Respected Sir,

As desired by the MGMIHS, I am submitting the project entitled **'Cardio-metabolic effects and underlying mechanisms of Dipeptidyl Peptidase 4 (DPP-IV) Inhibitor in Diabetics with Metabolic Syndrome'.**

The project has two arms: a clinical and an experimental part. The total cost of the project is 9.35 lakhs. The break of the budget is submitted along with the project. **It is requested that the seed money (1.25 lakhs) for conducting the experimental part of the study may kindly be sanctioned** by MGMIHS as has been agreed to in the meeting dated 14.6.13.

Subsequently, for the budget of the remaining part (clinical part) of the study, the project will be submitted to a government funding agency after the pilot study is over.

Thanking you

Kind regards

Transmission Electron Microscope

External Users(Other than IIT Bombay):

1. To avail the TEM Facility at SAIF, Registration is absolutely essential.
2. For Registration, users can send the requisiton letter from Head/Guide on the Organisation/ Department letterhead with advance payment in the form of demand draft.The Demand Draft should be in favour of " The Registrar, IIT Bombay".
3. Maximum Eight(8) samples can be registered.
4. Appointments will be given as per queue and user will be informed by email(approx. one week prior).
5. Samples other than powder form should be prepared at userend.
6. The Sample can be mounted on carbon/formvar coated Copper grid or can be made of "sc type with a thinned (electron transparency) central area of size 3mm. Users are encouraged to be present at the time of analysis by taking prior appointment or they can send samples along with the details as mentioned. (appropriate solvent for particle dispersion for samples in powder form, size, magnification, type of analysis, literature/typical micrograph etc.)

CHARGES :

Transmission Electron Microscope (TEM)

Samplewise format, Charges includes Grid and Service Tax:

Industry :	Rs 5786/- per sample (Max. 1/2 Hour)
R&D :	Rs 2697 /- per sample (Max. 1/2 Hour)
University/ Colleges :	Rs 1236/- per sample (Max. 1/2 Hour)

Additional Rs 100/- towards postal charge if results are to be posted.

The Demand Draft should be in favour of "The Registrar, IIT Bombay"

Subject: - Reimbursement of publication fee for manuscript in Journals

Respected Madam,

I, Rajesh Kumar Suman, a student of M.Sc. Medical Pharmacology have published the following two papers in two separate indexed journals from my dissertation work

1. Assessments of Variations seen in intraocular pressure and its cost effectiveness of drug used among patients diagnosed as Primary open angle glaucoma at tertiary care hospital published in Indian journal of applied research in June 2013. (Annexure 1)

2. Drug Utilization studies in Glaucoma patients at MGM medical College and Hospital has been accepted for publication International journal of Scientific Research for July 2013. (Annexure 2)

The total publication cost for both the articles is (Rs 2000/- + Rs 3000/- = Rs 5000/-). The reprint of both the papers and cost incurred for publication in both the journals are being enclosed.

It is requested that the cost of publication of both the articles (Rs 5000/-) may kindly be reimbursed.

Greetings!

Congratulations, your paper has been accepted for publication to **INDIAN JOURNAL OF APPLIED RESEARCH** for **1st June, 2013 issue**. (if it reaches to us on or before **25th May**).

Further, we opined that your paper is of utmost standard and will provide value addition to our readers.

May I request you to send us the below mentioned documents on priority basis:

1) Print Copy of the Paper

2)Word file of the Paper in CD (**the first page of your paper should carry your contact details & contact number, Subject Area**)

3)Copyright Agreement Form duly sign by any ONE author (please find the copy in the attachment)

4) Helping amount towards Publication Fees in Demand Draft (**Rs. 2000/-** publication cost as all the three authors are entitle to receive a **Copy(s) of the journal &Certificate(s) of Publication**) in favour of **INDIAN JOURNAL OF APPLIED RESEARCH**, payable at Ahmedabad.

Thanks & regards,

Subject –Regarding partial funding for PhD Microbiology research work.

Respected Sir,

We had submitted request letter for partial funding of PhD Microbiology research work. The letter was kindly forwarded by you to Honourable Dr. Kadam sir.

We wish to inform you that 4 PhD students had submitted their research projects to ICMR , however only 1 concept has been accepted. Other projects on important topics like malaria, tuberculosis , mycoplasma were not accepted. **They have not given any reasons nor any suggestions - they wrote just 2 words – not accepted.**

Our students cannot wait for funding from ICMR or DST,DBT. They have already purchased most of material. Two critical items are required as follows
a) ATCC strains of Mycoplasma costing Rs. 50,000/-
b) ELISA test kit for micro RNA- costing Rs. 40,000/-

We request Honourable Dr. Kadam sir to sanction Rs: 30,000/-each to these 2 projects. We shall pay the remaining amount.

Thanking you,

Yours sincerely.

Subject – Regarding Purchase of ATCC Mycoplasma pneumonie strain .

Respected Sir,

Ms. Minakshi Bhattacharjee , PhD student in Medical Microbiology is setting up PCR based diagnostic tests for Mycoplasma pneumonie infections which constitutes about 20% infections in patients on ventilator and the condition is not diagnosed as the tests are not available.

Dr. Kadam sir, Hon Vice Chancellor , has sanctioned Rs. 30,000/- for this project.

The cost of the ATCC strain is Rs. 58,307/- (quotation enclosed)

We are ready to pay Rs. 28,307/- to complete the costing.

We have already informed the supplier to deliver the material.

We request you to kindly instruct the University accounts deptt to keep the payment of Rs. 30,000/- ready in favour of Ablychem Laboratories (p) Ltd. We are also submitting our contribution of Rs. 28,307/- . The company needs 100% advance payment as the material is imported from USA.

Kindly do the needful at earliest.

Thanking you,

Yours sincerely.

REF. DZPALZ

Through the Pro-VC (Research)

Sub: Waiver of routine laboratory investigations of PhD research work

Respected Sir,

Certain Investigations such as lipid profile, CPK-MB, Troponin, Creatinine, SGPT, serum Insulin, hs-CRP, HbA_{1c} and C peptide, which are routinely being carried out in the clinical laboratory , Kamothe are required for research work concerning two PhD students registered under my guidance. It is requested that the cost of investigations may kindly be waived off in academic and research interest.

'A'

Thanking you

Yours sincerely

(Dr Ipseeta Ray)

Pro-VC/Sir

Forwarded for favour of 'A' marked above & strongly recommended

Subject: Permission for outsourcing of nanoparticle samples

Respected Sir,

This is with reference to our discussion regarding the characterization of nanoparticle samples at Sinhgad Institute, Pune. I need to do the analysis of our generated silver nanoparticles by Zeta potential and DLS.

Number of samples: Zeta potential – 2 and DLS- 2

Cost per sample:

Zeta potential – Rs. 500/- per sample

DLS - Rs. 300/- per sample

Total approximateiy cost: Rs. 1600/-

Payment: By Cash

Subject Re: Characterization of nanoparticles

From arun kashid

To nilesh.paul@mgmmumbai.ac.in

Date Fri,27 Jun 2014 04:37:52

Hello Nilesh,

We have facility of 1) Zeta potential (Rs. 500/- per sample) and

2) Proton cross co relation spectroscopy (Rs. 300/- per sample) of liquid sample only.

If you want to do analysis you can send ur sample.

On Thu, Jun 26, 2014 at 12:43 PM, <nilesh.paul@mgmmumbai.ac.in> wrote:

Hello sir,

As I already discussed with you regarding characterization of nanoparticle sample.
Characterization with:
1. AFM- Atomic Force Microscopy
2. DLS
3. Zeta potential
4. XRD

Kindly send me the charges and other details for the same.

Regards,
Nilesh Paul

Dear Sir,

We have review your research project entitle **"Phenotypic Detection of Biofilms in Candida Species Isolated from Various Clinical Samples."** at MGM Medical College and Hospital,Navi Mumbai in the year 2014. Considering the importance of the objectives, Committee has recommended & sanctioned subsidies investigations for the mentioned research topic costing of investigations Rs. 7,200/-

After processing of the sample you have to present the result-progress of the study before scientific committee.

With Regards,

Dean.

Subject: Grant for funding of research project entitled "Study of Adiponectin levels in diabetics with normal BMI and in obese diabetics"

Respected Sir,

I am Dr. Vinita Singh, third year resident of M.D. Biochemistry. My research topic is "**Study of Adiponectin levels in diabetics with normal BMI and in obese diabetics**" under the guidance of **Dr. Z.G.Badade** .The study has been approved by the Ethics Review committee of MGM Medical College, Navi Mumbai .

Adiponectin is an adipokine that is specifically and abundantly expressed in adipose tissue and it directly sensitises body to insulin. Hypoadiponectinemia, caused by interactions of genetic factors such as SNPs in the Adiponectin gene and enviormental factors causing obesity, appears to play an important role in insulin resistance, Type IIdiabetes and the metabolic syndrome, which are linked to obesity. The Adiponectin receptors, AdipoR1 and AdipoR2, are present on the liver and muscle cells respectively regulating glucose uptake and beta-oxidation of fatty acids. It has a major role in energy metabolism of the body.

My purpose is to strengthen the co-relation between Obesity and Adiponectin as well as Diabetes and Adiponectin or both. Adiponectin is found to be down regulated in obesity which is the main cause of growing epidemic of Type II Diabetes Mellitus. Based on the results, therapeutic

Dr. Rajesh B. Goel

Navi Mumbai- 410 209

Registrar, MGM IHS may please transfer Rs. 25000/- by cheque favour "M-GM Medical College, Navi Mumbai, Research Society"

use of Adiponectin can be studied. Adiponectin or its analogues can be developed to be used in prevention or treatment of obesity or diabetes. The study would compromise of 4 groups with 40 subjects in each, subjects with normal BMI, subjects with BMI >30, diabetics with normal BMI, diabetics with BMI >30 . The total will be 160. The parameters I will be studying in each group would be Blood Sugar F and PP, Lipid profile, HbA1c, waist hip-ratio, BMI and Serum Adiponectin levels by ELISA method.

As there is wide medical application of Adiponectin, I have applied to ICMR (For financial assistance to MD/MS/DM/MCH Thesis). The response from the authority is still awaited, hence I request you to kindly provide funding for above said research project so that I can begin with the study.

Required Budget for the research project:

Investigations	Cost (for 120 samples)
Adinopectin	40,000/-
Plasma Glucose F/PP	9,600/-
Lipid profile	38,400/-
HbA_1C	32,400/-
Total	1,20,400/-

VC has approved Rs 25000/-, rest is be generated by the Research Guide.

