CIRCULAR

(MGM/01/A-89/2024/34 Date: 12.02.2024)

This is with reference to Academic Council meeting (AC-48/2023) held on 12.12.2023, wherein the following resolutions/discussions were passed/done, which were perused by Board of Management (BOM-77/2024 dt.17.01.2024) and approval granted for implementation:

Resolution No. 9.1 of Academic Council (AC-48/2023): Resolved to approve:

- i. Feedback analysis report from stakeholders [Annexure-71A].
- ii. Action taken report of Feedback [Annexure-71B].
- iii. Students Satisfaction Survey Result [Annexure-71C].

Registrar B. Goel
Registrar
MGM Institute of Health Sciences
(Deemed University u/s 3 of UGC Act, 1956)
Navi Mumbai- 410 209

ENCL: As above

To (For Compliance): With a request to disseminate the above resolutions to concerned Depts./stakeholders accordingly and further necessary action.

- **University IQAC Coordinator, MGMIHS**

You are further requested to send the compliance/action taken on above resolutions within 10 days of receipt of this letter to the undersigned. Since the compliance/action taken on all decisions & discussions held during AC/BOM meetings are perused by AC/BOM members, it is necessary to send the compliance/action taken to Registrar's Office within stipulated time frame.

Certain resolutions are dynamic in nature, hence you are requested to send the "Updated compliance /action taken report" specifying the reference (Resolution) as and when any update/action is being taken.

Anatomy

With feedback of 56 students in department of Anatomy

- 1) Relevance and depth of course is appreciated.
- 2) Time utilization for achieving curricular goals is satisfactory.
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students and involvement to be increased in feedback.
- 5) Relevance of imaging techniques and clinical correlation should be improvised.

Biochemistry

With feedback of 54 students in department of biochemistry.

- 1) Depth of course, conceptual development, manual skills, analytical abilities are appreciated.
- 2) Course coverage and applicability to real life situations is good.
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students and involvement to be increased in feedback.

Physiology

With feedback of 50 students in department of Physiology.

- 1) Depth of course relevance of textual reading material along with additional reference material in department library is appreciated.
- 2) Students feel there is need to improvise an applicability and relevance to real life situations. inclusion of case studies, application based details may be improvised
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of student and involvement to be increased in feedback

FMT

With feedback of 21 students in department of FMT.

- 1) Depth of course and content of coursed is appreciated
- 2) Need to improvise curriculum delivery system along with relevance to real life situation

MGM MEDICAL COLLEGE & HOSPITAL AURANGABAD

INTERNAL QUALITY ASSUARANCE CELL

- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students and involvement to be increased in feedback.

ENT

With feedback of 33 students in department of ENT.

- 1) Depth of knowledge, content, relevance, coverage of course is-very good to good-can be further improvised
- 2) Need of improvement in area of development of subject concepts and manual skills.
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students in feedback to be worked on.

Ophthalmology

With feedback of 30 students in department of Ophthalmology.

- 1) Depth of knowledge content relevance coverage of course is very good along with and additional resource material in department library.
- 2) Students feel there is room for improvement in manual skill, analytical abilities and conceptual development
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students in feedback to be worked on.

Community. Medicine

With feedback of 30 students in department of Community Medicine.

- 1) Students gave response between very good to good in depth of content, relevance to real life situation, clarity and relevance of textual material
- 2) Coverage of subject as per CBME needs to be improved along with attainment of competencies by all students as per CBME Curriculum

MGM MEDICAL COLLEGE & HOSPITAL AURANGABAD

INTERNAL QUALITY ASSUARANCE CELL

- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students in feedback to be worked on.

General Surgery

With feedback of 50 students in department of General Surgery.

- 1) Students appreciated the content of curriculum that is relevant to real life situation
- 2) In accordance above students learn manual as well as analytical skills.
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students and involvement to be increased in feedback.
- 5) Students feedback says coverage and depth of course need to be improvised.

Medicine

With feedback of 40 students in department of General Medicine.

- 1) Students feedback reflects positively in area of course content and acquiring manual, analytical skill.
- 2) Coverage of courses, additional reference material need certain improvement along with in clinical bed side set up.
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students and involvement to be increased in feedback.

Paediatrics

With feedback of 50 students in department of Paediatrics.

- 1) Students feedback reflected positively on course content. Relevance to real life situation manual and analytical skills along with clarity and relevance textual material.
- 2) Some improvement can be done in course coverage and may be by increasing day of clinical posting.

MGM MEDICAL COLLEGE & HOSPITAL AURANGABAD

INTERNAL QUALITY ASSUARANCE CELL

- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students and involvement to be increased in feedback.

Orthopedics

With feedback of 46 students in department of Orthopedics.

- 1) Students feedback reflect good to satisfactory course content and relevance textual material
- 2) There is room for improvisation in coverage of course along with CBME pattern.
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students and involvement to be increased in feedback.

OBGY

With feedback of 41 students in department of OBGY.

- 1) Students feedback reflects positively on relevance to real life situation.
- 2) Students are satisfied with course content and acquiring manual skills.
- 3) Students feel relevance of textual material can be made up to date. They need assistance in textual material for further reference: faculties can thrive for that.
- 4) Participation of students and involvement to be increased in feedback.
- 5) There is room for improvement in coverage of course may be achieved by implementation of CBME pattern.

MGM MEDICAL COLLEGE & HOSPITAL AURANGABAD

TEACHERS FEEDBACK ON CURRICULUM - ANALYSIS AY 2022-23

SUMMARY & SUGGESTIONS

We received 59 feedbacks on curriculum from faculty members of MGM MCHA.

1. Approximately 90% of staff who gave their feedback on curriculum think that syllabus is need based & suitable for respective courses and aims and objectives are well defined and well conveyed to teachers and students.
2. More than 85% of faculty feedback suggest that course content is followed reference materials and there are sufficient prescribed books available in the library to be accessed by faculty and students.
3. Faculty feel that the balance between theory and practical is to be maintained intricately so that syllabus will help to increase interest in given subject area along with broadening of perspectives and knowledge in the same.
4. Faculty feel assessment of students has room to improve in covering all units of syllabus along with sufficient time to practice hands on training for practical skills and its assessment.
5. 90% faculties feel they have freedom to choose newer techniques of teaching learning methods that is beneficial to students along with newer strategies and techniques to assess students knowledge.
6. >90% of faculty reflected that departmental environment is conducive for teaching and research.

FEEDBACK ALUMNI ANALYSIS

1. We received 149 responses in alumni feedback for the year 2022-23.
2. Alumni feedback reflect very good for admission process and ambience of college.
3. Alumni responded positively for overall teaching by faculty, infrastructure of college campus, laboratory facilities along with library facilities and project guidance.

Many alumni feel that library facilities, teaching by faculty along with project guidance has room for improvement, so that college can excellent in the academics.

4. Many students opined for separate canteen services for medical students and doctors available 24x7.
5. Students feel that existing hostel facilities and parking are ranging from good to very good still having scope for improvement.
6. Students feedback reflects very good to good for overall learning experience in college along with overall rating of college.

