

AIMTDR Life Time Achievement Award 2014
Dr. VINOD K. SURI

Dr. Vinod K. Suri has been among the pioneers and a prime contributor in the strategic project of Department of Atomic Energy (DAE) since its inception. He had incorporated several innovative ideas overcoming the mechanical engineering challenges. His major contribution is the development and large scale deployment of ultra-precision high-performance high-speed hydrodynamic bearings. Besides that he established several facilities for precision and micro-manufacturing.

Dr. Suri was the convener of "DAE Steering Group for Micro-Nanotechnology". He is the visionary of "Micro-Nanotechnology in Service of Rural India" and promulgates his idea of "Regional Relevant Research" in the country. He has 6 patents, 5 peer reviewed journal papers, 30 conference papers and 2 book chapters to his credit. He has conducted around 20 workshops in the last decade in collaboration with IITs. He has guided/mentored 5 Ph.D. students and 20 M.Tech. students.

Dr. Suri exploited photo-chemical machining for societal benefits. He has conducted two workshops in Maharashtra and one in North-East to give hands on training to artisans. Dr. Suri is a member of National Advisory Committee of AIMTDR and has actively contributed to its cause.

In recognition of Dr. Suri's immense contribution to the growth of manufacturing research and outreach for helping the rural India as well as AIMTDR activities, the organizing committee feels privileged to confer Life Time Achievement Award of AIMTDR 2014 on him.