Thanking You,

Yours Sincerely,

Dr. Vinita Singh

3. PARTICULARS OF RESEARCH (Submit ten (12) copies of the proposals)

Title of MD/MS/DM/MCH thesis

Study of Adiponectin Levels in Normal BMI Diabetics and Obese Diabetics

Specialty covered by the Research work :

Non-communicable diseases

Provide category: 1. Communicable, 2. Non-communicable disease 3. Basic Medical Sciences 4. Reproductive Health 5. Nutrition 6. Others

Nature of work that should include -Clinical/Experimental/Both/Community based (Strike off what is irrelevant). Write about 1000 words that should include objective, plan of work, methodology, sample size, review of literature, ethical clearance and main experimental findings:

4. (I) Personal statement of the candidate (300 words):

Having practiced medicine for 8 years prior to joining MD course, I saw a trend in my patients at the clinic. The number of patients with obesity and diabetes has increased exponentially. I want to study these two epidemics and how both might be related more closely than we think.

Diabetes Type II has been labeled as modern day epidemic. India will soon have the highest number of Diabetes Type II cases in the world. There is a scope of definite, better treatment/care in such cases, which can be assessed on the basis of exact cause of disease in such individuals. At a time when we have derived treatment for most of communicable diseases, there is in as increasing number of life style diseases.

Since obesity is related to insulin insensitivity and Diabetes Mellitus is a manifestation of it, chose to study Adiponectin, which is also a hormone. My thesis topic is "Study of Adiponecti levels in normal body mass index diabetics and obese diabetics". My hypothesis is that Diabetes i obese subjects is not just insulin deficiency or insulin insensitivity, but interplay of variou hormones. Till now we only knew about insulin and considered it to be the cause but further wor in this direction could change our views. As it has been said "Eyes see only what the mind knows' The consequences of which can change the modality of treatment for diabetes.

I have a keen interest in Biochemistry and Endocrinology. I decided to do MD in biochemistr after being in medical profession for 16 years. Not only is it the most developing and challengin field, it is also the most helpful branch in terms of diagnosis and prognosis for a clinician. I hav great interest in academics, I want to be a renowned academician and undertake a lot of usef research work. By contributing in this field, I envision a healthcare system which makes accura diagnosis, provides accurate treatment and not the imprecise multifaceted approach that v sometimes see today.

Subject: Funding for Research Project.

Respected Sir,
My name is Gurjeet Singh. I am doing PhD in Medical Microbiology (Registered in August 2012) and working on research project "Microbiological study of malaria and standardization of cost effective antimalarial drugs sensitivity testing for Plasmodium vivax and Plasmodium falciparum".
I have completed 65% of my research work and now I am working on molecular methods. I have myself purchased many chemicals and reagents costing Rs. 40,465.
It is necessary to do sequencing and materials required cost Rs. 35,000
Special culture media McCoy 5A media cost Rs. 23,000.

I had submitted project to ICMR 3 times but it was not accepted for funding.
I need financial support. Hence I request you to kindly sanction Rs. 35,000 only for my Project.

Thanking You
Yours Sincerely

Subject: Funding for Research Project.

Respected sir,

My name is Raksha. I am doing PhD in Medical Microbiology (Registered in July 2013) and working on research project "Microbiological and genomic study of Aspergillosis and standardization of cost effective antifungal drug sensitivity testing."

I have completed 40% of my research work and now I am working on molecular methods. I have myself purchased many chemicals and reagents costing Rs. 38,000.

It is necessary to do sequencing and materials required cost Rs. 30,000

Special materials like Calcoflour White (from Sigma, USA) and some special culture media cost Rs. 19,000.

I had submitted project to ICMR the preliminary report was accepted and I had submitted the detailed project (10 hard copies and one soft copy) but it was not accepted for funding.

I need financial support. Hence I request you to kindly sanction Rs. 30,000 only for my project.

Thanking You

Yours Sincerely

Raksha

Subject: Regarding funds for publication of Research Article.

Respected Sir,
We had submitted following research articles for publication in renowned journals and than requested them for waiver of publication fees.

1. Article - Simple molecular methods for early detection of chloroquine drug resistance genes of Plasmodium falciparum and Plasmodium vivax.

Submitted to Malaria Journal, published from Biomed Central, UK.

Initial charges for publication were USD 1,477. We sent email for waiver through Dr. Chander Puri Sir Hon'ble Pro Vice Chancellor (Research) mentioning that MGMIHS is non-profit institution, it had provided material and equipment for this research work, hence we are not able to pay publication fees.

(entire publication chage waived off)

The editorial office considered our request. Now the manuscript is in peer review process.

2. Article – Polymerase Chain Reaction for Detection and Speciation of Malarial Parasites

Submitted to International Journal of Medicine and Medical Sciences. Published from Recent Sciences, UK.

Here also we had requested for waiver of publication fees. But they have informed that a minimal publication fee of USD 150 is necessary.

Hence we request you to kindly sanction the amount.

Thanking You
Yours Sincerely

Sub: Procurement of ATCC strain for Ph.D research work.

Respected Sir

I Minakshi Bhattacharjee am doing my Ph.D (Medical Microbiology) under the guidance of Dr. A.D. Urhekar. My research work on *Mycoplasma pneumoniae* is dependent on ATCC strain of the organism as it is the positive control for all the tests. With your kind permission the university has granted me Rs 30000/- for this and I will bear the rest of the charges. This strain needs to be imported from ATCC organization, USA and Promochem, Bangalore is the only authorized dealer in India. I need to provide the details enclosed herewith to place the order as ATCC organization deals only with the organization and not at the individual level.

I would be highly thankful if you kindly help me in this situation and consider my condition.

Yours faithfully MBhatta 17/09/2014

Subject: Permission to order ELISA kit.

Respected Sir,

I Ms. Minakshi Bhattacharjee PhD student (Medical Microbiology) would like to order two ELISA kits with the money sanctioned to me by the University for my research work. This money was given to buy ATCC strain of *Mycoplasma pneumoniae* but we got the strain on a complementary basis. For this reason I wish use this money for another important parameter of my research work that is serological test. I have attached the quotations of the kits herewith.

I would be highly obliged if you kindly look into my plea with consideration.

Thanking you,

Sincerely yours,

Sub: Clearance of Import consignment of Epoch Reader.
Ref: BRNS project ref no. 2012/36/15-BRNS dtd 25/7/2012

Respected sir,

This is with reference to the clearance of the shipment of **Epoch Reader** procured from M/S Biotek under BRNS project entitled "Development of micro biosensor for Diagnosis of Mycobacterium Tuberculosis (Ref: 2012/36/15-BRNS dated 25.7.2012). The amount for the instrument is already been paid by MGMCET.

Attached is the estimation of charges for clearance of the shipment till date (06th June 2015). The total cost is around **Rs. 1, 25,854/-** (SIRO certificate is yet to be renewed)

We need to clear the shipment at the earliest. Have spoken to the clearing agent to pay money to various agencies like Deliver order charges, stamp duty, demurrage charges etc., on our behalf with due receipts. (Annexure attached from the clearing agent)

Accordingly would request your kind approval to transfer the said amount from MGMIHS to the clearing agent's bank account so that he can initiate the process of clearance.

Thanking you.

With personal regards

for Dr. Joshi

Date: 16/11/2015

TO,
HON Pro-Vice chancellor
MGMIHS
Kamothe, Navi Mumbai

Through the HOD

Subject: Request for reimbursement of bill for Research work from Department of Pharmacology.

Respected Sir,

This is in reference, to the letter addressed to HON pro-Vice Chancellor regarding sanction of bills for Ph.D Scholar Mrs Manjusha k. Borde.

As desired we have invited three quotations from reputed Companies (Genex life sciences PVT. LTD , Inventys, Rajesh Chemicals Co. , Bio Services) and considered best price and reputed authenticated source for procurement procedure of Mangiferin 200mg and Cholesterol (95%) 50 and 250gm. Kindly find attached comparative quotation for the same.

It is therefore requested that the submitted bills may kindly be reimbursed (Rs 28,330/-).

Thanking you!

Yours Sincerely

1) Mrs Manjusha K. Borde

Ph. D Scholar
Dept of Pharmacology

Sir VC has approved a research grant of Rs 50,000/- for this projet, Rs 28,330/- incurred so far be reimbursed.

To,
The Dean,
MGM Medical College
N-6, CIDCO, Aurangabad.

Subject: Approval for expenses to Research Paper Publication.

Respected Sir,

With reference to above cited subject, I am publishing a Research Paper for that we need publication charges of Rs. 4500/-.

It's a kind request that please sanction the amount for research publication.

Thanking you,

With regards,

Dr. Mandhana V.S.
Associate Professor
Dept. of Anatomy
MGM Medical College, Aurangabad.

Regarding registration charges for using SAIF instruments

2 messages

amita bhagit <amita.bhagit@gmail.com> Wed, Dec 16, 2015 at 10:52 AM
To: office.saif@iitb.ac.in

To,
The Head,
SAIF,
IIT, Bombay

Sub: Registration for the charges for using SAIF instruments for Research purpose to quality for academic concession.

Dear Sir,

With reference to the above, we would like to register out institution i.e. MGM Institute of Health Sciences for using SAIF instruments for research purpose to quality for academic concession. The details for using the instruments is as follows:

Sr.No	Name of the instrument to be used	No.of samples
1	Transmission Electron Microscope	10
2	Fourier Transform Infrared Spectrometer(Routine Spectrum)	10

Dr. Rajesh B. Goel
Registrar
MGM Institute of Health Sciences
(Deemed University u/s 3 of UGC Act, 1956)
Navi Mumbai- 410 209

We would request you to kindly send us the estimate for the same enable us to send Demand Draft for the registration & the further procession.

Thanking you,

Yours Sincerely,

Amita Bhagit.

Ph.D. student

MGMIHS

Dear Sir,

The Instrument charges for 10 samples (TEM) are Rs.11,000/-
Add-: Service Tax 14.5%
Total Amount -: Rs.12595/-

Regards,
Amit

Subject: Permission letter for outsourcing of 10 samples for TEM & FTIR, 4 samples for Field Emission Gun - Transmission Electron Microscope 300 kV (HR-TEM) at SAIF-IIT, BOMBAY.

Respected Sir,
This is with reference to our discussion regarding the outsourcing of 10 samples for evaluation and characterization of TEM & FTIR and 4 samples for (HR-TEM) of generated nanoparticles. I would like to send these samples for evaluation at IIT, Bombay as the above mention facility is available at SAIF, IIT, Bombay.

