Subject: Welcome to SWAYAM-NPTEL Online Courses and Certification! - Basic course in Bio-medical Research
To: <neharai24.nr@gmail.com>

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic course in Bio-medical Research**". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact. Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the '**Final score**' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage)**. It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered '**Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019.** When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the **'Final score'** comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage).** It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered **'Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

Registration of SWAYAM-NPTEL Online Courses and Certification! - Dr. Shreya Gudi
1 message

Shreya Gudi <gudishreya@gmail.com>   Wed, Nov 13, 2019 at 9:04 AM
To: mgmmcnb@gmail.com

Respected Sir/Madam

I Dr. Shreya Gudi have registered for SWAYAM and this is the forwarded message of the registration. Kindly note as received.

Thank you.

To: <gudishreya@gmail.com>

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the '**Final score**' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage)**. It will be e-verifiable at a designated web address. No hard copies will be issued.

To: <allydalvi2012@gmail.com>

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the '**Final score**' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage)**. It will be e-verifiable at a designated web address. No hard copies will be issued.

- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the **'Final score'** comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage).** It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered **'Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic course in Bio-medical Research**". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the '**Final score**' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage)**. It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered '**Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score **<50% in the proctored examination (but have scored > 50% in total assignment score)** have to re-register for the proctored examination in the next cycle.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries

related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the '**Final score**' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage).** It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered '**Ineligible**' **to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score **<50% in the proctored examination (but have scored > 50% in total assignment score)** have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic course in Bio-medical Research**". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the '**Final score**' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage).** It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered '**Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score **<50% in the proctored examination (but have scored > 50% in total assignment score)** have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

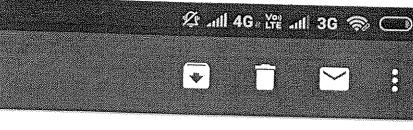

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019.** When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the '**Final score**' comprising the **total assignment score (25% weightage)** and the proctored examination score (75% weightage). It will be a verifiable at a designated web address. No

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic course in Bio-medical Research**". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

Welcome to SWAYAM-NPTEL Online Courses and Certification! - Basic course in Bio-medical Research

onlinecourses@nptel.iitm.ac.in

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic course in Bio-medical Research**". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact. Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A

minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores at **least 50% in total assignment score and proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the 'Final score' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage)**. It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered **'Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score **<50% in the proctored examination (but have scored > 50% in total assignment score)** have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "Basic course in Bio-medical Research". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd...

The course will begin on **September 01, 2019.** When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact. Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

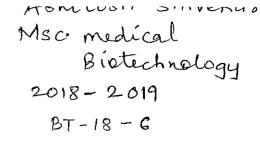

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the 'Final score' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage).** It will be e-verifiable at a designated web address. No hard copies will be issued.

- The candidates will be considered 'Ineligible' to register for the proctored examination if they score < 50% in total assignment score. They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score <50% in the proctored examination (but have scored > 50% in total assignment score) have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "Basic course in Bio-medical Research". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge*5?preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact. Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score and proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the **'Final score'** comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage).** It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered **'Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score **<50% in the proctored examination (but have scored > 50% in total assignment score)** have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic course in Bio-medical Research**". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the 'Final score' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage).** It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered 'Ineligible' to register for the proctored examination if they score < 50% in total assignment score. They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score <50% in the proctored examination (but have scored > 50% in total assignment score) have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination

date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the '**Final score**' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage)**. It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered '**Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score **<50% in the proctored examination (but have scored > 50% in total assignment score)** have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic course in Bio-medical Research**". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019.** When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact. Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019.** When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.
- The e-Certificate will depict the 'Final score' comprising the **total assignment score (25% weightage)** and the **proctored examination score (75% weightage).** It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered **'Ineligible' to register for the proctored examination if they score < 50% in total assignment score.** They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score **<50% in the proctored examination (but have scored > 50% in total assignment score)** have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.

REGISTRATION FOR EXAMINATION:

The registration for examinations will open 3 months before the scheduled examination date. To register for examination, the enrolled candidates will (1) fill-up an online form (2) pay examination fee of Rs. 1000 online. The list of examination centres will be made available at the time of registration for the examination. Candidates will have 3 options of exam cities to choose from.

CRITERIA TO GET A CERTIFICATE

- A candidate will be considered eligible for an e-Certificate only if s/he scores **at least 50% in total assignment score** and **proctored examination score independently.** The total assignment score will be

known at the time of opening of registration for the proctored examination. The successful candidates will get an e-Certificate with the name, photograph and the scores obtained.

- The e-Certificate will depict the 'Final score' comprising the total assignment score (25% weightage) and the proctored examination score (75% weightage). It will be e-verifiable at a designated web address. No hard copies will be issued.
- The candidates will be considered 'Ineligible' to register for the proctored examination if they score < 50% in total assignment score. They will have an option of re-enrolment for the course in the next cycle.
- The candidates who score <50% in the proctored examination (but have scored > 50% in total assignment score) have to re-register for the proctored examination in the next cycle.

Once again, thanks for your interest in our online courses and certification. Happy learning.

Welcome to SWAYAM-NPTEL Online Courses and Certification! - Basic course in Bio-medical Research

3 messages

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course **"Basic course in Bio-medical Research"**. We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Basic course in Bio-medical Research
Course url: https://swayam.gov.in/nd1_noc19_ge33/preview

The course will begin on **September 01, 2019**. When content is released on the portal, you will get an email alerting you.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
- The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn much better.
- If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

CONTENT AND ASSIGNMENTS

The course includes 23 topics covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include video lectures, presentation slides, reading materials and assignments.

Each of the 23 topics will have online assignments consisting of 10 Multiple-Choice Questions (MCQs) each. Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the examination.