Student Feedback Analysis Report on Curriculum (2022- 2023)

In an attempt to understand students' perspective of the curriculum and to strengthen the quality of teaching-learning environment and curriculum, feedback was sought from students of MGM School of Physiotherapy for implementation. A structured questionnaire was forwarded via online link (Google form). Feedback was received from 352 students of BPT and MPT.

A summary of the feedback is presented below:

Name of Institute: MGM School of Physiotherapy, Navi Mumbai

Stakeholder: Students from Bachelors of Physiotherapy (BPT) and Masters of Physiotherapy (MPT) program

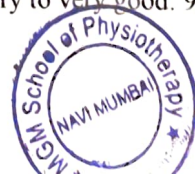

Number of stakeholders providing feedback: 352 students (326 BPT; 26 MPT)

Date of feedback: September 2022-April 2023

Objective: Feedback was sought from students of MGM School of Physiotherapy regarding the BPT and MPT Choice Based Credit System (CBCS) curriculum and examination system to strengthen the curriculum and examination system.

Summary of the feedback:

92.9% students reported that extent of coverage of course was satisfactory to very good. 93.7% of students reported depth of Course content was satisfactory to very good. Applicability /relevance of curriculum in real life situations were reported to be satisfactory to very good by 96.3% of students. 93.4% of students reported learning Values (in terms of Attitude, Ethics, broadening perspectives) was satisfactory to very good. 95.5% students reported learning Skills (in terms of Practical, Communication, Team work, Leadership, Research) was satisfactory to very good. 89.1% of students reported Adequacy of available practical facilities in terms of curriculum was satisfactory to very good. 96% students reported adequacy of available clinical facilities in terms of curriculum to be satisfactory to very good. 93.4% students reported relevance and adequacy of available Library books and resource material in terms of curriculum was satisfactory to very good. 94.8% of students rated University theory exam paper content with respect to curriculum coverage to be satisfactory to very good. 94.1% students reported University practical exam content and conduct with respect to curriculum coverage was satisfactory to very good. 96.1% students reported about content and conduct of various internal examinations to be satisfactory to very good. 92.9%

Students Suggestions:

Still have not received the journals

Internals conducted should be on time During regular colleges too it should be less time straining on both teachers as well as students adequate breaks and leaves should be given

some topics are not covered in depth and just covered superficially

Please cover the curriculum topics before exams and conduct lectures on time with new way of teaching to keep class more interested. Thankyou

Depth of course and real life application should be focused.

VISUALIZATION LEARNING

To try to complete syllabus a bit earlier so much time can be there for revision

If the core subjects could be taught with more depth and also if the curriculum could be completed a bit prior to the exams so that we could get enough time to sharpen and revise the concepts

More practical sessions are needed for eg-Dissection hall practice was lacking

Practicals should be revised from time and time and in depth to exam point of view

Exams and practical's are taken well and good but still need to improve in coverage of the curriculum rest is good and when it comes to Extracurricular activities fewer sports equipment's provided, lack of time to practice the particular sport need to focus on sports or extracurricular activities too since physical health is also as important as mental health.

More workshops in all subjects like the one conducted in MGM skills lab for ICU.

Completing syllabus is on time. No need to improve anything just keep some revision lecture of hard topics

Provide more practical session

MGM SCHOOL OF PHYSIOTHERAPY

Sector-I, Kamothe, Navi Mumbai – 410209

For internal practical exams it would be better to conduct it the way university does Eg:- 25 or 20 batch of students per subject for a week in rotation Flow of the examination goes smoothly and time taken is greatly reduced

Feedback sessions should be given immediately after the exam so that the students know their mistakes and are benefitted not to repeat them again

Preparatory leaves to be provided please

Student Feedback Analysis Report

Non-Academic on Campus and Hostel and Mess: (2022-2023)

In an attempt to strengthen the facilities provided on campus, hostel and mess, feedback from students of MGM School of Physiotherapy was sought. A structured questionnaire was forwarded via email. Feedback was received from 1 hostel-based student on hostel and mess and 362 students (336 BPT and 26 MPT students) on campus. A summary of the feedback is presented below:

Name of Institute: MGM School of Physiotherapy, Navi Mumbai

Stakeholder: Students from under graduate (BPT) and postgraduate (MPT) programs

Number of stakeholders providing feedback: 362 students (336 BPT and 26 MPT students) provided feedback on campus and 1 hostel-based student (BPT) provided feedback on hostel facilities.

Date of feedback: April 2023

Objective: Feedback was sought from students of MGM School of Physiotherapy regarding the infrastructure on campus

Summary of the feedback:

Campus: 48.9% students agreed that clean drinking water is available on campus. 32.3% students agreed that campus has adequate power supply. 67.9% students reported that campus has good security system. 51.6% students agreed that parking is available for students. 69.6% students agreed that campus is disabled friendly – lifts and ramps are placed where necessary. 18.2% students reported that toilets and washrooms are clean and properly maintained. 8.6% students agreed that sanitary napkin dispenser machines are available 56.1% students agreed that canteen is clean and well maintained. 64.9% students agreed that food available in canteen nutritious and hygienically presented. 59.9% students agreed that kitchen and cutlery of canteen is clean with maintained hygiene 56.7 % students agreed that classrooms are clean and properly maintained. 34.5% students agreed that separate common rooms for boys and girls are available. 39.8% students agreed that good response is available from reception / Help desk. 87.3% students agreed that campus is green and eco-friendly.

Hostel and Mess: (1 response) 100 % agreed that the hostel rooms are clean and well maintained, has good security system; Mess is clean and well maintained and Warden is approachable and helpful. 100 % disagreed that Clean drinking water is available; Hostel has adequate power supply; buildings is disabled friendly – lifts

Remarks for Campus feedback:

Clean washrooms and power supply

Help desk should actually provide help to students at whatever campus time they approach them

Reception doesn't answer all the time.

Need more clean toilets and working flush available

Parking facilities for students are must

Better and clean washrooms with water supply

Washroom is clean and water availability

Prices are too much at canteen

A general medical should be made available in the campus as there is shortage of basic medical things at the Hospital medical

Please work on toilet(water is not available) always

classrooms are not available most of the time and air conditioner is not provided.

Well maintenance of classroom and washrooms is necessary and need to be clean and hygienic.

Girls common room needed

Basic hygiene of washroom to be maintained Better ventilation facilities in college

A sitting place for everyone in college or in OPD for interns.

Installation of adequate power supply

Improving the quality of Fans.

Provide clean drinking water

By switching on the Ac and having proper supply of water in the washroom

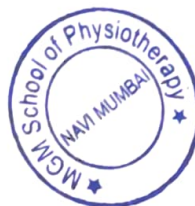

Cool water is needed in summer

Sanitary napkins vending machine in girls washroom

Remarks for Campus feedback:

Clean washrooms and power supply

Help desk should actually provide help to students at whatever campus time they approach them

Reception doesn't answer all the time.

Need more clean toilets and working flush available

Parking facilities for students are must

Better and clean washrooms with water supply

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

Washroom is clean and water availability

Prices are too much at canteen

A general medical should be made available in the campus as there is shortage of basic medical things at the Hospital medical

Please work on toilet(water is not available) always

classrooms are not available most of the time and air conditioner is not provided.

Well maintenance of classroom and washrooms is necessary and need to be clean and hygienic.