The cost of TEM per sample is Rs.1254.00/- (1254.00 X 10) = Rs. 12540.00
The cost of FTIR per sample is Rs.228.00/- (228.00 X 10) = Rs. 2280.00
The cost of HR-TEM per sample is Rs.2850.00/- (2850.00 X 4) = Rs. 11400.00

Total cost for TEM, HR-TEM, FTIR, N-Terminal sequencing = Rs. 26,220.00/- + Rs.3278.00/- (12.5% VAT) = Rs.29,498.00 /- (Rupees Twenty nine thousand four hundred ninety eight only.)

Kindly grant me permission for the same.
Thanking you.

Yours sincerely,
AABhagit

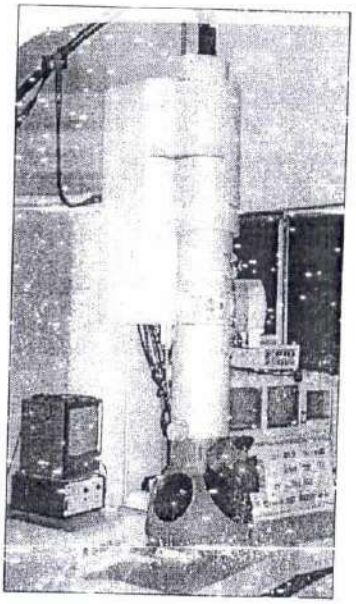
Transmission Electron Microscope (TEM CM 200)

Instrument Details

Make : PHILIPS
Model : CM 200
Specification : Operating voltages : 20-200kv Resolution :2.4 Ao



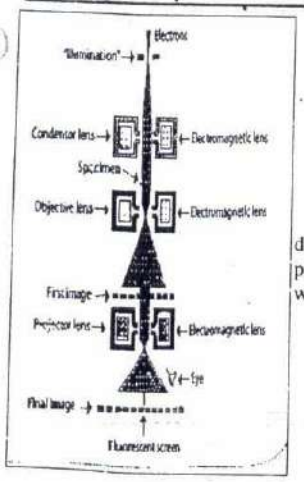
Applications

- Materials Science/Metallugy
- biological Science
- Nanotechnology
- Ceramics
- Pharmaceuticals
- Semiconductors

Contact Us

Contact : 022-25764694
Email Id : temlab@iitb.ac.in

Working Principles



TEM images are formed using transmitted electrons (instead of the visible light) which can produce magnification details up to 1,000,000x with resolution better than 10 Ao. The images can be resolved over a fluorescent screen or a photographic film. Further more the analysis of the X-ray produced by the interaction between the accelerated electrons with the sample allows detemining the elemental composition of the sample with high spatial resolution.

User Instructions

External Users(Other than IIT Bombay):

Important Note : Please send or submit Sample Details Form with application on your organisation letterhead
Click here to download Sample Details Form

1. To avail the TEM Facility at SAIF, Registration is absolutely essential.
2. For Registration, users can send the requisiton letter from Head/Guide on the Organisation/ Department letterhead with advance payment in the form of demand draft. The Demand Draft should be in favour of " The Registrar, IIT Bombay".
3. Maximum Eight(8) samples can be registered.

4. Appointments will be give.. as per queue and user will be informed by email(approx. one week prior).
5. Samples other than powder form should be prepared at userend.
6. The Sample can be loaded on carbon coated Copper grid or can be made in disc form, 3mm diameter, with a thinned (electron transparency) central area.
7. It is most desirable that the user is present in the TEM lab at the time of appointment for better utilization of the facility.
8. In case if user can not present for the analysis and they wish to send the samples by post, then for these users it is mandatory to send the filled online form. If the information is incomplete the samples and DD will be sent back to the user.

Internal (IIT Bombay) Users :

1. Users should download TEM form, fill and submit it with guide and head signature to TEM Laboratory.
2. Appointment will be given as per queue and user would be informed by email.
3. One student under a Guide can register at a time.

TEM CM 200 Samplewise format, Charges includes Grid and Service Tax

Industry :	**Rs 5871/- per sample (Max. 1/2 Hour)**
R&D :	**Rs 2736 /- per sample (Max. 1/2 Hour)**
University/ Colleges':	**Rs 1254/- per sample (Max. 1/2 Hour)**

Additional Rs 100/- towards postal charge if results are to be posted.
The Demand Draft should be in favour of "The Registrar, IIT Bombay"
Letter, DD & Samples send to "Head SAIF, IIT Bombay, Powai, Mumbai-400076"

Note : In any event, the content of report/bill is meant for your information only and should not be quoted as certificate to third party for advertisement, evidence or litigation.

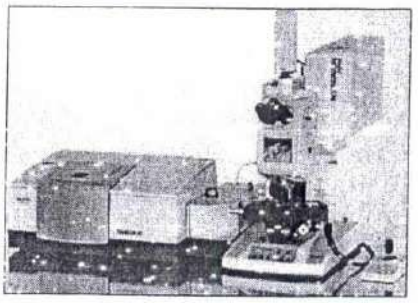
FTIR-Imaging System

Instrument Details

Make : Bruker, Germany
Model : 3000 Hyperion Microscope with Vertex 80 FTIR System
Specification :

Focal plane array: 128 x 128, range:4000-900cm-1.
Single point detector range: 7500-450 cm-1
Analysis area: 128x128 in 2D format on the sample plane 300x300 µm.
Accessories: Micro ATR, Grazing angle
Spatial resolution with 15x objective-2.7 µm.
20x objective (ATR):0.5 µm.
Temperature controlled sample stage.
Spectral resolution of FTIR 0.2 cm-1.
Rapid scan & step scan available. Rapid scan 65 spectra/sec at 16cm-1.
Library search for Organic compounds & polymers.



Infrared Spectroscopy gives information on the vibrational and rotational modes of motion of a molecule and hence an important technique for identification and characterization of a functional; group.. The Infrared spectrum of an organic compound provides a unique fingerprint, which is readily distinguished from the absorption patterns of all other compounds.

Working Principles

FTIR Imaging is a complimentary Imaging tool and is a very versatile analytical technique for spectrochemical imaging. The advantage of chemical imaging compared to other sensor technologies is the ability to analyze the spatial distribution of the component materials in blends, granules or finished dosage forms. Many analysts need to obtain the molecular information from an area of a sample to see a picture of the distribution of molecules or functional groups. These chemical called IR images provide information, that is highly complementary tc images obtained from techniques such as Scanning Electron Microscopy (SEM), Atomic Force Microscopy (AFM) and visible light microscopy. SEM and AFM have each a much higher spatial resolution than FTiR imaging, down to less than 1 nm. These techniques provide information about surface properties and in some cases, elements distribution, but they do not provide information about molecular composition. The chemical imaging approach has the potential to monitor processes to reveal the extent of ingredient blending, particle size distributions, agglomeration of component particles and the presence of polymorphs, hydrates and other trace contaminants.

Fourier Transform Infra-Red (FTIR) Spectroscopy is well proven as a sensitive, rapid technique for material characterization of various samples for molecular species in a broad range of materials. By coupling the FTIR to a microscope accessory, measurements on small sample can be routinely carried out, down to few micron area. Applications include the identification of trace contaminants, the analysis of failure modes and characterization of production defects.

Both FT-IR and FT-NIR take advantage of the fact that the functional groups of every module generate a characteristic absorption or transmission spectral fingerprint that definitely identifies that chemical compound. FTIR and FT-NIR are quickly becoming the preferred compound testing technologies because of their speed, accuracy and reliability. While infrared microscopy provides the highest sensitivity and widest spectral range for small area FTIR measurements, collecting microscopic chemical picture of your sample can be time consuming, depending on the data collection and sample size requirements. Unlike IR microscopes that employ a single detector measuring a single point at a time, FTIR imaging systems contain multi-element detectors, producing IR images almost as fast as an optical microscope presents a visible image.

User Instructions

1. Provide solid samples in powder form. Minimum amount required 1-2 mg.
2. Samples may be in liquid form. Minimum amount required 0.1 ml.
3. Samples can be submitted as thin films.

Subject: Regarding Authentication of 6 Plant Samples.

Dear Sir,

We at MGMIHS OMICS Research Center are working on research projects involving the use of various plant leaves, flower buds and seeds. Authentication of various plants will be useful for quality research and related publications .So there is need of authentication of plants/plants parts.

The authentication cost for research and academic purpose per sample is Rs 344.00 **(Rs. 300/- + 14.5% service tax)**

Total cost for authentication of 6 plant samples = 344.00 x 6 = Rs. 2064.00 /- (Rupees Two thousand sixty four only.)

Kindly grant us permission and financial support for the same.

Thanking you.

Dear Amita,

All information is available on our website- aripune.org -under plant drug authentication service.

For authentication labelled material, about 100g may be submitted along with duly filled sample submission form and DD drawn on the name of Director Agharkar Research Institute, payable at Pune towards the charges. For research and academic purpose they are Rs 344/sample.

Botanical Drug Authentication Service

In the last few decades, investigation of herbal drugs has become an important area in pre-clinical, clinical and pharmaceutical research. We, at Agharkar Research Institute, Pune, provide facility for authentication and voucher deposition of botanical drug samples. This facility is offered at nominal charges for academic purpose to researchers, pharmacy and ayurvedic colleges, clinical research units and pharmaceutical companies. Currently, as part of Good Laboratory Practices (GLP), peer reviewed journals expect authentication as well as voucher number in manuscripts for herbal samples used in the studies.

To identify unknown sample; taxonomical tools for complete herbarium sample and pharmacognostic tools for plant parts are used. The steps involved in authentication are organoleptic, taxonomic, macroscopic and microscopic studies, powder analysis and in some cases, thin layer chromatography study for confirmation. The authenticated sample is kept in the archives for a year only. The voucher is deposited only on request and kept with an allotted number in the repository for future reference, if needed.

The following guidelines are suggested for availing of the authentication facility and deposition of voucher of crude drugs:

Sample must be free from foreign materials and infection.
As far as possible, the sample should be mounted on the herbarium sheet with flowering or fruiting.
For plant part authentication, dry sample ≥100 g is necessary; one should avoid samples in powder form or in sliced form.

