MGM Institute of Health Sciences, Navi Mumbai.

Date: 2<sup>nd</sup> December, 2019

Venue: Gr. Floor Auditorium, MGM Medical College Building, Kamothe, Navi Mumbai.

The first event of Institution's Innovation Council's II quarter, MGM Institute of Health Sciences, Navi Mumbai was conducted on 2<sup>nd</sup> December, 2019 (Monday). The event was based on the theme "**Product Development Phases - Story Telling (Innovators in Campus)**"

Topic: **Product Development Phases: Challenges and Success**

When it comes to developing a new product or service, the main point of concern is that at every stage there will be some or the other challenges, which when conquered successfully will result in improving the quality of the product. Therefore, understanding each phase of product development viz. idea generation, research, development, testing and release phase, is vital. This event was organized to highlight the different phases of product development.

This event was jointly organised by MGMIHS OMICS Research Center and MGMIHS Incubation and Innovation Centre, MGMIHS, Kamothe, Navi Mumbai.

it was to get water for the students of MGM Medical College who were residing at the hostel near/in the Campus. He walked us through the journey of how he targeted pond water to solve this issue and how he treated that water which could then be used for drinking, cooking, washing, etc. His whole idea of this project was based on "need based" product development. He and his team briefly defined the technologies involved in this process.

Ms. Harshita Mohanty then invited the second innovator in campus- Dr. Raman P. Yadav, Technical Director, MGMIHS OMICS Research Center, MGMIHS, Navi Mumbai. Dr. Raman P. Yadav began his speech by sharing his story of product development. He expressed his journey of joining MGMIHS to his achievements till date, in which he highlighted about the challenges faced by him and eventually the success gained. He studied the recent trends in TB which inspired him to contribute in Diagnostic aspects in the area of Tuberculosis by taking into account Latent Tuberculosis as well. He focused on the fact that inspiration is crucial for innovation and novelty. He finally concluded his discussion by mentioning that he was victorious in converting his novel idea into a final product/outcome by getting patent for MGMIHS, Navi Mumbai.

Dr. Raman P. Yadav (Technical Director, MGM Central Research Laboratory MGMIHS, Navi Mumbai) delivering the story about his innovation in campus

Ms. Harshita Mohanty invited Dr. Uttara Deshmukh, Assistant Professor in MGM University Department of Prosthetics and Orthotics, Kamothe, Navi Mumbai, on the stage to talk about her story of Innovation in campus. Dr. Uttara started with explaining the basic difference between orthotics and prosthetics to sensitize the crowd with her project. She described the development of "Tone reducing ankle foot orthosis" for patients with cerebral palsy. She concluded by saying that tone reducing ankle foot orthotics were more beneficial than normal articulated ankle foot orthosis.

The program started with the delightful speech given by Dr. Shashank D. Dalvi, Honourable Vice Chancellor and President, Institution Innovation Council (IIC), MGM Institute of Health Sciences. He addressed to the students of MGMIHS on Innovations with various simple examples of day to day life.

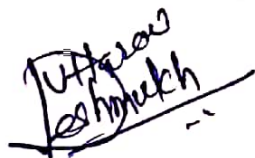

The program was carried on with welcome address by Dr. Raman P. Yadav, Convener, Institution's Innovation council (IIC), MGM Institute of Health Sciences (MGMIHS). He discussed the significance of Innovation and the theme of the program that is "Need Based Product Design." Dr. Uttara Deshmukh (P&O), In-Charge, Head of the Department, MGM Institute's University Department of Prosthetics and Orthotics (MGMIUDPO), Kamothe, Navi Mumbai thrown light on how Innovation is beneficial to the Society. The program was followed by Lamp lightening by all the dignitaries and few students of MGMIHS, Navi Mumbai.

The program was pushed on with the motivational speeches on the theme "Need Based Product Design" by following speakers -

1. Dr. Urmila Naukudkar, Faculty, All India Institute of Physical Medicine and Rehabilitation, Mahalaxmi, Mumbai delivered the lecture on Prostheses as a product development needed for Congenital Anomalies and Rotation Plasty patients. She discussed in detail about the need behind the Customized Prosthetic development of Congenital Anomalies on two cases and Prosthetic management of Rotation Plasty surgery (Ghost Surgery) on one case.
2. Dr. Pankaj Sinha, Director and Proprietor, Sai Prosthetics and Orthotics Research Centre delivered the speech on Osseo integration and Prosthetic management for the same and case fitted at his centre. He also thrown light on the Nation wise demand of Prosthetist and Orthotist as per WHO Census.
3. Dr. Akshay Zodge, Director and Proprietor, Perfect Prosthetics and Orthotics Care delivered the lecture on Paediatric Orthoses and Podiatry. He also elaborated technology behind Paediatric hip orthosis fitted for Internal Rotators deformities.
4. Rafiq Ahmad, IV BPO student, MGMIUDPO, Kamothe, Navi Mumbai on Articulated AFO with dorsiflexion assist. He discussed about the need behind the modification. The modification was the use of helical springs, which is available in local market with very low cost.