Girls common room needed

Basic hygiene of washroom to be maintained Better ventilation facilities in college

A sitting place for everyone in college or in OPD for interns.

Installation of adequate power supply

Improving the quality of Fans.

Provide clean drinking water

By switching on the Ac and having proper supply of water in the washroom

Cool water is needed in summer

Sanitary napkins vending machine in girls washroom

Remarks of Faculty:

There should be yearly increment and appraisal. The overall grade pay should increase for Physiotherapy Department faculty members.

Faculty appraisal is too poor, so it should be taken into consideration

Yearly appraisal in salary

Yearly increment should be given. There should be a difference in salary structure as per years of experience. Timely promotion should be provided to faculty members along with appraisal for dedicated work

Contractual positions have not been upgraded to pay-scale in spite of fulfilling all required criteria's mentioned by the authorities - Publications, presentations, copyrights and even PhD enrollment. Whereas appraisals are being taken every year. 4 appraisals done and yet nothing. No increment system is highly discouraging for the amount of output expected from Faculty members. There is huge discrepancy between the two Physiotherapy colleges on Navi Mumbai campus. There is absolutely no reward system for the work hours clocked in. It only discourages us further. Regards

Timely promotion should be done despite completing all the required criteria of years of work, publication and enrolling for PhD. Every year some percent mandatory increment should be there. Revision in pay scale is not done since lot of time. Despite working for extra hours no extra remuneration is provided and even leaves are less compared to other colleges. There is lot of discrepancy in pay scale and increment between MGM School of Physiotherapy and MGM college of Physiotherapy despite they have only 30 intake and sop having 100 intake and more working hours. Regards

Salary revision must be done at all level, Timely promotions must be done against vacant positions. Annual performance appraisals must be done annual to motivate employees

Salary to be revised, since 4 years contract is still not revised.

Sector-1, Kamothe, Navi Mumbai - 410209

Remarks of Alumni:

More new management techniques in different and rare pathophysiological condition of patients' needs to be included in training program.
Increase the number of non-academic staff for smooth management. Implement Out-Posting opportunities. Schedule Guest Lecturers/Workshops more often for valued inputs about the current trends in Physiotherapy.
More focus should be put on practicing the skills. The knowledge on anatomy and biomechanics should be put into practical efforts and students must be supervised as they practice manual skills until it becomes a subconscious task for them. Other than this I feel proud to be an Alumnus of this prestigious Institute.
Campus Jobs and wide scope of job opportunities counselling

Employer Feedback Report (2022-2023)

In an attempt to gain an insight into strengths and weakness of the curriculum and skills of students graduating from MGM School of Physiotherapy, Navi Mumbai, feedback was sought from employers recruiting students graduating from MGM School of Physiotherapy, Navi Mumbai.

1. Name of Institute: MGM School of Physiotherapy, Navi Mumbai

2. Stakeholder: Employer

3. Number of stakeholders providing feedback: Feedback was obtained from 01 employer with whom 1 of our undergraduate student is employed.

Objective: In order to gain an insight into strengths and weakness of the curriculum and skills of students graduating from MGM School of Physiotherapy, Navi Mumbai, feedback was sought from employers.

Summary of the feedback:

The employer reported that the knowledge base of student, practical hands on skills; communication skills readiness to learn and innovate; accountability; optimum use of organizational resources was very good. The employer reported that working as part of team; planning and organization skills; leadership quality; contribution to organizational goals; participation in research endeavors; maintenance of appropriate workplace relationships was good. Time management skills of the students' needs improvement.

Professional Feedback Report (2022-2023)

In an attempt to gain an insight into strengths and weakness of the curriculum and skills of students graduating from MGM School of Physiotherapy, Navi Mumbai, feedback was sought from professionals (undergraduate and post graduate teachers from various colleges, who served as external examiners during MGMIHS University Examination

Name of Institute: MGM School of Physiotherapy, Navi Mumbai

Stakeholder: Professionals

Number of stakeholders providing feedback: 22

Objective: Feedback was obtained from 22 professionals (undergraduate and post graduate teachers from various colleges, who served as external examiners during MGMIHS University Examination) to gain an insight into strengths and weakness of the curriculum and skills of students graduating from MGM School of Physiotherapy, Navi Mumbai.

Summary of the feedback:

All examiners reported that theory syllabus, practical syllabus, topic wise mark distribution, practical performance of students, logistic arrangement for examiners, internal assessment system, university examination- theory and practical paper pattern & CAP system was good to very good.

STUDENT'S FEEDBACK ON CURRICULUM ANALYSIS REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

The Undergraduate of II Sem BPT, III Sem BPT, VI Sem BPT, III Year BPT, IV Year BPT and postgraduate students of II Sem MPT & IV Sem MPT filled the Google based feedback forms on curriculum. They responded on total 10 questions regarding the extent of coverage of course, depth of course content, Learning values and skills, availability of Practical and clinical facilities, availability of study materials, University Theory and practical exam & Internal exams, Feedback system related to student's performance in exams and opinion about extra-curricular activities. After thorough analysis, Very good, Good & Satisfactory responses were obtained on all domains whereas Unsatisfactory responses were obtained in domains of extend of course coverage (6.7% - II Sem BPT), depth of course content (6.7% - VI Sem BPT), learning values (7.5% - II, III, VI Sem BPT), learning skills (11.2% - III, VI Sem BPT), applicability of syllabus in real life (6.6% - VI Sem BPT), adequacy of available practical facilities (19.4% II, III, VI Sem BPT), availability of clinical facilities (6.6% - II, VI Sem BPT), availability of relevant library books (10.7%), extra-curricular activities (12.3%), University Theory exam content (13.3% - II Sem BPT). These lacunas were discussed with Principal and suggestions given were:

1. Lecture sessions will be conducted for 45 mins to maintain Student's concentration as well as complete syllabus on time.
2. Saturdays will be dedicated for extracurricular activities like aerobics, yoga, trekking, creative skills (craft, drawing)
3. Efforts are taken to focus more practical based learning.

4. Arrangement of camps and student out postings for from V Sem BPT onwards for exposure in Community PT based subjects
5. PGs will be involved in teaching topics for BPT students in OPD & classrooms in subjects like Anatomy, Physiology, Biochemistry, IHMS -II.
6. Class incharges are instructed to monitor the everyday lecture schedule and attendance of the students and post it in Parents Whatsapp group.
7. Involvement of students in NSS activities.
8. Students will be involved in more research related activities, inter college competitions and physiotherapy conferences.
9. Regular updation to students about the approved revisions in CBCS Syllabus especially VI Sem BPT.
10. Academic schedule & tentative exam schedule will be provided at the beginning of academic year.
11. Student participation should be encouraged in Extracurricular and sports activities in the college as well as in Inter-college events.
12. Various Medical/ Physiotherapy Day events will be planned in correlation with the curriculum as well as Student participation will be encouraged so that students can find its applicability in real life situations.
13. Regular Practical OPD posting schedule have to be applied for I -IV SEM BPT CBCS students for certain hours in a week as per the hours mentioned in the curriculum for Basic skills in Patient care.