Documentation of scientific and local name if known, sample size, collector's name, name of the institution, date of collection, location (Global Positioning System can record altitude, latitude), status (vegetative/flowering/fruiting), and any special features as on fresh samples (colour, typical odour, exudations) may help in authentication.
Data to be furnished along with market sample, market name, date and name of purchaser.
For deposition of voucher authentication about 250g of sample along with documentation and name of the project must be given for future reference.

This service is exclusively on request for academic purpose and internal use only.
Contact E-mail:
crudedrug@aripune.org (mailto:crudedrug@aripune.org), crudedrug@gmail.com (mailto:crudedrug@gmail.com)

Please Click here to download datasheet for specimen voucher deposition:specimen voucher deposition (http://aripune.org/wp-content/uploads/2015/05/sample-submission-voucher-deposition.pdf)
Please Click here to download datasheet for drug authentication :drug authentication (http://aripune.org/wp-content/uploads/2015/05/sample-submission-authentication.pdf)

Authentication charges for Non-profit organization are Rs. 300/- + 14.5% service tax = Rs. 344/sample
Authentication charges for Commercial organization are Rs. 2500/- + 14.5% service tax = Rs. 2863/sample
Payment: By cash or DD drawn on the name of Director, Agharkar Research Institute Pune; payable at Pune

To,
The Dean,
MGM Medical College
N-6, CIDCO, Aurangabad.

Subject: Approval for expenses to Research Paper Publication.

Respected Sir,

With reference to above cited subject, I am publishing a Research Paper for that we need publication charges of Rs. 3050/-.

It's a kind request that please sanction the amount for research publication.

Thanking you,

With regards,

Dr. Totla R.J.
Associate Professor
Dept. of Surgery
MGM Medical College, Aurangabad.

To,
The Director
MGMIHS
Kamothe, Navi Mumbai

Sub: Joint patent application with BIT's PILLANI, Goa campus and MGMIHS- Indian patent application no. 3620/MUM/2015 dtd 23/9/2015

Ref: DAE/IPR Cell/Misc./2016/2348 dtd 17th February 2016

Dear Sir,

With reference to the above mentioned letter received from DAE, we need to make payment as mentioned in the letter for Rs. 18,367 as specified in the letter.

This was in response to the letter ref no. DPC/BARC/2015/4010 received from DAE dtd 25 th March 2015 (attached fyr). Our honb'le VC had already approved the expenses to be equally shared by the patent holders as per the claims/debit notes raised by DAE.

Request you to do the needful.

With regards

Dr. Mansee Thakur
Associate professor – Dept of Medical Biotechnology

DAE/IPR Cell/Misc./2016 /2348 17th February, 2016

Sub : Joint-patent application with *BITS Pilani - Goa Campus* and *MGM Institute of Health Sciences* – Indian Patent Application No. 3620/MUM/2015 dated 23-Sep-2015
Title : A micro-trench based biochip device for screening of infectious diseases using Gold nano-particles / nano-coating
Inventors : Dr V. K. Suri, Dr. R. Balasubramaniam, Mr. Shivam Mishra, Mrs. Shrinkhla Ghildiyal (**PED, ChTG, BARC, Mumbai**), Dr. D.S. Joshi, Dr. Mansee Thakur (**MGM Institute of Health Sciences, Kamothe, Navi Mumbai**), Mr. Girish Pai, Dr. Sunil Bhand and Mr. Souvik Pal (**BITS, Pilani – K.K. Birla Goa Campus, Goa**)

This is further to your letter MGMIHS/VKS/R/2015 dated March 31, 2015, addressed to the Chairman, DAE IPR Cell, regarding acceptance of the terms and conditions for the joint patent proposal with your *Institute* and *BITS Pilani - Goa Campus*.

The patent proposal was then approved by Secretary, DAE, and the mutually finalized patent specification was then filed on September 23, 2015, under the Application No. 3620/MUM/2015. We have cleared our attorneys bill of Rs. 19,600 towards Professional charges (which includes, drafting, preparing and filing complete Indian specification) and the Official fees for filing the application. A copy of the attorneys invoice No. K&K/15-16/1053 dated 24-Sep-2015 and the Patent Office receipt for the Official fees is enclosed for your perusal. Subsequently, we have also filed for Request for Early Publication and Request for Examination on January 25, 2016, with the Patent Office. Invoice No. K&K/15-16/BILLS/PT/1987 dated 28-Jan-2016 for Rs. 35,500 is also enclosed.

Thus, a total expenditure of Rs. 55,100 was borne by DAE towards filing of the above mentioned Indian application. As per our agreed terms and conditions, we request you to reimburse one-third of the said expenses amounting to **Rs. 18,367** [Rupees Eighteen Thousand Three Hundred Sixty Seven only]. It can be reimbursed by any of the following two modes :-

1. Cheque / DD in in favour of, "**PAO DAE**" payable at, "**State Bank of India, Mumbai**". or
2. Bank transfer details, A/c No. : **33103452027**
   Bank : **State Bank of India**
   Branch : **Gateway of India**
   IFSC : **SBIN0008780**

Subject: Permission letter for outsourcing of 10 samples for TEM & FTIR, 4 samples for Field Emission Gun - Transmission Electron Microscope 300 kV (HR-TEM) at SAIF-IIT, BOMBAY.

Respected Sir,
This is with reference to our discussion regarding the outsourcing of 10 samples for evaluation and characterization of TEM & FTIR and 4 samples for (HR-TEM) of generated nanoparticles. I would like to send these samples for evaluation at IIT, Bombay as the above mention facility is available at SAIF, IIT, Bombay.

The cost of TEM per sample is Rs.1254.00/- (1254.00 X 10) = Rs. 12540.00
The cost of FTIR per sample is Rs.228.00/- (228.00 X 10) = Rs. 2280.00
The cost of HR-TEM per sample is Rs.2850.00/- (2850.00 X 4) = Rs. 11400.00

Total cost for TEM, HR-TEM, FTIR, N-Terminal sequencing = Rs. 26,220.00/- + Rs.3278.00/- (12.5% VAT) = Rs.29,498.00 /- (Rupees Twenty nine thousand four hundred ninety eight only.)

Kindly grant me permission for the same.
Thanking you.

Yours sincerely,

Subject: Submission of Bills (with respective quotations) for project entitled 'Biological Effects of Electromagnetic Radiations on Zebra Fish – Vertebrate Model System'.

Dear Sir,

We are carrying out the project entitled 'Studies on Biological effects of Electromagnetic Radiations in Zebra fish – a vertebrate model system. A small facility to carry out this project is being set up. Sanction letter annexed here as 'Letter of approval' dated 26/08/16 (Annexure A) has been enclosed for reference. I am enclosing quotations submitted by 3 vendors against the raised inquiry for lab animals and their feed. Enclosed please find the quotations from Aqua pet centre, Fish – O – Fish aquarium and Vikrant Aqua Culture. Quotation from 'Vikrant aquaculture' is acceptable to us as it fullfills our requirements both in terms quality and quantity, given in annexure B. As for immediate requirements materials worth **Rs 4000** have been procured, details mentioned in Annexure C.

This amount may kindly be approved.

Thanking you.

Subject: Wavier of cost towards investigations for Ph.D project work

Respected Sir,

I Ms.SmitalKulkarni pursuing Ph.D in Medical Biotechnology from MGMIHS under the guidance of Dr.Mansee Thakur, Dr.NimainMohanty and Dr.NitinKadam. Our project entitled "Study of Effect of Iron Nanoparticles on Iron Deficiency Anaemia using Rat Model" involves some tests which are not possible in our laboratory.

The research project have been approved by IAEC. There will be total of 40 samples. Following investigations are essential to accomplish the objectives committed in Ph.D. project:

1. iron studies
2. Serum ferritin

It is requested that the cost towards undertaking the investigation may kindly be waived of or maximum concession as applicable may kindly be provided.

Thanking you.

Yours sincerely,

Smital Kulkarni
(Ph.D. Student)

Subject: Wavier of cost towards investigations for Ph.D project work

Respected Sir,

I Ms.SmitalKulkarni pursuing Ph.D in Medical Biotechnology from MGMIHS under the guidance of Dr.Mansee Thakur, Dr.NimainMohanty and Dr.NitinKadam. Our project entitled "Study of Effect of Iron Nanoparticles on Iron Deficiency Anaemia using Rat Model" involves some tests which are not possible in our laboratory.

The research project have been approved by IAEC. There will be total of 40 samples. Following investigations are essential to accomplish the objectives committed in Ph.D. project:

1. Iron studies
2. Serum ferritin

It is requested that the cost towards undertaking the investigation may kindly be waived of or maximum concession as applicable may kindly be provided.

Thanking you.

Yours sincerely,

Smital Kulkarni
(Ph.D. Student)

Dt: 19/4/18.

Ref. SBS/18/H/596
Date: 30/5/18

The student is already bearing cost for animals, sample characterization using TEM / SEM / XRD / FTIR etc. Further ultrastruct analysis using TEM will be done by NIRRH by the student at her own cost of approximately Rs 3000/- per sample.

Some of the parameter needed in the study like iron and serum ferritin can be done from MGM pathology Lab. where cost per sample is about Rs 800/- (Total cost for 40 samples is Rs 32,000/-)

As these test possible at MGM we request you to consider waiver for these tests. The other outsourced test are already being born by the student.

I sincerely feel we can provide in house available facilities for our students for the purpose of research.

Respected Sir,

This is for your kind information and necessary action that I, Mr Mrinangka Deb,have registered as a PhD Scholar in the Department of Microbiology in July/August 2014(**Registration Number (PR Number): 11450004002**) .Sir I am working on Chlamydia trachomatis infection in female patients attending our tertiary care hospital .

The title of my PhD Topic and overall objectives are as follows

Title: Study of *Chlamydia trachomatis* and *Chlamydia* specific immune response and its association with vaginal flora patterns among women attending a tertiary care hospital in Navi Mumbai.

OBJECTIVES

1. To standardize diagnostic procedures for Chlamydia infection(ELISA and PCR).
2. To study the incidence and prevelance of *Chlamydia trachomatis* infection in female patients attending a tertiary care hospital in Navi Mumbai.
3. To correlate the incidence of *Chlamydial* infection with age, clinical history and gynecological conditions of the enrolled women.
4. To correlate the incidence of *Chlamydial* infection with Bacterial Vaginosis, Vaginal Candidiasis , Gonococcal infection , Trichomoniasis and Syphilis co infection with clinical complications.
5. To study a novel cHSP 60 (*Chlamydial* Heat Shock Protein) antibody as a potential marker for *C.trachomatis* induced complications.