At last concluding remarks were given by Dr. Deepshikha Raut (P&O), Assistant Professor, MGMIUDPO, Kamothe, Navi Mumbai.

The event was successfully completed as the students gained knowledge about "Need based Product design" i.e. According to the patients need the Prosthetist/Orthotist has to modify the Prosthetic/Orthotic treatment.

MGMIHS, introduced the concept of MHRD's Institution's Innovation Council and explained the purpose of establishing an Innovation cell. He boosted the young students by explaining the fundamental ideas and the concept of innovation. He also mentioned that MGM Institute of Health Sciences, Navi Mumbai has already established an Innovation Council (IIC, MGMIHS). As the event was based on delivering a motivational speech on **My Entrepreneurial challenges and success**, Dr. Yadav gave an overview on entrepreneurship and stated few examples of entrepreneurs (such as Tata, startups inspired from Mahatma Gandhi etc.)

Following this, the Registrar of MGMIHS, Navi Mumbai, Dr. Rajesh Goel praised MHRD for giving us an opportunity to establish an ecosystem in the campus. He congratulated all for establishing the Council. He focused on changing the views of young generations on being a job creator rather than a job seeker. He also mentioned how collaboration and integration with various segments in campus will lead towards setting up a rigid council. He also stated that "our young generation is suitable for entrepreneurship". Dr. Goel related IIC with a basket where the students/ members should put forward their ideas and the mentors should provide them a direction on how to execute these ideas.

#### Workshop on, "Shaping of Ideas for Innovation"

**Date:** 10/10/19

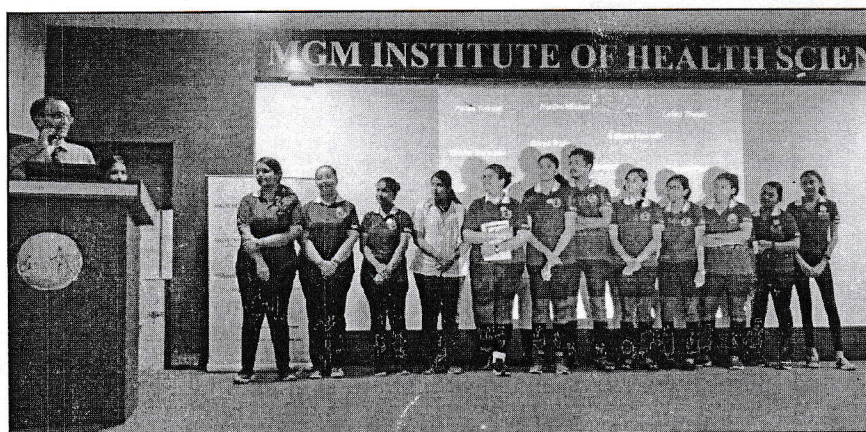

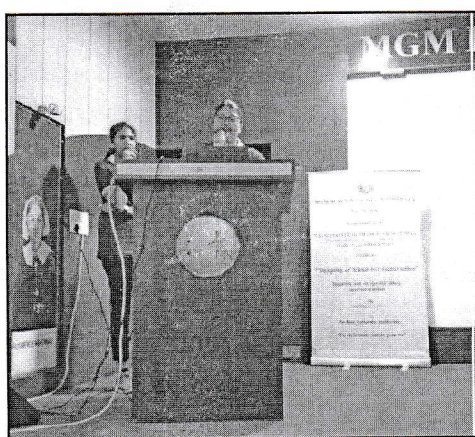

**Time:** 12:30pm to 3.30pm

**Venue:** Auditorium, 3<sup>rd</sup> Floor, MGM Medical College

**Attendees:** II –IV BPT students, Interns, MPT students and Post-graduate students of Molecular Biology

#### **Summary:**

- The workshop started with a brief overview of innovation technology by Dr. Rajani Mullerpatan who sensitized the students about adding innovative thinking in conventional learning. This was followed by Dr. Raman Yadav's talk on inception of Idea and how any idea for innovation can be generated. He emphasized that innovation can be inspired from three major sources: Observations around us, identifying the societal needs and developing ideas based upon existing needs.
- The NSS Volunteers presented their initiative in innovation on R-ECO pen which was immensely appreciated by faculty and students