STUDENT FEEDBACK- FACULTY EVALUATION BY STUDENTS

ANALYSIS REPORT

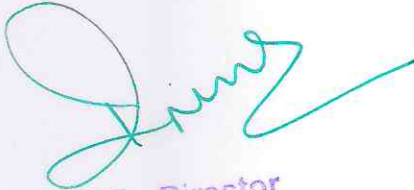

YEAR 2022-23 (Sept 2022 – March 2023)

A total of 50 Undergraduate (II Sem, III Sem, VI Sem, III Year & IV Year BPT) and Post-graduate (II & IV Sem MPT) subjects are been taught by approximately 60 teachers (20 teachers from Physiotherapy Department and rest from Medical department). Students have rated the faculty's performance based on the subjects taught by them. They were rated on questions related to knowledge base of teacher, preparation of teach session, communication skills, ability to answer students queries, accessibility to teacher in & out of classroom, ability to design quizzes/tests/assignment etc, fairness of teacher during assessment, etc. After thorough analysis, the maximum feedback response varied from Very good – Good (60-80%) on all the above domains for all teachers while few satisfactory to unsatisfactory responses (0-5%) were obtained on all domains for few teachers in subjects like Kinesiotherapy-II (ability to involve students in teaching session, ability to provide info about recent advances, preparation of teaching session, ability to simplify topics); Psychology & Psychiatry (Preparation of teaching session by teacher, Relevance of teaching content, ability to use different teaching methods, Involvement of Students in teaching sessions); Vestibular Rehabilitation (all domains)& Public health & Preventive PT (all domains).The above issues were reported and discussed with Principal and a staff meeting was held for the same. The following steps were taken:

1. Enhancement of knowledge with regards to Device innovation & IPR subject (V Sem BPT & III Sem MPT) through Institution Innovation Council activities for staff and students.
2. Tie up with IIRC & Photography dept of JNEC campus, Chh. Sambhajinagar for practical sessions of Device innovation & IPR and 2 -D motion capture subjects. (V Sem BPT).
3. Faculty development program about Professional etiquettes & Teaching will be conducted by Mrs. Dimple Bindra.
4. Compulsory usage of Student centric methods (SCM) by each staff for their staffs where each staff was allotted certain SCMs to be completed in the given time-frame.
5. Regular Feedback will be taken about the difficulties in the topics will be taken by the Class incharge & Mentors.
6. Compulsory attendance of Staffs for atleast one FDPs, CME & Conferences to bring advancement in knowledge.
7. CCAs will be conducted in difficult subjects in activity-based form for better understanding.
8. Participation of students in Physiotherapy camps for awareness on practical & clinical aspects of subjects related to Community physiotherapy in V Sem & VI Sem BPT.
9. Promotion of research and innovation skills in students through participation in various Inter- college competitions at institutional & national level.

STUDENT FEEDBACK –NON ACADEMIC ANALYSIS REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

A total of 110 students filled the Campus Feedback form. They responded on questions related to Clean drinking water, good security system, parking facility, clean & well maintained toilets & washrooms, sanitary napkin dispenser machine, clean & well maintained canteen & mess, clean classrooms, separate common rooms, green & ecofriendly campus. The analysis are as follows: Strongly agree to Neutral responses (65- 89%) were obtained on all domains whereas disagree responses were obtained Parking facility (13.9%), clean toilet & washrooms (14.7%), sanitary napkin dispenser availability (25.7%), Clean & well maintained classrooms (13.6%), separate common rooms for boys & girls (13.6%).

A total of 48 students filled the Hostel & Mess Feedback form. They responded on questions related to cleanliness & maintenance of Hostel rooms, clean drinking water availability, good hostel security, adequate power supply, disabled friendly building, clean toilet & washrooms, availability of sanitary napkin dispenser machines, clean & well-maintained mess. The feedback analyses are as follows: Strongly agree to neutral responses were obtained in all the domains whereas disagree to strongly disagree responses were majorly obtained in disabled friendly buildings (27.1% disagree, 18.8% strongly disagree), clean & well - maintained toilets & washrooms (12.5% disagree, 2.1% strongly disagree), availability of sanitary napkin dispenser machines (33.3% strongly disagree, 27.1% disagree). These issues were reported to Principal & the hostel incharges. There were a few suggestions from the students that are as follows:

1. Increase hostel timings to 9pm.
2. Allow food parcels from outside delivery services till 10pm.
3. Availability of sanitary napkin dispenser in hostel.

FACULTY FEEDBACK ANALYSIS REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

About 15 teachers have duly filled the Faculty feedback forms. They responded on questions like structure of curriculum, clearly defined objectives, Course content, Correlation of assessment with syllabus and teaching learning methods, Internal assessment, implementation of Newer strategies of teaching learning methods, regular feedback and suggestions taken for curricular designing etc. After thorough analysis, the maximum feedback response varied from Strongly agree – Neutral responses (50-92%) on all the above domains for all teachers while few negative responses were obtained on domains like Structure of curriculum is locally organized (6.7%), need based course content (6.7%), personal interest is considered for teaching portions (6.7%), allotment of work assignment (10% neutral), convenience of library timings (13.3%), etc. The above issues were reported and discussed with Principal and a staff meeting was held for the same. The following steps were taken:

1. Regular Feedback will be taken from the subject incharge & class coordinator regarding addition of new books, adequate number of books, latest edition books, subscription of new research journals and will be reported to the members of the Library committee.
2. Google sheets will be circulated to each staff to fill the required books and journals by the Library committee.
3. Training & Usage of Student centric methods by faculty for their lectures through FDPs.
4. Each staff will be allotted certain SCMs to be completed in the given time-frame.

5. Laboratory incharges are requested to update the equipment list every year and send requisition for any required modality / equipment.
6. Revisions in the syllabus are updated pertaining to the concerning class incharges.

PROFESSIONAL FEEDBACK REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

A total of 25 feedback forms have been filled by the external examiners for the BPT & MPT University exams conducted in the academic year Sept 2022-March 2023 in the print form. Their responses were based on a total of 5 questions related Curriculum design & development (Theory & practical); University Practical Exam pattern; Conduction of Examination (Student's performance; logistic arrangements for Examiner & students); Examination System (CAP, Theory paper & practical exam). The examiners reported maximum Good to Very Good responses (60-95%) on Curriculum design & Development, University Practical Exam Pattern, Conduction of Practical exam, Logistic arrangements for Examiners & students and Examination System. Few examiners reported Satisfactory (95-100%) responses on Student's overall performance in terms of theory exams & practical exams. Majority examiner gave positive response in terms of good handling of exam procedures by convenor and staff & timely completion of syllabus. The Examiner also gave few Suggestions like:

These points were discussed with Principal and the following decisions were carried out:

1. Staff has been asked to enroll into Swayyam app and other MOOC resources to update themselves continuously, attend conferences and workshops.
2. Students will be trained on how to give better performance in University theory & practical exams.