In order to complete my last/5th objective I need to purchase an ELISA Kit from Medac Diagnostika,Germany. Medac Daignostika is the only known company manufacturer/supplier of this kit and they do not have any Indian Distributor.

Subject :- Application for purchasing IHC Secondary Antibody from internal funding.

Respected Sir,

We Dr. Monali D. Sonawane & Dr. Pravin R. Rathod Ph.D. scholars registered batch of 2015-16 have received internal funding of 25000/-each.

Sir, we are doing our Ph.D. research with collaboration with NIMHANS (Banglore) in Neuropathology on degeneration. Since our marker of degeneration for IHC study are same and the quotation are coming to rupees 65000/- to 75000/- we would like to combine our funding for the purchase of the Antibody.

Subject: Application for internal funding.

Respected Sir,

I am a PhD student in Anatomy (batch 2015-2016). My research topic is, 'Study of the neuronal and glial changes in olfactory pathway with age-A cadaveric study'.
I am working under the guidance of Dr. Aruna Mukherjee (Prof.Dept of anatomy,Navi Mumbai) and Dr.Anita Mahadevan (Prof.Dept of Neuropathology NIMHANS, Bangalore).
I have undergone a training programme on histotechniqes and Immunohistochemical staining from NIMHANS, Bangalore for 31 days. On returning to the college on 1st September 2016 we have upgraded the histology preparation laboratory in the Department of anatomy.
Dr.Pravin and I are making slides of H&E and special stains and we hope to use our knowledge of Immunohistological techniques in the Central laboratory of the institute.
The total proposed budget for the project is Rs.11,40,000/-. We have applied for the extramural funding at ,

i) DST
ii) DBT
iii) Lady Tata trust and
iv) ICMR

Sir I would be obliged if you could consider and grant a seeding amount of Rs.50, 000/- for the initial expenses on special and immunohistochemical staining.

Thanking you,

Yours sincerely,
Dr. Monali Sonawane

Subject: Seed money for in-house sample processing for Research.

Dear Sir,

We have review your research project entitle **"Phytochemical Screening and Antibacterial Activity of Western Region Wild Stem Colocasia Esculenta"** at MGM Medical College and Hospital,Navi Mumbai in the year 2017. Considering the importance of the objectives, Committee has recommended & sanctioned subsidies investigations for the mentioned research topic costing of investigations Rs. 69,000/-

After processing of the sample you have to present the result-progress of the study before scientific committee.

With Regards,

Dean.

Subject: Requirement of Consumables for **"MGM TB Detection System (DS) Comparative Study with standard Methods"**

Respected Sir,

MGMTB DS system is under research & development phase.We propose to take up clinical study & analysis with respect to standard methods approved by WHO using clinical samples. For Validation we have to use Standard Microbiological and Molecular biology WHO approved Tests such as Gene Xpert (Standard Molecular Diagnostics for MTB MDR MTB Detection) , MGIT Culture (Standard Microbiological testing for MTB). For the same purpose approval will be required to use 100 Cartridge of GeneXpert and MGIT culture for Comparative study. We also required indigenous reagents which are compatible with MGM TB Detection System and Himedia Real time PCR.

The list of consumables required for above study with price estimate are put for your kind approval Annexure 1

These are urgent requirements & your kind approval is requested.

Dr.Mansee Thakur

Sub: Regarding financial assistance for the outsourcing of material.

Dear Sir,

As per our discussion, I would like to file patent and high impact factor publications. The patent requires the advanced characterization of material. The required facilities are not available in our MGM campus. These outsourcing facilities are available at SAIF IIT, Mumbai, NCL Pune, Advanced Instrumentation Research Facility, Delhi and Sinhagad Institute of Pharmacy, Vadgoan.

The estimated total cost for analysis is Rs. **47913/-/-(Rupees Fourty Seven Thousand Nine Hundred Thirteen only)** the breakup for which is as follows:

Sr. No.	Facility	Institute	No. of sample	Cost per sample (Including Tax)(Rs.)	Total cost (Rs.)	Total (Rs.)
1.	EDS (Energy-dispersive X-ray spectroscopy)	SAIF IIT, Mumbai	04	443/-	443/-X 04= 1772/-	1772/-
2.	Transmission Electron Microscope (TEM CM 200)	SAIF IIT, Mumbai	15	1298/-	1298/- X 14= 18172/-	18172/-
3.	Field Emission Gun-Transmission Electron Microscope (HR –TEM)	SAIF IIT, Mumbai	01	2950/-	2950/-X0= 2950/-	2950/-
4.	FTIR-Imaging System	SAIF IIT, Mumbai	32	236/-	236/-X 29 = 6844/-	6844/-
5.	ICP-Atomic Emission	SAIF IIT, Mumbai	32	3965/-	3965/-	3965/-

Dr. Rajesh B. Goel
Registrar
MGM Institute of Health Sciences
(Deemed University u/s 3 of UGC Act 1956)
Navi Mumbai- 410 209

	Spectroscopy (ICP-AES)			(32samples)		
7.	Single Crystal XRD	AIRF, Delhi	01	1770/-	1770/- X 01 =14375/-	1770/-
8.	Protein sequencing	NCL, Pune	2	4720/-	4720/- X 2= 9440/	9440/
9.	Zeta potential	Sinhagad Institute of Pharmacy	6	500/-	500/- X 6	3000/-
					Total	**Rs. 47913/-**

Therefore I request you to kindly grant the permission for the same.

Thanking you.

Sub: Release of scholarship funds.

Respected Sir

I Mrs Shubhangi R. Jadhav PhD. Scholar (2013-14), would like to release my scholarship funds of Rs 30000/- sanctioned by Honourable Vice Chancellor. For my research project hipid profile, HsCRP & Homocysteines kits purchasing & Processing the samples could not worked for some reasons in MGMIHS. Bombay Hospital trust had sanctioned Rs 40,000/- scholarship for me. The total cost of the tests is Rs 1,40,000/- Because of delaying process I had outsourced the blood samples. I will be very grateful to you if you release the funds of Rs 30,000/- Thanks for all your support & kind consideration

Thanking You
Yours sincerely

Mrs Shubhangi R Jadhav
PhD Scholar (2013-14)

Since VC has approved seed money of Rs 30,000/- for this project, this amount may be given to S Jadhav. She will submit utilization report.

ADD :- 11,SIDDHIVINAYAK PLAZA,NEAR BHARAT GAS,STATION ROAD,DIVA EAST-400612.MOB-8425938938/9323939999

Dear Madam/Sir,
Wellness Greetings from Thyrocare Service Provider.

TO,
DR.SHUBHANGI R JADHAV PHD

SCHOLOR OF MGM UNIVERSITY

KAMOTHE NAVI MUMBAI

Thyrocare Service Provider,

Thyrocare Technologies Limited India, established in the year 1996, is uniquely positioned to more effectively support local pathology for enhanced patient care.Thyrocare Technologies Limited labs with complementary areas of expertise and service offerings will allow us to build on both companies' leadership positions provide access to medical and scientific expertise, expanding geographic presence to better serve customers, and become the most valued company in our industry.

Thyrocare Technologies Limited Labs provide a variety of health screening solutions in order to provide its customers more value added and comprehensive services which include a combination of state of the art pathology Services ,Wellness Services.

Our latest offering various Lipid profile,Homocystein,Hs-crp offers Customers the benefits of complete coverage at a Great Economy of scales.

As part of our healthcare service delivery solution, a unique proposition is Lipid profile,Homocystein,Hs-crp of specialized tests which are comprehensive Lipid profile,Homocystein,Hs-crp by itself. We are pleased to share that we have come up with a "Special Offer' for you and your corporate colleagues to enjoy the benefits of Lipid profile,Homocystein,Hs-crp.

Special Offer: You can get your Lipid profile,Homocystein,Hs-crp. at discounted price 700/- as low as per person details.and total 200 sample will be proceed & total cost 1,40,000/-

This introductory offer comes to you as Thyrocare Technologies Limited envisage the healthcare needs of busy Customers of corporate like yours'. We trust that this would help you and your colleagues to have a cost effective solution for their preventive healthcare needs. The detailed list of test is attached herewith for your ready reference.

We look forward to hear back from you on possibilities of having a corporate tie up with you.

Thanking you in anticipation.

Regards,

Center Incharge,(Atmaram Parab) Mob.8425938938.

Subject :- Application for purchasing IHC Secondary Antibody from internal funding.

Respected Sir,

We Dr. Monali D. Sonawane & Dr. Pravin R. Rathod Ph.D. scholars registered batch of 2015-16 have received internal funding of 25000/-each.

Sir, we are doing our Ph.D. research with collaboration with NIMHANS (Banglore) in Neuropathology on degeneration. Since our marker of degeneration for IHC study are same and the quotation are coming to rupees 65000/- to 75000/- we would like to combine our funding for the purchase of the Antibody.

Subject: Application for internal funding.

Respected Sir,

I am a PhD student in Anatomy (batch 2015-2016). My research topic is, 'Study of the neuronal and glial changes in olfactory pathway with age-A cadaveric study'.
I am working under the guidance of Dr. Aruna Mukherjee (Prof.Dept of anatomy,Navi Mumbai) and Dr.Anita Mahadevan (Prof.Dept of Neuropathology NIMHANS, Bangalore).
I have undergone a training programme on histotechniqes and Immunohistochemical staining from NIMHANS, Bangalore for 31 days. On returning to the college on 1st September 2016 we have upgraded the histology preparation laboratory in the Department of anatomy.
Dr.Pravin and I are making slides of H&E and special stains and we hope to use our knowledge of Immunohistological techniques in the Central laboratory of the institute.
The total proposed budget for the project is Rs.11,40,000/-. We have applied for the extramural funding at ,

i) DST
ii) DBT
iii) Lady Tata trust and
iv) ICMR

Sir I would be obliged if you could consider and grant a seeding amount of Rs.50, 000/- for the initial expenses on special and immunohistochemical staining.

Thanking you,

Yours sincerely,

The student is already bearing cost for animals, sample characterization using TEM / SEM / XRD / FTIR etc. Further ultrastruct analysis using TEM will be done by NIRRH by the student at her own cost of approximately Rs 3000/- per sample.

Some of the parameter needed in the study like iron and serum ferritin can be done from MGM pathology Lab. where cost per sample is about Rs 800/- (Total cost for 40 samples is Rs 32,000/-)

As these test possible at MGM we request you to consider waiver for these tests. The other outsourced test are already being born by the student.

I sincerely feel we can provide in house available facilities for our students for the purpose of research.

