2. Show separate column of change in marks and change in status in grievance redressal.

Item 3: Presentation of IVS (Internal Vigilance Squad) report

Resolution 3: It is resolved to approve and accept IVS squad reports submitted by Navi Mumbai & Aurangabad campus was placed for the Board of Examination members.

Pro-Vice Chancellor suggested to upgrade all jammers 4G to 5G at both campuses.

Item 4: To keep additional days for theory paper online evaluation during practical examination for MD and MS programme

Discussion: It is observed that examiners do not get adequate time for correction of theory paper on the day of practical examinations. Hence it is proposed to have additional one day prior to the day of practical examination for CAP.

Resolution 4: It is resolved to assign additional day for CAP for all the examiners and conduct onscreen evaluation of theory paper by same set of examiners (Internal + External) prior to commencement of practical examination. The theory papers from Navi Mumbai and Aurangabad will be scanned together and will be assigned randomly to Internal and External examiners for assessment.

Item 5: Proposing revision of remuneration for examiners as per MUHS only Medical programmes

Discussion: MUHS has revised the remuneration for admissible manpower from 25th April 2023. As per resolution of BOM 38 dated 28-11-2014, MGMIHS accept and implement the rates of admissible manpower whenever MUHS revises after talking approval through BOM.

Resolution 5: It is unanimously resolved to accept and implement revised rates of remuneration as per MUHS notification date: 25.04.2023 as per BOM 38 resolution dated 28-11-2014. Considering the additional economic burden, hike in examination fees of all the programmes is essential [**Annexure-67**].

Item 6: Proposal for examination fees for PhD thesis Defense

Discussion: For PhD Thesis defense MGMIHS invites two referees (One within state and another from outside state). The traveling and dearness allowance along with remuneration amounts to approximately 25000 to 30000 per candidate. Presently there is no fees charged to candidate for submitting thesis for evaluation.

Resolution 6: It is resolved to introduce PhD thesis defense fees of Rs.25000/- per student from Academic Year 2023-2024.

Item 7: Proposing revision of examination fees for MBBS, MD/MS & DM/MCh programme & other University fees.

With reference to Item no 5 and its resolution, the economic burden is expected to rise by 40 to 45% hence it was proposed to hike the examination fees for Medical programmes

Resolution 7: It is resolved to take decision of revision of examination fees for all programmes only after review of student wise exam expenditure of all programme. This item will be taken in forthcoming Board of Examinations and MOM of the same will be referred to Board of Management.

Item 8: Proposal for applying late fees for examinations

It is observed that invariably examination process timeline (session Calendar filling examination form, payment of examination fees) is not followed by students. Exam section receives multiple request beyond the defined time line, Due to which examination related activities like generation admit cards, barcodes, printing of question papers, are delayed. So, in order to bring discipline, it is proposed to introduce late fees for examination form filling and payment of Examination fees beyond the notified date in the session calendar.

Resolution 8: It is resolved to introduce late fees for all discipline in examination session calendar which is notified by examination section [Annexure-68].