ALUMNI FEEDBACK REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

A total of 46 Alumni students filled the Alumni Feedback form. They responded on questions related to Academic feedback (Curriculum, teaching learning methods, guidance and cooperation from faculty, Soft skills); Non-academic feedback (Classrooms, Laboratories & equipments, Sports & cultural, library facilities, campus) and general feedback (Satisfaction from Institute, Proud as an Alumni and willingness to contribute to the Institute for its development). The feedback analyses are as follows: Very good to Satisfactory responses were obtained in all the domains whereas unsatisfactory responses were obtained in guidance and cooperation from faculty (4.3%), teaching-learning methods (12%), computer facilities (10.9%), library facilities (2.2%), hostel (6.5%). There were a few suggestions from the Alumni students which are as follows:

1. Conduct workshops on advanced therapeutic techniques.
2. Arrange more research workshops by best/known researchers.
3. Need for a research laboratory.
4. Conduct curricular & extra- curricular activities with proper year plan.

These suggestions were reported to Principal and the following steps were taken:

1. Regular alumni meets will be conducted.
2. Maintenance of alumni data by the Alumni organization and the committee members will interact and connect with them regularly.
3. Regular updation of workshops & alumni activities in Alumni group.

4. Contribution of Alumni students towards institution post completion of Internship through donation of books, student observership programs, service to college as clinical physiotherapists.

EMPLOYER FEEDBACK REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

A total of 6 employers have filled the Employer Feedback. Their employers reported on questions related to the Candidate's Clinical & theoretical knowledge, Team management and organizational skills, leadership qualities, upgradation of knowledge as well as their satisfaction on the employee. Very good to Good responses were obtained on all domains.

This was reported to Principal and the following decisions were taken:

1. Schedule of student postings in various rehabilitation centres (old age homes, special schools, SAI centre, PHCs) as well as field visits during Internships.
2. In future, Out postings are been introduced for MPT Students at renowned physiotherapy rehabilitation centres for clinical training like Nanavati Hospital, Mumbai etc.
3. Workshops will be conducted on regular basis to upgrade new knowledge and recent advances.
4. Promotion of research skills in students to enhance awareness of advanced physiotherapy skills.
5. Camps will be organized from V Sem BPT to promote awareness of community - based rehabilitation.

Student Feedback Analysis Report for the Academic Year Sep 22 to March 23

In order to support the overall development of the institution, it is standard at MGMSBS to ask students for feedback on a variety of topics, including academics, the curriculum, extracurricular activities, administration, infrastructure, and more. The multiple sources from which the academic year's feedback was gathered from September 22 to March 23 are:

- Academic (About the course & course teacher) during the semester/tern.
- Alumni feedback and
- Students satisfaction survey (conducted by university IQAC)

Important opinions, ideas, and remarks made by the students for improving the curriculum and syllabi as well as other administrative operations were gathered and compiled at the institution level and taken into consideration for future actions.

Feedback was collected in online mode through google forms.

- A) Curricular aspect
- B) Students feedback on the teaching faculty

A) Curricular aspect : The feedback included the below parameters used for evaluation. The feedback was exhaustive and students were asked to respond to variety of questions on the curricular aspect. Key questions of this feedback

1. Extent of coverage of course
2. Depth of Course content
3. Applicability /relevance of curriculum in real life situations
4. Learning Values (in terms of Attitude, Ethics, Broadening perspectives)
5. Learning Skills (in terms of Practical, Communication, Team work, Leadership, Research)
6. Adequacy of available practical facilities in terms of curriculum
7. Adequacy of available clinical facilities in terms of curriculum
8. Relevance and adequacy of available Library books and resource material in terms of curriculum
9. Rate your University theory exam paper content with respect to curriculum coverage?
10. Rate your University practical exam content and conduct with respect to curriculum coverage
11. Opinion about content and conduct of various internal examinations
12. Rate the feedback system related to your performance in internal examinations
13. Opinion on extracurricular activities

I - Curricular aspect

Feedback :

Over all around 143 students took part in the feedback to respond to various question related to the curriculum. On the curricular aspect it was noticed that, majority of student i.e. >50% of the students have responded "Good" on the academic front. Most of the students were satisfied with the course content and teaching method. Baring a few students most of the feedback received was positive. Some of the departments like MSc Clinical Nutrition students pointed out inadequate books in the library from their speciality. Some students suggested internship in external and also sister concerned hospitals. There was a demand for more faculty by the students. One of the student had requested for stipend to be paid to the UG internship students. One student had in particular complained about one nursing staff in the department.

As evident from the above charts most of the students had no complaints and were happy with the curricular aspects at the institute. Only for the extracurricular activities we saw that 15% students have reverted with unsatisfactory status.

B) Students feedback on the teaching faculty

A total of 104 students revert on the feedback relating to the teaching faculty.

An effort was made to access the student feedback on teachers teaching various courses. Students were asked to judge the teachers on about 19 questions. Various aspects were covered like:

1. Knowledge base of the teacher (as perceived by you)
2. Preparation of the teaching session by the teacher (as perceived by you)
3. Communication skills (Articulation and comprehensibility)
4. Relevance of content of teaching session
5. Ability to simplify and explain topics
6. Interest generated by the teacher in the topic of session
7. Rate the ability of the teacher to involve students in teaching session
8. Ability to conduct teaching session at ideal pace
9. Ability to use different teaching methods
10. Motivational ability of the teacher
11. Ability to provide broader perspective through course material
12. Ability to provide information about recent advances
13. Ability to integrate content with other courses
14. Ability to answer student's queries during and after session
15. Accessibility of the teacher in and out of the class for academic guidance
16. Ability to design quizzes/ tests / assignments etc to evaluate students understanding of the course
17. Fairness of the teacher during assessment (as perceived by you)
18. Ability of the teacher to provide Feedback about your assessment or performance
19. Overall rating

Below is the graphical representation of the responses received from the students

Analysis : It was noticed that, majority of students have responded that, the syllabus in creating interest in them. There is a scope for the teachers to create interest among the students about the syllabus, as around 18-20% students were only satisfied with the quality. It was noticed that, over 55% students have said that, the teacher's knowledge base and preparation to class was good. It was recommended to the teachers should continue in preparing to classes on regular basis. Most of the students have rated the teacher's presentation and communication skills as good. It was recommended that the teachers should continue improving effectiveness of presentation and communication skills in classes

There needs to be improvement in the interest generation by the teachers so as to improve the outcome of the topic.

Many students have appreciated the motivational ability of the teachers towards the students.

Feedback

80% respondents to this feedback were from UG student and majority of the students were satisfied with the quality of the teachers teaching them except for 3% students have felt dissatisfied. The students having problems were from programs (OTAT & MRIT) that did not have a dedicated coordinator to look after the student problems of teaching learning.

I had paid 5000 at the starting of the course vikas sir said we are going to get it back to our account but still it's been so many days we are in second semester we have not got the refund. To shorten the hospital posting timing or Relieve students from posting even when we don't have lectures so that we can utilise our time for studying. We must compulsorily have interaction between every corner of MGM, and to take it one step further we must be encouraged to draft a report of every activity we do (personal journal) and new

evaluation system based on our personal journal. Quote: Draw the scientists out of us by hook or by crook.

Please make available of Nutrition textbooks in our library

-
Better teaching

Teachers like roshan sir

Best sir ever no need to improvise because Sir teach very fearful and easy understandable ...my favorite sir ...no biased

Little more exposure to industries

Yess

I'm so proud to complete my M.Sc. dissertation and postgraduation from MGM institute

More practicals should be conducted

Most importantly, please increase the duration of university exam papers. 1 and a half hours are not adequate to write a great paper for most students. Also, please give relevant/specific notes if you want certain points in answers. Please make university papers more related to the topics that were taught in class. Thank you for your efforts.