Ph.D Scholar

Medical Biochemistry

11th December 2018

To,

The Medical Superintendent,

MGM Medical College and Hospital,

Kamothe.

Sub: Regarding charity for processing the thesis sample in the Central Clinical Lab

Respected Sir,

I, the undersigned Miss. Neha V More, Ph.D Scholar of Department of Biochemistry, MGMIHS under the guidance of Dr. Parineeta Samant has undertaken research study on the topic "To Study Phenotypic Characteristics of Different Types of Diabetes in the Young and Genetic Characterization of Monogenic Diabetes (MODY)". My study includes tests like Serum C-Peptide and Serum Insulin. Presently these investigations are available in the Central Clinical Laboratory for limited period.

So, I kindly request you to grant 50 % charity on these investigations so that I can process patients' samples enrolled in my study. This expenditure will be bear by me.

Thanking You,

Yours Sincerely,

Neha V More

The Pro Vice- Chancellor Research,

MGM Institute of Health Sciences,

Kamothe, Navi Mumbai.

Sub: Concession in the publication charges

Respected Sir,

As per your remark and suggestion I had requested to the Editor IJPBS (Listed in Scopus) for cancelling the publication charges. He has considered the proposal and agreed to give concession of Rs. 1000/-

Hence the publication charges will be Rs. 4500/- instead of 5500/- Kindly sanction the amount as it is a reputed journal listed in Scopus and has an Impact Factor of 2. 58.

Sir, this is the only incentive we get for publication in a good quality journal. I will be highly obliged if you sanction the same which will encourage the researchers to do good research and publish it in a reputed journal.

Thanking you,

Yours sincerely

S A Samant

Dr. S. A. Samant

Sub: Approval of the costing for filing patent

Respected Sir,

Further to your approval to file patent through "M/S. Krishna & Saurastri Associated, LLP, Pune", we have initiated our interactions with them and attached herewith is the quotation for filing three patents as per below;

Sr. No	Device	Institutes involved - MGMIHS, MGMCET & RRCAT
1	Fall Safety Belt	Dr. V.K.Suri, Dr. Mansee Thakur, Dr. Sanotsh Narayan Khedkar, MR. Indra Vijay Singh, Dr. Nakka Muralidhara Rao, Mr. Yogesh Patil, Dr. Sudhirchandra Kadam
2.	Portable Biosafety unit	Dr. V.K.Suri, Dr. Mansee Thakur, Dr. Sanotsh Narayan Khedkar, Dr. Nakka Muralidhara Rao, Mr. Yogesh Patil, Ms. Himanshu Gupta Dr. Sudhirchandra Kadam, Prajyot P. Shriram, Bharadwaj S. Dogga, Harpreet Singh Chhabra, Prashant R. Chavan
3.	Laser based florescent detector system	Dr. Sudhirchandra Kadam, Dr. V.K.Suri, Dr. Mansee Thakur, Dr. Sendhil Raja S, Mr. Yogesh Patil , Dr. Girish Pai, Ms. Himanshu Gupta, Mr. Rohan Bhandare, Mr. Brijesh Pant, Ms. Asmita Malik, Mr. Dave Ishant Ashok

The cost as per quotation is Rs. 84750/- plus service tax as applicable (for three patents). The Patent may be filed in approx two weeks keeping in view of the urgency. The cost of filing the patent is reasonable. Original quotation is enclosed for ready reference.

Request your kind approval for payment thru MGMIHS.

Dear Dr. Goel,

In response to approval for patent filing from Hon'ble Vice Chancellor, MGMIHS, we have recently filed a patent in India and also requested for early publication in Form 9 through Gopakumar Nair Associates (The Patent attorney, Kandivali (E), Mumbai). Gopakumar Nair Associates has communicated all the post filing relevant documents to us along with bills for professional fee, official fee, etc.

I request you to kindly do the needful and clear the bills given by Gopakumar Nair Associates. I am enclosing all the relevant documents and bills along with approval copy of document regarding patent filing and early publication to you for quick perusal.

Regards,

21/12/2017

Hon'ble Vice- Chancellor
MGM Institute of Health Sciences
Kamothe, Navi Mumbai-410209

Dear Sir,

In continuation of our effort for generation of patent from innovative research, I am happy to inform you that MGMIHS OMICS Research Center has developed unique kit, assay system, and methods for detecting *M. tuberculosis* antigen for differentiation of Latent tuberculosis and Active TB on the basis emission of fluorescence. This extraordinary research work is now ready to file patent in the category of Indian patent application.

Title of Invention

Cerium quantum dots powered IP-10 antibody based kit for detection of Latent TB and TB antigens

The approximate cost of one complete patent application filing and expedited publication (Form 9) will be around Rs. 95,000/-(ninety five thousand rupees) which includes official fee, professional fee and others (Gopakumar Nair Associates, IPR consultants and The Patent attorney, Kandivali (E), Mumbai).

I request you to kindly grant me Rs. 95,000/-(ninety five thousand rupees) for the same.

Best regards,

(57) Abstract :
The present invention provides an antibody quantum dot complex comprising Mycobacterium tuberculosis anti-IP10 antibody and biogenic quantum dots for detection of Latent tuberculosis (LTB) antigens and TB antigens and a process for the synthesis thereof. Further, the present invention provides a diagnostic kit comprising the anti-IP10 antibody for detection of LTBI antigens and active tuberculosis antigens, and a method of assaying the concentration of the M. tuberculosis IP-10 antigen in an individual recovering from tuberculosis or exhibiting symptoms thereof.

Dear Sir,

In continuation of our effort for generation of patent from discovery & application research, I am happy to inform you that MGMIHS OMICS Research Center has developed unique small kit for generation of cerium quantum dots which is ready to file in the category of patent of addition or new patent application.

Title of invention

Proteome based kit/unit for generation of cerium quantum dots

The approximate cost of one complete patent application filing and expedited publication (Form 9) will be around Rs.85, 000/-(eighty five thousand) which includes official fee, professional fee and others (Gopakumar Nair associates, IPR Consultants and Advisor, Mumbai).

I request you kindly grant me 85,000/-(eighty five thousand only) for the same.

TITLE OF INVENTION

A Bioreactor for very fast generation of multifunctional fluorescent nanoparticles

FIELD OF THE INVENTION

The present invention relates to a bioreactor for fast generation of multifunctional fluorescent nanoparticles including quantum dots with enhanced anti-oxidant and fluorescence property. More particularly, the present invention relates to plant leaf protein/proteome from *Cajanus cajan* immobilized into a matrix for the fast generation of multifunctional fluorescent nanoparticles. These immobilized leaf protein matrix are used in bioreactor with controlled outlet system for the production of multifunctional fluorescent nanoparticles.

BACKGROUND AND PRIOR ART OF THE INVENTION

Florescent nanoparticles (Quantum dots) have attracted increasing attention due to their unique optical properties in reference to its efficiency in detection protocol and various domains of biomedical applications. Currently, there has been a greater interest towards the eco-friendly synthesis of all types of metal oxide nanoparticles including quantum dots. Quantum dots are tiny particles or nanocrystals of a semiconducting material with diameters in the range of 2-10 nanometers belonging to II-VI, II-IV or III-V group elements. Synthesis of high-quality, multi-functional fluorescent quantum dots has progressively become the hot spot of concern with its boundless use in biological and biomedical analysis. Due to electrical and nonlinear optical properties quantum dots are considered very interesting. These quantum electrical properties make these quantum dots of particular interest in the electronics industry, particularly due to the small size which makes electronic devices operation faster. Since quantum dots can emit the excited light, they could be used as biosensors and in LEDs. Further, the use of quantum dots in medicine is also being studied to effectively treat certain diseases such as tumors. Until now a variety of excellent fluorescence properties of quantum dots have been produced by the organic phase synthesis, but these possess the drawback of poor water-solubility and

8. May 2017.

biocompatibility, which restricts the application of quantum dots in the analysis of biomedical and biochemical field. Scientists of various fields like physics, chemistry, biology and materials science are more fascinated towards cerium as it is the foremost element in the lanthanide group having 4f electrons. When combined with oxygen, cerium dioxide exhibits a fluorite crystalline structure which emerges as an intriguing material. Cerium dioxide nanoparticles (CeO_2NP) are emerged as an attractive and economical material in biological science e.g. biomedicine, bioscaffolding, bioanalysis and drug delivery etc. CeO_2 nanoparticles with less than 10 nm in size display florescence property as quantum dots. A number of techniques such as hydrothermal, solvothermal, aqueous precipitation, reversed micelles, thermal decomposition and flame spray methods have been reported to synthesize CeO_2NP, while maintaining control of its size and properties. None of the methods for the synthesis of nanoceria has been approved till date by U.S. Food and Drug Administration (FDA) as it consists of usage of surfactants and other toxic materials. Further, these methods are based on high pressure, temperature and the ceria particles obtained are also large in size. Therefore, it is very important to develop an ecofriendly nontoxic process condition for the production of cerium dioxide nanoparticles including quantum dots. Due to the multifunctionality of florescence CeO_2NP with new enhanced properties such as anti-oxidant activity researchers have developed greater interest in the synthesis of multifunctional quantum dots.

Synthesis of nanoparticles with a wide range of compositions, sizes, and shapes has been demonstrated by various physical, chemical and biological methods. The enormous consumption of energy to maintain high pressure and temperature used during nanoparticle synthesis process in addition to the resultant toxic byproducts are the main drawbacks of physical and chemical methods.

Although various physical and chemical methods have been explored for different scale of generation of CeO_2 nanomaterials, however, biological method is still not well explored for generation of CeO_2nanomaterials either at lower scale or at larger scale. Solid, liquid and gas phase methods are mainly used for synthesis of cerium dioxide nanoparticles specifically liquid phase because of the simple equipment and nonessentiality of harsh physical environment. One-dimensional CeO_2 nanomaterials of different size and shape i.e.

Navi Mumbai.

Dear Sir,

In continuation of our effort for generation of patent from discovery & application research, I am happy to inform you that MGMIHS OMICS research group is ready to file one more very important patent. I am submitting documents of proposed patent for your permission and record.

1. **Biogenic method for generation of multiple nanoparticles (Zn, Fe, Mg, Ca, Ce, Si, Ag) by *Cajanus cajan***

Sir, in continuation of our earlier discussion, I am also enclosing the patent filing/ registration related official fee and professional fee provided by Gopakumar Nair associates, IPR Consultants and Advisor.

