1. Overview

Tata Memorial Centre - National Cancer Grid is committed to communicate information on its products and research in an accurate and objective fashion. These communication activities must be undertaken in a responsible and ethical manner. 3. Publications from Research Sponsored by Tata Memorial Centre - National Cancer Grid

Tata Memorial Centre - National Cancer Grid is committed to publishing medically important results, whether positive or negative, from its clinical research in peer-reviewed journals. Tata Memorial Centre - National Cancer Grid seeks to ensure that publications in biomedical journals follow the guidelines established by the International Committee of Medical Journal Editors (ICMJE) and published in its Uniform Requirements of Manuscripts Submitted to Biomedical Journals (<http://www.icmje.org>). Importantly, these guidelines require recognition in the manuscript that the research was conducted in accordance with the Ethical Principles for Medical Research Involving Human Subjects (<http://www.wma.net/en/30publications/10policies/b3/index.html>) otherwise known as the Declaration of Helsinki. Authorship credit should be based on 1) substantial contributions to acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet all 3 conditions. Each author must give his/her approval to have his/her name included in the list of authors. Tata Memorial Centre - National Cancer Grid believes that participation solely in the collection of data or drafting the manuscript does not justify authorship. These conditions apply equally to external investigators and to Tata Memorial Centre - National Cancer Grid employees.

Les sommes fournies en vertu du présent Accord ne pourront être dépensées que conformément aux dispositions dudit Accord.

L'Institution et le Chercheur principal seront conjointement responsables du bon état de conservation et d'entretien de tout matériel acquis en application du présent Accord.
- 3.2 Nonobstant les dispositions de l'alinéa 3.1 ci-dessus et si l'OMS en fait la demande, l'Institution transférera à celle-ci, lors de la résiliation ou de l'expiration du présent Accord les droits de propriété afférents à tout matériel acquis au titre dudit Accord. L'Institution expédiera alors ce matériel vers toute destination que lui aura indiquée l'OMS, les frais d'expédition étant à la charge de cette dernière.

- 4.2 Les rapports financiers devront être envoyés, après avoir été visés conjointement par le Chef des Services financiers de l'Institution et par le Chercheur principal qui utiliseront à cette fin la formule WHO 782. Les rapports devront indiquer l'utilisation des fonds provenant de l'OMS au regard des prévisions de dépenses initiales dont étaient convenues l'Institution et l'OMS.
- 4.3 Tous les rapports financiers et techniques sont soumis par l'OMS à une vérification comprenant l'examen de toutes pièces justificatives ainsi que des écritures comptables correspondantes dans les livres de l'Institution. En vue de faciliter l'établissement et la vérification de ces rapports, l'Institution veillera à la tenue de comptes et de registres exacts et systématiques pour tout ce qui concerne le projet.