(Deemed University u/s 3 of UGC Act, 1956)

**Grade 'A' Accredited by NAAC**

### **MGM SCHOOL OF PHYSIOTHERAPY**

Sector-1, Kamothe, Navi Mumbai – 410209

- Mrs. Preeti Athavale, Assistant Professor, Department of Biomedical Engineering, MGM Engineering college focused her talk on the steps required in order to take an idea from the stage of concept formation all the way upto prototype
- Dr. Jennifer V D'souza, Assistant Professor, MGM School of Physiotherapy spoke about the need and opportunities that are available for innovation in rehabilitation. She sensitized the students to the already existing technologies and their limitations and pressed on the need to work in furthering innovation in various sectors of rehabilitation

**Fig 2: Speakers at the workshop**

- Dr. Juhi Bharnuke (PT) presented an e-tour of Atal Innovative Mission (AIM) scheme by NITI Aayog, Government of India for financial aid provided to start-ups through tinkering labs, incubation centers and funding support to small and medium scale industries.
- Dr. Arunkumar Lokandhe, Professor, Department of Biochemical Engineering, MGM Engineering college shared his story of success where he was able to recycle waste paper accumulated at institution's and hospital level and how he was able to convert the waste paper into recyclable paper which could be used for various purposes.

**LOCATION OF THE EVENT:** Academic Section, Department of Prosthetics and Orthotics, MGMIHS, Kamothe, Navi Mumbai

**DATE AND TIME OF THE EVENT:** Date: October 15<sup>th</sup>, 2019  
Time: 11:00 am to 12:00am.

**NO. OF ATTENDEES:** 3 Faculties and 37 Students.

#### **PROCEEDINGS OF THE EVENT:**

On the occasion of 'Innovation Day' the MGM Institute's University Department of Prosthetics and Orthotics organized activities which made the students to think out of the box and create something new as well as innovative.

A brief introduction was given by Head of the Department Dr. Uttara Deshmukh (P&O) about the '15 October - Innovation Day' and importance of research in the field of Prosthetics and Orthotics, followed by the guidelines about the program by Dr. Alka Shinde (P&O).

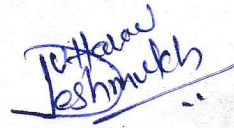

The following activities were included:

1. **Debate Competition:** III BPO and IV BPO students participated in debate on the topic : *'Innovation in Prosthetics and Orthotics field'* There was a full discussion on the innovative materials used in the field of Prosthetics and Orthotics and their Pros and Cons, solutions for innovative practices etc.

2. **Poster Presentation Activity:** Students made posters on 'Innovation in Prosthetics and Orthotics field' which were self explanatory. They demonstrated their posters to all the faculties and students present for the Program.

The entire program was beneficiary for the students as well faculty for developing their ideas towards innovative outcomes.

#### **Details of the Activity :**

The activity was conducted by MGM Institute's University Department of Prosthetics and Orthotics under Institution Innovation Council, MGM Institute of Health Sciences, Kamothe, Navi Mumbai.

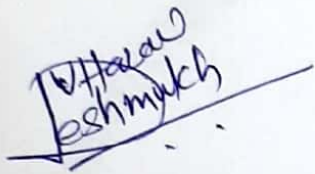

The students of MGM Institute's University Department of Prosthetics and Orthotics were given the topic "Innovation" on which they were asked to write an essay of their own ideas. There was no language barrier as well as there was no writing method barrier. Total 18 students gave their Essays out of which 10 in printed format and 08 in hand written formats.

The Essays were about innovations in various fields like Medical, Engineering, Business and the field of Prosthetics & Orthotics to form a new method of treatment plan, new devices or a new product to improve the technique or to provide good facilities at less efforts and easy ways.

After thorough assessment of the essays, a mentoring session was organised for all the B.P.O. students regarding guidance for improvisation for their thoughts on innovation.

They were enlightened about the research and innovations in the field of Prosthetics and Orthotics and illuminated that they also can produce such type of new and helpful prosthetic/orthotic devices to improve the quality of life of various patients with locomotor disorders, to make the patient independent for their all Activities of Daily Living (ADL).

The implementation process by creative inspiration of new ideas, new devices which plays an important role for new generation to take part in innovation to introduce such designs which are new for the field of Prosthetics and Orthotics was also introduced.
