## **INFLIBNET Centre**

### **Memorandum of Understanding (MoU) for Shodhganga/Shodhgangotri**

(A Repository of Theses and Dissertations submitted to the Universities in India)

This Memorandum of Understanding (MoU) is made and entered into on **18<sup>th</sup>** (Day) **August** (Month) **2017** (Year) between the **INFLIBNET Centre**, an IUC of University Grants Commission located at Gandhinagar, hereinafter referred to as "**INFLIBNET**" and **MGM Institute of Health Sciences, Navi Mumbai** (Deemed University), here in after referred to as the '**University**'.

WHEREAS, INFLIBNET Centre, an Inter-university Centre of the University Grants Commission, as its mandate, promotes open access to scholarly content generated in universities. The Centre has computers, network, software infrastructure and technical know-how required for hosting electronic versions of theses and dissertations in open access with interface to search, retrieve and access these content.

WHEREAS **MGM Institute of Health Sciences, Navi Mumbai** (Deemed University) has agreed to take part in the process of digitisation of old theses and dissertations (not available in computerized machine-readable format) and building-up of digital repository and to promote, share and host its ETD in 'Shodhganga: A reservoir of Indian theses submitted to the Universities in India' and other universities in open access. 'Shodhganga' is a name coined by INFLIBNET Centre for referring to the repository of Indian Electronic Theses and Dissertations. The word "Shodh" originates from Sanskrit and stands for research and discovery. The 'Ganga' is the holiest, longest and largest river in Indian subcontinent which has held heart of its people captive and drawn millions of people to its banks since the dawn of history. The Ganga is the symbol of India's age-long culture and civilization, ever changing, ever flowing, ever loved and revered by its people. "Shodhganga", a repository of theses and dissertations submitted to Indian universities, is expected to keep growing to a formidable size as more and more researchers from India submit their research works to this ever growing reservoir. Under the initiative called "ShodhGangotri", research scholars / research supervisors in universities are requested to deposit electronic version of approved synopsis submitted by research scholars to the universities for registering themselves for the Ph.D programme.

This Memorandum of Understanding (MoU) defines responsibilities, liabilities and commitments of the institutions involved to ensure proper system implementation, to meet the objectives pertaining to submission and access to Electronic Theses and Dissertations as envisaged by the UGC vide its Notification (Minimum Standards & Procedure for Award of M.Phil/Ph.D Degree), Regulation, 2009 dated 1st June, 2009.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, INFLIBNET and the University agree to the following terms and conditions:

#### **I. INFLIBNET Centre**

### E-Resources at Central Library of MGMIHS

(<https://www.mgmlibrary.com>)

To cope with the changing environment, the focus of library user services is now information content-centered as opposed to conventional document-based services. In this process, librarians depend more on e-publishing, online and internet resources, etc. Keeping this in view, the MGM Central Library has developed its own website (<https://www.mgmlibrary.com>). The site is hyperlinked to a wide range of information resources, services and policies.

It is our endeavor to provide resources and services as one-stop-shop by way of applying ICT in order to provide fast, focused and easy access to relevant health information to all medical scientists of MGM Institute of Health Sciences (Deemed to be University) and it's constituent colleges involved in teaching, research, and patient care. The website contains hyperlinked 410 e-books, 3645 e-journals, and 30 e-databases which are being used extensively by the students, teachers, research scholar, paramedical and auxiliary health personnel. Details on various types of hyperlinked e-resources have been described in the following table:

<i>Descriptions of hyperlinked e-resources</i>	<i>Number of e-resources</i>
e-Books	410
e-Journals	3645
e-Database	30

In addition to above, 72 e-journals have been subscribed during 2019. All these e-journals are accessible electronically at <https://www.mgmlibrary.com> (List attached).