In reference to proforma invoice for submitted by Gopakumar Nair associates, Mumbai for two earlier patent applications, the approximate cost of one complete patent application filing and expedited publication (Form 9) will be around Rs.85,000/-(eighty five thousand) which includes Official fee, Professional fee and others.

I request you kindly grant me 85,000/-(eighty five thousand only) for the same.

Early Publication of Complete Patent Application No. 201721018037 filed on 23/05/2017

To Raman Yadav <raman.yadav@mgmmumbai.ac.in>

Dear Sir,

This is in pursuant to the Indian Patent Application No. **201721018037** filed on **23/05/2017** for the invention titled **"A BIOREACTOR FOR ULTRA-FAST GENERATION OF MULTIFUNCTIONAL FLUORESCENT NANOPARTICLES"**

We are hereby pleased to inform you that said Indian Patent Application has published in the Official Journal of the Patent Office on **16th June, 2017.**

Please refer http://ipindiaservices.gov.in/publicsearch/newpublicsearch/ for publication details.

Further, we would like to inform you that **Request for Examination (Form 18)** along with the Official fee of **Rs.20,000/-** for the above application will have to be filed at the Patent Office before the non-extendable deadline of 23rd May, 2021. **However, with a view to put the application in the queue for Examination, a Request for Examination may be filed at the earliest.**

Our Professional fee for preparing and submitting Request for Examination is Rs.3000/- (Service Tax extra).

Please note that failure to file Request for Examination, the Application will be deemed to be abandoned.

Awaiting your instructions to proceed further.

Kindly acknowledge receipt of this email.

With best regards,

Jyoti S. Pandey (Ms.)
Gopakumar Nair Associates

Re: Amended complete specification 1949_MUM_2015

To Raman Yadav <raman.yadav@mgmmumbai.ac.in>

Polite Reminder!

From: Dr. Aruna_GNA
Sent: Saturday, October 08, 2016 11:48 AM
To: Raman Yadav
Subject: Amended complete specification 1949_MUM_2015

Dear Sir,

This has reference to your trailing mail.

Please find attached herewith the amended complete specification of the Indian Patent Application No.1949/MUM/2015 with inclusion of the spice species *Cinnamomum wightii Meisn* in place of *Mesua ferrea.*

Kindly go through the same and verify the changes made therein, after which you may give us your clear instructions to go ahead.

Further it has come to our notice that the spice species mentioned in the Authentication Report 1 (issued by Agharkar Research Institute) has the sample authenticated to be *Cinnamomum wightii Meisn,* whereas Authentication Report 2 has the sample authenticated to be *Cinnamomum verum.* We request you to clarify the same. Since report 2 appears to have a different species, we recommend forwarding the authentication report 1 to the patent office.

Also, the term **Mesin** mentioned in the trailing mail is corrected as **Meisn** and accordingly incorporated.

For the purposes of amendment, we will be filing FORM 13 along with the revised complete specification, accompanied with the official fee of Rs.4000/-(electronic filing) after we receive your approval to go ahead.

Our professional fees for the revising and filing the amended complete specification (Form 2), Form 1(amended title) is Rs.5000/-

Awaiting your early response.

Best regards

Dr. Aruna Sree
Gopakumar Nair Associates

Subject: Regarding the amendment in one of the filed Indian patent (1949/MUM/2015 A).

Dear Dr. Aruna,

This is with reference to the proposed amendment in the Indian Patent (1949/MUM/2015 A). As per the authentication report received from Agharkar Research Institute, Pune the existing botanical name of the plant in the filed patent (1949/MUM/2015 A) needs to be replaced by the authenticated botanical name. The botanical name of the plant and the description filed in the patent "Mesua ferrea" (Family- Guttiferae) be replaced with "Cinnamomum wightii Mesin." (Family – Lauraceae) and the given description. I am enclosing here authentication report received from various agencies for the same.Best of our appropriate search keys, we have also carried out the prior art search for earlier claimed activity for this new plant and found no similar work has beee reported.

I request you to make the necessary amendment in draft and kindly send relevant documents, official charge for the amendment along with draft for further process at MGMIHS, Navi Mumbai.

Regards,
Dr. Raman P. Yadav
MGMIHS

Description:
Cinnamomum wightii Mesin, commonly known as Nagkesar belongs to the family Lauraceae. The trees are upto 8 m in height. The bark is grey, smooth, thin, pustular, without aromatic smell and approximately 5-10 mm. Mature branchlets are tererate while younger branchlets are glabrous. The leaves are simple, oppositely or spirally arranged, about 3.5-20 x 2.5-7.5 cm, elliptic, ovate, minutely pitted beneath. The flowers are bisexual, 5-6 mm long, densely fulvous-sericeous, in axillary and pseudo-terminal, short and compact but long peduncled panicle; peduncle stout. Perianth tube is about 1 m long, funnel shaped; tepals 6, 3-5 mm long, thick, acute. Perfectly arranged 9 stamens, in 3 rows, upto 2 mm long. The fruit is a berry, upto 1 x 1.5 cm, ellipsoid, subtended by fleshy obconical pedicel, margin 1 cm across bearing 0.5 mm long basal remnants of the tepals. The trees are endemic to the western ghats of Indian peninsula- Anamalai, Palani and Nilgiris, altitude between 900- 2600 m. The dried blossoms are used as spice. In Indian cuisine it is commonly used as a component in the preparation of the garam masala.

RE: Amended complete specification 1949_MUM_2015

To Raman Yadav <raman.yadav@mgmmumbai.ac.in>

Dear Sir,

Re.: **Patent Application No. 1949/MUM/2015 filed on 18th May, 2015**

This has reference to the trailing email, we are pleased to inform you that we have submitted Form 13 for amendment in Form 2 at Mumbai Patent Office on 18th January, 2017 for the above mentioned provisional patent application.

Copy of 'Official acknowledgement slip' and 'as filed' documents is attached herewith for your information and record.

Kindly acknowledge receipt of this email.
With best regards,
Jyoti S. Pandey (Ms.)
Gopakumar Nair Associates

Subject: Re: Amended complete specification 1949_MUM_2015

Dear Dr. Aruna,
Thank you very much for your inputs regarding amendment of the Indian Patent Application No.1949/MUM/2015.Request you to file amendment for this patent on the basis of authenticaton report-1 (Cinnamomum wightii Meisn) issued by Agharkar Research Institute, Pune.

Regards,
Dr.Rman P. Yadav

On January 9, 2017 at 6:43 AM "Dr. Aruna_GNA" <gopanair@gnaipr.net> wrote:

Dear Dr. Yadav,

This has reference to your trailing mail.

We reply with respect to the novelty status of Cinnamomum wighti.

The species Cinnamomum zeylanicum is known to exhibit anti-lipase activity as disclosed in the review article 'Medicinal Plants and Their Inhibitory Activities against Pancreatic Lipase' published in the Evidence-Based Complementary and Alternative Medicine Vol 2015, Article ID 973143, 13 pages. The publication is attached herewith as Annexure I.

Authentication report – 2 forwarded to us on 7/10/2016 has mentioned C. zeylanicum (also known as Cinnamomum verum) to be the species identified. However, as recommended to you in our earlier email dated 8/10/2016, you may file authentication report-1 (ARI) identifying C.wighti, along with the amendment made in the specification.

Traditional Knowledge digital library (TKDL) has made references to C. wighti amongst a long list of other herbal ingredients for treatment of digestive disorders (gastric ulcers, gastritis). However, there is no direct teaching from the TKDL references to suggest that methanolic extract of C.wighti can be employed for reduction of obesity. TKDL references are attached herewith as Annexure II (a), (b) and (c).

On receiving your confirmation, will file the amended specification with authentication – report 1 identifying Cinnamomum wighti and Form 13 at the patent office along with the prescribed fee.

Kind regards,

Dr. Aruna,

Gopakumar Nair Associates

Dear Dr.Aruna,

In response to your mail regarding amendment of the Indian Patent Application No.1949/MUM/2015 , I have gone through attached draft. I am sending edited version of given draft for further action. Request you to see the novelty status of proposed plant(Cinnamomum wightii Meisn) for the given claims.

Regards,

Dr.Raman P. Yadav

Subject: Amended complete specification 1949_MUM_2015

Dear Sir,

This has reference to your trailing mail.

Please find attached herewith the amended complete specification of the Indian Patent Application No.1949/MUM/2015 with inclusion of the spice species Cinnamomum wightii Meisn in place of Mesua ferrea.

Kindly go through the same and verify the changes made therein, after which you may give us your clear instructions to go ahead.

Further it has come to our notice that the spice species mentioned in the Authentication Report 1 (issued by Agharkar Research Institute) has the sample authenticated to be Cinnamomum wightii Meisn, whereas Authentication Report 2 has the sample authenticated to be Cinnamomum verum. We request you to clarify the same. Since report 2 appears to have a different species, we recommend forwarding the authentication report 1 to the patent office.

Also, the term Mesin mentioned in the trailing mail is corrected as Meisn and accordingly incorporated.

For the purposes of amendment, we will be filing FORM 13 along with the revised complete specification, accompanied with the official fee of Rs.4000/-(electronic filing) after we receive your approval to go ahead.

Our professional fees for the revising and filing the amended complete specification (Form 2), Form 1(amended title) is Rs.5000/-

Awaiting your early response.

Best regards

Dear Sir,

In continuation of our effort for generation of patent from discovery & application research, I am happy to inform you that MGMIHS OMICS research group is ready to file one more very important patent. I am submitting documents of proposed patent for your permission and record.

1. **Biological method for the synthesis of monodisperse cerium oxide quantum dots with enhanced antioxidant activity**

Sir, in continuation of our earlier discussion, I am also enclosing the patent filing/ registration related official fee and professional fee provided by Gopakumar Nair associates, IPR Consultants and Advisor.

In reference to proforma invoice for submitted by Gopakumar Nair associates, Mumbai for two earlier patent applications, the approximate cost of one complete patent application filing and expedited publication (Form 9) will be around Rs.69, 203/-(rupees sixty nine thousand two hundred three) which includes Official fee, Professional fee and others.

I request you kindly grant me Rs.69, 203/-(Rupees sixty nine thousand two hundred three) for the same.

Best Regards,

Dear Dr. Badade,

In response to approval for **patent filing** from Hon'ble Vice Chancellor, MGMIHS, we have filed a patent in India through Gopakumar Nair Associates, the patent attorney Kandivali (East), Mumbai. Gopakumar Nair Associates has communicated all the post-filing relevant documents to us along with bills for professional fee, official fee, etc.

