhavale	MSc Medical Biotechnology	Assessment of neuroprotective properties of Brahmi (<i>Bacopa monnieri</i> Linn.) in adult zebrafish	Guide: Dr. Himanshu Gupta	2023/01/04	21/01/2023	
5	Ms. Isha Shivaji Pawle	MSc Medical Biotechnology	In vivo assessment of neurocognitive effect of nootropic drug Jatamansi (<i>Nardostachys jatamansi</i>) on zebrafish	Guide: Dr. Himanshu Gupta	2023/01/05	21/01/2023	
6	Divya Dilip Bansode	MSc Medical Biotechnology	In vivo investigation of neuroprotective potential of Ashwagandha (<i>Withania somnifera</i>) in zebrafish	Guide: Dr. Himanshu Gupta	2023/01/06	21/01/2023	
7	Ms. Kamakshi Dryanendra Bansod	MSc Clinical Embryology	Effects of nano-curcumin on histopathological and ultra-structural changes of tobacco smoke exposure on adult wistar rat testis (chronic study)	Guide: Dr. Mini Mol	2023/01/07	21/01/2023	

Sr. No.	Name of Candidate	Program (PhD & M.Sc)	Approved Thesis Topic	Guide	Approval IAEC No	Date of IAEC Meeting	Student sign
8	Saif Ali Shaikh	MSc Clinical Embryology	Stress- Induced changes in ovarian hormones of female swiss albino mice	Guide: Dr. Mini Mol	2023/01/08	21/01/2023	
9	Belita Brenold Misquitta	MSc Clinical Embryology	Stress- induced morphological changes in ovarian histology in female wistar rats	Guide: Dr. Mini Mol	2023/01/09	21/01/2023	
10	Vedangi Vijay Dalvi	MSc Clinical Embryology	Effect of nanocurcumin on testicular hormones in adult male wistar rats on tobacco smoke exposure	Guide: Dr. Mini Mol	2023/01/10	21/01/2023	
11	Prathamesh Bhagwantsingh Bhagwat	MSc Clinical Embryology	Stress- induced changes in oxidative stress levels of female swiss albino mice	Guide: Dr. Mini Mol	2023/01/11	21/01/2023	
12	Darshana Vijay Todkar	MSc Clinical Embryology	Chronic exposure of Di (2-ethylhexyl) phthalate on fertility of zebrafish using histopathology	Guide: Dr. Mini Mol	2023/01/12	21/01/2023	
13	Shaikh Sobiya Mohammed Yaseen	MSc Clinical Embryology	Effect of nanocurcumin on testicular oxidative stress biomarker studies in adult male wistar rats on tobacco smoke exposure	Guide: Dr. Mini Mol	2023/01/13	21/01/2023	
14	Shrushti Kanani	MSc Clinical Embryology	Analyzing cell -free genomic DNA in spent culture media: Non-invasive insight about the blastocysts	Guide: Dr. Mini Mol	2023/01/14	21/01/2023	
15	Himali Jadeja	MSc Clinical Embryology	Additives in media for in-vitro embryo production: Effect on development and cryotolerance of blastocysts	Guide: Dr. Mini Mol	2023/01/15	21/01/2023	
16	Divyashree Diwakar Dhirde	MSc. Molecular Biology	Synthesis, characterization and remodelling of Silver Nanoparticles and its toxicity study on <i>Daphnia Sp.</i>	Guide: Dr. Raman P Yadav		21/01/2023

Subject: RHTC & UHTC rotation for B. Optometry Interns & M. Optometry students.

Respected Madam,

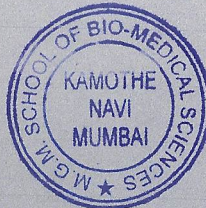

This is to acknowledge that we are starting the Optometry outreach service program under the guidance of Department of Community Medicine & Department of Ophthalmology. Both B. Optometry Interns & M. Optometry students will be allotted for this Optometry outreach service at Rural Healthcare Tertiary Center (RHTC) & Urban Healthcare Tertiary Center. Hereby submitting the rotation plan for the same.

Please find the enclosed copy:

- 1) RHTC rotation plan
- 2) UHTC rotation plan

Thanking You,

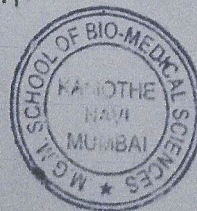

Rohit I Gupta

Subject: RHTC & UHTC rotation for B. Optometry Interns & M. Optometry students.

Respected Madam,

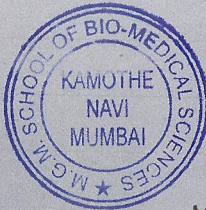

This is to acknowledge that we are starting the Optometry outreach service program under the guidance of Department of Community Medicine & Department of Ophthalmology. Both B. Optometry Interns & M. Optometry students will be allotted for this Optometry outreach service at Rural Healthcare Tertiary Center (RHTC) & Urban Healthcare Tertiary Center. Hereby submitting the rotation plan for the same.

Please find the enclosed copy:

- 1) RHTC rotation plan
- 2) UHTC rotation plan

Thanking You,

To,
Medical Director,
National Burns Center,
Airoli, Navi Mumbai

Date: 10.01.2023

Subject: Arrangement of Educational visit at National Burns Centre

(Through Proper Channel)

Dear Sir,

The School of Biomedical Sciences is conducting Masters in Hospital Administration (MHA) course affiliated to Mahatma Gandhi Mission Institute of Health Sciences. As a part the curriculum the students have to complete an educational visit to any external hospital

The MHA students are posted in different departments of MGM hospital, Kamothe and Belapur during their course period so they are accustomed to the working of the hospital.

As it is known that the National Burns Hospital promoted by the Indian Burns Research Society is a unique and pioneering project to tackle burns holistically. We would be interested to send our students for a visit to the National Burns Centre, so that they can learn about the different departments, functioning and management of your hospital.

There are total 14 students who will attend the hospital visit.

Kindly grant us permission for the educational visit. Please confirm the date and time suitable for you.

Please find enclosed the list of names of students

Thanks and Regards,

MGM SCHOOL OF BIOMEDICAL SCIENCES