...

Provide more books in library

No suggest

The opinion on exam conduction is that please conduct exams on time w equal intervals

no any

Investing in training and developing staff

-
NIL

No I'm satisfied with this

No suggestions.

Just increment on dept to the syllabus knowledge

All are very good

Very good

To improve our behaviour

Separate department of MPH required in SBS .

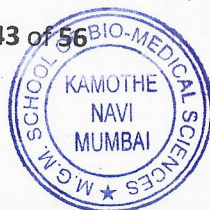

Every thing is good

Yes

It's better as it is going

All things are good 😊

Reduce the portion and precise knowledge

More practical exposure

Give us more practical exposure

Its good overall

Learning skills, improvement in resource material in library

Provide us more practical exposure

No improvement required

Most practical knowledge should be given to students.

By providing more & more valuable knowledge.

.

...

Overall teaching is good. No suggestions by my side.

Making learning in an easy way

Nil.

It's good

There should be more practical sessions inspite of theory

Environment in hospital should be improved, Toxic staff from hospital should be relegated
thankyou

Overall, the course is good.. Hence, no suggestions..

Good hard work

It's good no need improvements

Overall it's a good

Need more improvement in terms of teaching

Posted to students in other hospitals to professional areas how to works in our field

....

Trying to complete whole syllabus

Increase the number of activities

More lectures must be taken

Thankuu no comments

Teaching in ppt is good but sometime it's not good to just read ppt and teach we want some extra
knowledge

None

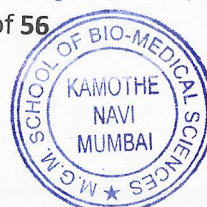

Being considerate about students , valuing students time and health

There should be counseling department

More practice needed in practical lab

More practical needed

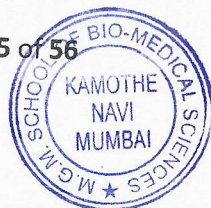

Curriculum should be covered

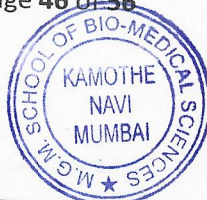

MGM SCHOOL OF BIOMEDICAL SCIENCES, NAVI MUMBAI
(A constituent unit of MGM INSTITUTE OF HEALTH SCIENCES)
(Deemed University u/s 3 of UGC Act 1956)
Grade "A++" Accredited by NAAC

Everything is good
Proper lectures should be taken.
It's better
More lectures should be done
Everythings were good but we need more facilities.
Increase in extra-curricular activities and also increase practical based studies.
It would be well appreciated if the third academic year and internship is completed by the promised time.
We need more practical exposure.
Give us more practical knowledge
May be trying some small small group activities so that every student is included in a particular study and making students prepare notes divided into groups so the work load is less on the single person
Making students understand better. Practical and theoretical should go hand in hand.
Conduct more practice theories
Need to increase the syllabus
Need to cover syllabus in time so students don't get difficulties in exam
Reduce posting time
Complete our course in time
Modification in syllabus
Content should be reduced for University exam

How will you rate the theory Syllabus?
15 responses

Any suggestions? – Specify

No

The syllabus is updated as per industry requirements

Nothing as of now

Nice arrangement...

NA

None

Please concentrate on clearing basic concepts of students....they don't even know basic anatomy

The kids need equal exposure to the practical as much as the theory. They need to be trained

hands on

Updation in syllabus can be considered

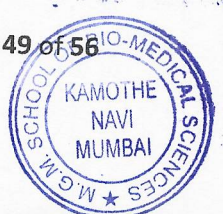

None

More hands on topics must in theory and reinforcement of basic laboratory medicine topics like

Biomed waste management, Universal precautions, preparation of patient etc

Need of more knowledgeable lectures for students.

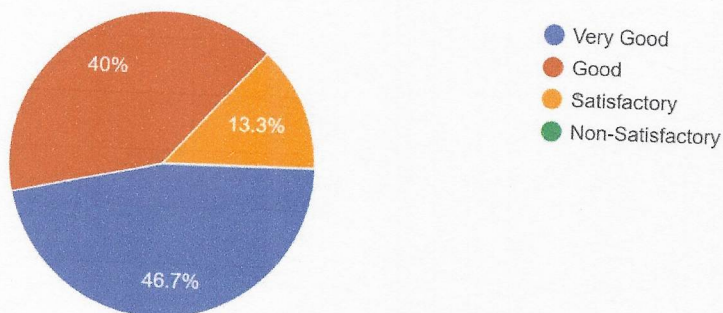

I have already given feedback form About exam paper MIt students can not write more descriptive
for 15 marks in spite paper pattern should be MCQ 2 marks 5 marks 10 marks

Faculty Feedback Analysis Report for the Academic Year Sep 22 to March 23

In order to support the overall development of the institution, the feedback gathered from 18 participants at MGM School of Biomedical Sciences provided valuable insights into various aspects of the institute, including academic, non-academic, infrastructure, and general feedback. This report aims to comprehensively analyze the responses and highlight key findings.

Feedback was collected in online mode through google forms.

Faculty Feedback analysis

Academic Feedback:

The academic feedback reflects a generally positive perception of the curriculum, teaching methods, and assessment practices. 88.9% of respondents either strongly agreed or agreed that the structure of the curriculum is logically organized. The majority (94.4% and 66.7%, respectively) agreed that objectives are clearly defined, and the course content is need-based. A significant portion (55.6%) strongly agreed that assessments are well correlated with the syllabus and teaching methods. 77.8% of respondents agreed that there is freedom to adopt newer strategies of teaching. Work assignment equality (61.1%), consideration of personal interest in teaching portions (55.6%), and regular feedback incorporation (61.1%) were positively acknowledged.

Non-Academic Feedback:

Library:

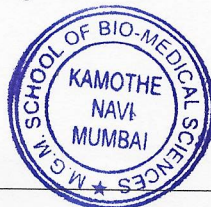

- Books Availability: 83.3% agreed (22.2% strongly) that relevant books are available.
- Latest Editions: 72.2% agreed (16.7% strongly) that latest editions are added regularly.
- Adequate Copies: A balance was noted with 33.3% disagreeing, suggesting room for improvement.

Infrastructure and Facilities:

- Physical Setup and Maintenance: The majority (61.1% and 50%, respectively) agreed on the conducive physical setup and satisfactory maintenance.
- Equipment and Computer Facilities: 66.7% and 61.1% agreed that equipment and computer facilities are sufficient.

Interpersonal Relationships:

- 77.8% strongly agreed that there is team spirit among staff.

MGM SCHOOL OF BIOMEDICAL SCIENCES, NAVI MUMBAI
(A constituent unit of MGM INSTITUTE OF HEALTH SCIENCES)
(Deemed University u/s 3 of UGC Act 1956)
Grade "A++" Accredited by NAAC

- Support System: 77.8% strongly agreed that there is a good support system.

Work Culture & Benefits:

- Opportunities for Growth: 72.2% agreed opportunities for professional growth are provided.
- Recognition and Feedback: 72.2% agreed that recognition for achievement and feedback on performance are provided.