I request you to kindly do the needful and clear the bills admitted by Gopakumar Nair Associates. I am enclosing all the relevant documents and bills along with approval copy of documents regarding patent filing to you for quick perusal.

Regards,

23/11/2015

Dr. S. N. Kadam
Hon'ble Vice-Chancellor, MGMIHS, Kamothe
Navi Mumbai.

Dear Sir,

In continuation of our effort for generation of patent from discovery & application research, I am happy to inform you that MGMIHS OMICS research group is ready to file one more very important patent. I am submitting documents of proposed patent for your permission and record.

1. **Biogenic method for generation of multiple nanoparticles (Zn, Fe, Mg, Ca, Ce, Si, Ag) by *Cajanus cajan***

Sir, in continuation of our earlier discussion, I am also enclosing the patent filing/ registration related official fee and professional fee provided by Gopakumar Nair associates, IPR Consultants and Advisor.

In reference to proforma invoice for submitted by Gopakumar Nair associates, Mumbai for two earlier patent applications, the approximate cost of one complete patent application filing and expedited publication (Form 9) will be around Rs.85,000/-(eighty five thousand) which includes Official fee, Professional fee and others.

I request you kindly grant me 85,000/-(eighty five thousand only) for the same.

Best Regards,

Yadav

Request for early Publication (Form 9) - Complete Patent Application No. 201721018037 filed on 23/05/2017

To Raman Yadav <raman.yadav@mgmmumbai.ac.in>

Dear Sir,

Reg.: Complete Application No.: 201721018037 filed on 23/05/2017

As per your instructions through email dated 2nd June, 2017, we are pleased to inform you that we have submitted Request for Early Publication in Form 9 at Chennai Patent Office on 5th June, 2017 of the above mentioned patent application.

The copy of 'as filed' document is attached herewith for your information and record.

We will keep you informed of the further developments in these applications. In the meantime, if you have any questions, please feel free to contact us.

Kindly acknowledge receipt of this email.

With best regards,

Jyoti S. Pandey (Ms.)
Gopakumar Nair Associates

Subject: RE: Complete Patent Application No. 201721018037 filed on 23/05/2017

Dear Ms. Jyoti,

Kindly file the required document for Early Publication (only) to respective division for our recently filed Complete Patent Application (201721018037) titled "BIOREACTOR FOR VERY FAST GENERATION OF MULTIFUNCTIONAL FLUORESCENT NANOPARTICLES".

Regards,
Dr.Raman P. Yadav

> This has reference to your trailing email. We are hereby pleased to confirm having filed the Complete Patent Application titled "BIOREACTOR FOR VERY FAST GENERATION OF MULTIFUNCTIONAL FLUORESCENT NANOPARTICLES" at the Mumbai Patent Office on 23rd May, 2017. The number allotted by the Patent Office to the said application is 201721018037. We request you to kindly quote the said application no. in all future communications for the said subject matter.
>
> REQUEST FOR EARLY PUBLICATION AND EXAMINATION
>
> Kindly note that with a view to expedite the process of grant, we may file the Request for Early Publication in Form-9 by paying official fees of Rs.12,500/- along with Request for Examination in Form-18 by paying official fees of Rs.20,000/-. (Our Professional fee for each form is Rs.3000/- + service tax will be extra). Please give us your clearance to enable us to proceed in this matter.
>
> Currently, we await the publication of the bibliographic details in the Official Journal of the Patent Office, which will be anytime after 18 months from the date of filing of the said patent application.

PCT INTERNATIONAL APPLICATION

Kindly note that a PCT International application may be filed within 12 months from the date of filing (priority date) of the above mentioned application i.e. on or before 23rd May, 2018 No extension is available. We, therefore, request you to send to us your instructions at least one month in advance from the due date, to enable us to prepare and file the application at the Receiving Office.

If you so desire, we may, along with the filing of the complete application file PCT International Application. Kindly note that filing of a PCT International Application will NOT lead to a grant of a 'PATENT'. By filing a single PCT International Application, we will be able to cover/designate all PCT Contracting States. Thereby, we can have maximum time limit of up to 30/31 months to elect/enter any of the PCT Contracting States.

PARIS CONVENTION APPLICATION

Kindly note that a Convention application may be filed in one or more countries by taking priority of Indian patent application without filing PCT International Application. The time limit for filing such Convention Application is 12 months from the date of first (priority date) filing, i.e. on or before 23rd May, 2018. No extension is available.

We, therefore, request you to send us your instructions at least one month in advance from the due date, to enable us to make a request to the Foreign Attorney(s).

FOREIGN FILING DETAILS

Please note that, as per the Indian Patents Act, 1970, the Indian Patent Office has to be kept informed of foreign filing details (Country, Date of filing and status) of the corresponding Indian patent application within 6 months from the date of filing outside India. We, therefore, request you to kindly provide to us such data, at least a week in advance form the expiry of six months, to enable us to file the same at the Patent Office. Failure to comply with the above may result in the rejection of the patent application.

RENEWAL FEES

Renewal Fees has to be paid after the grant of patent, starting from 3rd year from the date of filing.

We shall keep you informed of any developments / deadlines in due course.

Kindly acknowledge receipt of this email.

With best regards,

Jyoti S. Pandey (Ms.)

Ref NO SBS/16/3/142 Date: 30/3/16

0/6

Date: 12th March'2016

To,
Director,
MGM University's Department of Biomedical Sciences,
MGMIHS, Kamothe.

We are carrying out studies on effects of Wi fi radiations in Zebra fish as a vertebrate model system. As studies involve use of radiation hence experiments cannot be carried out in the zebra fish lab, CRL, ground floor. Therefore some of these experiments have to be carried out in the fourth floor lab with your kind permission.

We have to set up the fish maintenance and related facilities such as tanks, air pumps, filters, fishes and their feed etc. These things have been purchased and these experiments are in progress. The bills for the expenditure have been enclosed.

I would like to request you to kindly approve of these expenditures so bills can be paid.

Thanking you.

With personal regards,

Dr. D.S.Joshi
Professor,
Dpt. of Genetics,
UDBS, MGMIHS.

Dear Doctor,

- The cells you need are available with us for supply.
- To obtain these cells kindly fill up a request in a tabulated form that is given at the end of this letter.
- The request letter should be accompanied by handling charges to be paid in advance.
- The handling charges for cell lines (per cell line per flask) are:
  *Rs. 2000/- for non-profit-making organizations
  *Rs. 5000/- for industrial and profit-making organizations
  *Additional charges for GST @18% will be applicable to all.
- The charges should kindly be remitted in advance through 'Electronic money transfer' to the below mentioned bank account. Kindly send the transfer document as a proof along with the cell line request.

Name of the Beneficiary	:	**Director, NCCS, Pune**
Name of the Bank	:	**State Bank of India**
Branch Address	:	**NCL Campus Branch, Dr. Homi Bhabha Road, Pashan, Pune-411008**
Saving Account No.	:	**33794408771**
IFSC code	:	**SBIN0003552**
Swift code	:	**SBININBB218**

- **Kindly note we do not accept demand drafts and cheques any more.**
- We send growing cells in T-flask by either by courier or speed post.
- The cells are dispatched after receiving your confirmation within four to six weeks' time.
- Kindly acknowledge NCCS for source of cell lines in your publications, presentations, etc.
- Many thanks for your interest in the Cell Bank at NCCS.

Regards,

Sincerely yours,

Curator, NCCS.

Sub: Approval of payment for patent – prior art search and drafting complete specifications

Dear Sir,

As you are aware we had applied for the below provisional patents last year. Going ahead with the procedure for the final patent through the same attorney, "M/S. Krishna & Saurastri Associated, LLP, Pune". Invoice for professional charges for prior art search and drafting and filing complete specifications is attached for your approval.

Sr. No	Device	Patent application no	Prior art search cost	Final application cost
1	Sensor based inflatable device	PS1219IN00	Rs.10850/-	Rs.50750/-
2.	Biological Safety Cabinet and a Kit thereof	PS1220IN00	Rs.10850/-	Rs.50750/-
3.	System and method for end point detection of polymerase chain reaction amplified nucleothides	PS1217IN00	Rs.10850/-	pending
		Total	**Rs.32550/-**	**Rs. 1,01,500**

Please note that non-extendable deadline for filing complete specification is 30th June, 2018 and we need to make payment before that.

Dear Sirs,

Ref. : INDIA – Patent Application No. **201721023794**
Dated – July 7, 2017
Title – "A BIOLOGICAL SAFETY CABINET AND A KIT THEREOF"
Applicant – MGM College Of Engineering And Technology (MGMCET)
and MGM INSTITUTE OF HEALTH SCIENCES (MGMIHS)
Our File - P8271IN00

We are pleased to inform you that as per your instructions, we have prepared and filed a Provisional Patent Application at the Indian Patent Office and the same has been numbered as **201721023124** dated June 30, 2017.

A copy of the official filing receipt issued by the Patent Office along with as filed documents are sent herewith for your ready reference.

Please note that a Complete Specification is required to be filed within 12 months from the date of filing the Provisional Application. The deadline for the same is **June 30, 2018**. Therefore, kindly let us have your instruction in advance.

Our invoice for the services rendered is enclosed with this letter, requesting you to kinldy arrange for its remittance.

Please acknowledge the receipt of this communication by return e-mail.

Yours faithfully,
FOR KRISHNA & SAURASTRI ASSOCIATES LLP

Through HOD

Subject:- Wavier of cost towards histopathological studies for MSc. Dissertation.

Respected Sir,

This is in reference to the following MSc. Dissertation entitled.

1) Title:- Blood pressure lowering effects poly-herbal combination of medicinal plants with dipeptidyl peptidase-4 inhibitory activity in experimental hypertension.
   By:- Prithviraj Erande Guide:- Dr. Ipseeta Ray
2) Title:- Cardioprotective efficacy of poly-herbal combination of medicinal plants with dipeptidyl peptidase-4 inhibitory activity in experimental diabetes.
   By:- Devkumar Tiwari Guide:- Dr Ipseeta Ray

The M.Sc thesis have been approved by IAEC. Following histopathological studies are essential to accomplish the objectives committed in MSc. Dissertation

1) Histopathology of Myocardium tissue : 18 samples
2) Histopathology of Kidney : 12 samples
3) Histopathology of Liver: 2 samples

It is requested that the cost towards undertaking the histopathological studies may be kindly be waived of or maximum concession as applicable may kindly be provided.

This is necessary permission and sanctions.