Challenges and Suggestions:

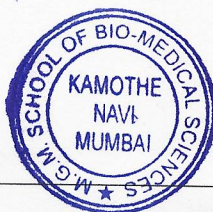

- Suggestions for Improvement: Various responses suggested improvements in infrastructure, additional editions in the library, and the need for more facilities to support the growing student population.

The feedback analysis indicates a generally positive sentiment towards the academic and non-academic aspects of MGM SBSNM. However, there are areas identified for potential enhancement, particularly in library resources and infrastructure development. Addressing these suggestions could contribute to the overall improvement and growth of the institute.

Alumni Feedback Analysis Report for the Academic Year 22-23

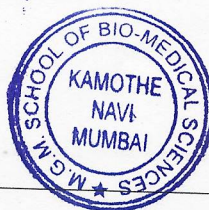

The MGM SBSNM Alumni Feedback Form for 2023 received responses from 93 alumni, providing valuable insights into their experiences and opinions regarding their alma mater. The respondents include a diverse group of alumni with various degrees and qualifications from different batches. The majority fall within the age range of 22 to 30 years. The alumni are associated with different institutions under the MGM umbrella, with the School of Biomedical Sciences in Navi Mumbai being the most represented.

Feedback was collected in online mode through google forms.

- A) Academic Feedback
- B) Non-Academic Feedback
- C) General Feedback

Key questions of this feedback were as follows-

1. Curriculum and Syllabus adequacy
2. Curriculum and Syllabus relevance for your future plans
3. Laboratory Hands on Skill development
4. Clinical Hands on Skill development
5. Guidance and cooperation from Faculty
6. Teaching – learning methods used by faculty
7. How did the institute help you to develop professional soft skills?
8. Infrastructure and facilities
9. Campus facilities (basic like water, washrooms)
10. Your experience of Mentorship program of institute
11. Rate your overall satisfaction with the Institute
12. Do you feel proud to be associated with your institute as Alumnus
13. Are you willing to contribute for the development of the institute
14. Suggestions about how to improve our Program for better outcomes

Academic Feedback:

The majority of alumni find the curriculum and syllabus very good or good, with 44.1% each. Alumni express satisfaction with both laboratory and clinical hands-on skill development, with 48.4% finding it satisfactory. The majority of alumni appreciate the guidance and cooperation received from faculty members, with 41.9% rating it as very good. Respondents generally view teaching-learning methods positively, with 44.1% indicating a good experience.

MGM SCHOOL OF BIOMEDICAL SCIENCES, NAVI MUMBAI
(A constituent unit of MGM INSTITUTE OF HEALTH SCIENCES)
(Deemed University u/s 3 of UGC Act 1956)
Grade "A++" Accredited by NAAC

Non-Academic Feedback:

Alumni opinions on infrastructure and facilities vary. Classrooms receive 43% good ratings, while laboratories and equipment get 45.2%. Computer facilities receive 39.8% good ratings. A significant majority of alumni express high satisfaction with the mentorship program, with 51.6% rating it as very good.

General Feedback:

The majority of alumni express overall satisfaction with the institute, with 50.5% rating it as good. A high percentage of alumni feel proud to be associated with their institute as an alumnus, with 95.7% responding positively. A notable portion of alumni is willing to contribute to the development of the institute, with 31.2% saying yes.

Suggestions for Improvement:

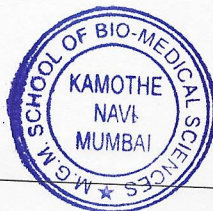

Alumni suggestions for improvement include enhancing practical exposure, increasing industry knowledge, improving classroom facilities, providing more theoretical knowledge, and offering better career guidance. Some alumni also suggest more cultural activities, better emotional support, and improvements in staff friendliness.

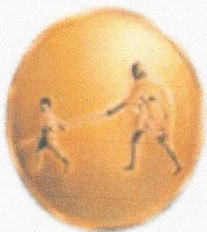

The feedback analysis reflects an overall positive sentiment among the alumni, with satisfaction in academic and non-academic aspects. While there are areas of improvement suggested, the institute's strengths in mentorship, overall satisfaction, and alumni pride are noteworthy. The feedback received serves as valuable input for continuous enhancement and development of the institute.

Employer Feedback Analysis Report for the Academic Year 22-23

In the MGM School of Biomedical Sciences Employer Feedback 2023, insights from 18 employers shed light on their experiences with candidates. Employers, ranging from Lilac Insights to healthcare institutions like B&J Hospital and Tata Memorial Hospital, participated in the feedback, contributing to a diverse representation. The employers, spanning an age range of 22 to 60 years, showcased a predominant presence of individuals aged 22 to 29 years (55.6%). The gender distribution revealed a majority of female employers (72.2%). Diverse designations, from Cathlab technicians to Sales Managers, reflected the varied professional backgrounds of those providing feedback.

The feedback covered various categories, including knowledge base, practical hands-on skills, communication skills, teamwork, planning and organizing skills, readiness to learn, accountability, leadership quality, and contributions to organizational goals.

Feedback analysis

We received a positive feedback such as strong communication skills (50%), effective teamwork (61.1%), and notable contributions to organizational goals (50%). The majority of employers expressed a high level of overall satisfaction, with 55.6% rating the candidates' overall competency as "very good" and 44.4% as "good." Areas for improvement, as suggested by the employers, included better exposure to practical knowledge (11.1%) and increased emphasis on lectures and practical sessions (38.9%). Some employers indicated that the program was already excellent with no need for improvement.

STUDENT FEEDBACK –NON ACADEMIC ANALYSIS REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

A total of 227 students filled the Campus Feedback form. They responded on questions related to Clean drinking water, good security system, parking facility, clean & well maintained toilets & washrooms, sanitary napkin dispenser machine, clean & well maintained canteen & mess, clean classrooms, separate common rooms, green & eco-friendly campus. The analysis are as follows: Strongly agree to Neutral responses (65- 89%) were obtained on all domains whereas disagree responses were obtained Parking facility (24.7%), clean toilet & washrooms (6.6%), sanitary napkin dispenser availability(39.2%), Clean & well maintained classrooms (10.6%), separate common rooms for boys & girls(31.3%).

A total of 98 students filled the Hostel& Mess Feedback form. They responded on questions related to cleanliness & maintenance of Hostel rooms, clean drinking water availability, good hostel security, adequate power supply, disabled friendly building, clean toilet & washrooms, availability of sanitary napkin dispenser machines, clean & well-maintained mess. The feedback analyses are as follows: Strongly agree to neutral responses were obtained in all the domains whereas disagree to strongly disagree responses were majorly obtained in disabled friendly buildings (11.2%disagree, 10.2% strongly disagree), clean & well - maintained toilets & washrooms (11.2% disagree, 6.1 % strongly disagree), availability of sanitary napkin dispenser machines (21.4% strongly disagree, 18.4% disagree). These issues were reported to Principal & the in-charges. There were a few suggestions from the students that are as follows:

1. Increase hostel timings to 9pm.
2. Allow food parcels from outside delivery services till 10pm.
3. Availability of sanitary napkin dispenser in hostel.

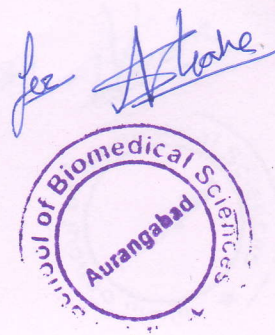

FACULTY FEEDBACK ANALYSIS REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

About 5 teachers have duly filled the Faculty feedback forms. They responded on questions like structure of curriculum, clearly defined objectives, Course content, Correlation of assessment with syllabus and teaching learning methods, Internal assessment, implementation of Newer strategies of teaching learning methods, regular feedback and suggestions taken for curricular designing etc. After thorough analysis, the maximum feedback response varied from Strongly agree – Neutral responses (50-92%) on all the above domains for all teachers while few negative responses were obtained on domains like Structure of curriculum is locally organized (20% neutral), need based course content (40% neutral), personal interest is considered for teaching portions (40%), allotment of work assignment (40%), convenience of library timings (20% Neutral), etc. The above issues were reported and discussed with Principal and a staff meeting was held for the same. The following steps were taken:

1. Regular Feedback will be taken from the subject in-charge & class coordinator regarding addition of new books, adequate number of books, latest edition books, subscription of new research journals and will be reported to the members of the Library committee.
2. Google sheets will be circulated to each staff to fill the required books and journals by the Library committee.
3. Training & Usage of Student centric methods by faculty for their lectures through FDPs.
4. Each staff will be allotted certain SCMs to be completed in the given time-frame.
5. Laboratory in-charges are requested to update the equipment list every year and send requisition for any required modality / equipment.
6. Revisions in the syllabus are updated pertaining to the concerning class in-charges.

STUDENT'S FEEDBACK ON CURRICULUM ANALYSIS REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

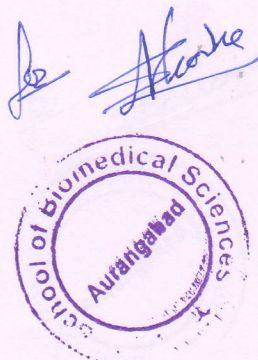

The Undergraduate of II Sem AHS, III Sem AHS, VI Sem AHS, III Year AHS, IV Year AHS and postgraduate students of II Sem AHS & IV Sem AHS filled the Google based feedback forms on curriculum. They responded on total 10 questions regarding the extent of coverage of course, depth of course content, Learning values and skills, availability of Practical and clinical facilities, availability of study materials, University Theory and practical exam & Internal exams, Feedback system related to student's performance in exams and opinion about extra-curricular activities. After thorough analysis, Very good, Good & Satisfactory responses were obtained on all domains whereas Unsatisfactory responses were obtained in domains of extend of course coverage (8.1% - II Sem AHS), depth of course content (6% - VI Sem AHS), learning values (5.4% - II, III, VI Sem AHS), learning skills (10.1% - III, VI Sem AHS), applicability of syllabus in real life (8.7% - VI Sem AHS), adequacy of available practical facilities (12.8% II, III, VI Sem AHS), availability of clinical facilities (10.1% - II, VI Sem AHS), availability of relevant library books (10.7%), extra-curricular activities (12.1%), University Theory exam content (6.7% - II Sem AHS). These lacunas were discussed with Principal and suggestions given were:

1. Lecture sessions will be conducted for 45 min to maintain Student's concentration as well as complete syllabus on time.
2. Saturdays will be dedicated for extracurricular activities like aerobics, yoga, trekking, creative skills (craft, drawing)
3. Efforts are taken to focus on more practical based learning.
4. Arrangement of camps and student out postings for from V Sem AHS onwards for exposure in Community based subjects
5. PGs will be involved in teaching topics for AHS students in OPD & classrooms in subjects like Anatomy, Physiology, Biochemistry, Microbiology, Pathology.

Tel.: 0240-6482000(Ext: 2938)Email-mgmsbsa@mgmmcha.org
Website: www.mgmsbsa.or

6. Class in-charges are instructed to monitor the everyday lecture schedule and attendance of the students and post it in Parents what's app group.
7. Involvement of students in NSS activities.
8. Students will be involved in more research related activities, inter college competitions and physiotherapy conferences.
9. Regular updating to students about the approved revisions in CBCS Syllabus especially VI Sem AHS.
10. Academic schedule & tentative exam schedule will be provided at the beginning of academic year.
11. Student participation should be encouraged in Extracurricular and sports activities in the college as well as in Inter-college events.
12. Various Medical events will be planned in correlation with the curriculum as well as Student participation will be encouraged so that students can find its applicability in real life situations.
13. Regular Practical OPD posting schedule have to be applied for I -IV SEM AHS CBCS students for certain hours in a week as per the hours mentioned in the curriculum for Basic skills in Patient care.

ALUMNI FEEDBACK REPORT

YEAR 2022-23 (Sept 2022 – March 2023)

A total of 7 Alumni students filled the Alumni Feedback form. They responded on questions related to Academic feedback (Curriculum, teaching learning methods, guidance and cooperation from faculty, Soft skills); Non-academic feedback (Classrooms, Laboratories & equipments, Sports & cultural, library facilities, campus) and general feedback (Satisfaction from Institute, Proud as an Alumni and willingness to contribute to the Institute for its development). The feedback analyses are as follows: Very good to Satisfactory responses were obtained in all the domains whereas unsatisfactory responses were obtained in guidance and cooperation from faculty (0%), teaching-learning methods (14.3%), computer facilities (28.6%), library facilities (14.3%), hostel (0%). There were a few suggestions from the Alumni students which are as follows:

1. Conduct workshops on advanced therapeutic techniques.
2. Arrange more research workshops by best/known researchers.
3. Need for a research laboratory.
4. Conduct curricular & extra- curricular activities with proper year plan.

These suggestions were reported to Principal and the following steps were taken:

1. Regular alumni meets will be conducted.
2. Maintenance of alumni data by the Alumni organization and the committee members will interact and connect with them regularly.
3. Regular updating of workshops & alumni activities in Alumni group.
4. Contribution of Alumni students towards institution post completion of Internship through donation of books, student observership programs, service to college as technologist in various departments.

ACADEMIC YEAR 2022-2023

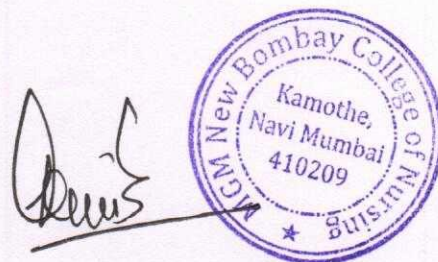

FEEDBACK ANALYSIS REPORT

FACULTY FEEDBACK

- Structure of curriculum is logically arranged
- Internal assessment is well structured
- Freedom to adopt newer teaching strategies are provided
- Regular feed back and suggestions are taken for curricular changes
- Library facilities are adequate
- Initiation of Performance based increment is appreciated
- Need to assign work equally
- Appointment of more teaching faculty is suggested.

STUDENT'S FEEDBACK ACADEMIC 1- CURRICULUM

- Applicability and relevance of curriculum in real life situations
- Adequate clinical facilities are available
- Curriculum aids in enhancing various skills like team work, leadership and research
- Bedside redemonstration is required
- Need to have more student teacher interaction
