Course :- Happiness Through Enhanced Emotional Intelligence

Introduction:

Emotional intelligence (EQ/EI) is defined as an ability to identify, consider and control emotions in oneself and to recognize them in others, brought on by a combination of self awareness, self management, social awareness and relationship management.

Intelligent quotient (IQ) correlates with academic success but often fails to assure personal and professional success. EQ on other hand is a spastically significant factor in achieving personal and professional growth. While IQ is inborn god gift, EQ can be improved by learning strategies in areas of self awareness, social awareness and relationship management. Most of the professional courses including medical courses offer little to improve EQ of participants in these course. Present value added course is designed to enable students/participants to lead a happy and fulfilling life by using strategies of EQ/EI.

Department under Which Course to Be Conducted:

Dept of Medical Biotechnology, MGM School of Biomedical Sciences

Overview: Why Heartfulness is important in all healthcare professional?

More than ever, health care professionals find that stress has a huge impact on their patient's health and their own. Heartfulness cultivates a stable healing presence that benefits patients and providers alike. Heartfulness meditation techniques are widely used to manage stress, and are especially effective at reducing the stresses of time pressure and excessive workload that make modern health care so difficult.

Meditation is primarily a reflective discipline that requires a quiet introspection, typically leading to a fundamental shift in one's perspective on daily life. Meditation techniques have been practiced for thousands of years because they cultivate presence, empathy, compassion, and connectedness in a simple and straightforward way. Heartfulness meditation techniques are widely used to manage stress and are especially effective at reducing the stresses of time pressure and excessive workload that make modern health care so difficult. As we become more adept at dwelling in the living presence of our own experience, we begin to connect more deeply with patients, as well as co-workers and family members. Heartfulness meditation cultivates a stable healing presence that benefits patients and providers alike. Other benefits. Heartfulness has been shown to enhance self-insight, morality, institution and fear modulation, all functions associated with the brain& middle prefrontal lobe area.

SWACHH BHARAT ABHIYAN HELD ON 11th December 2016

VENUE: MGM CAMPUS, KAMOTHE

Hon'ble Prime Minister of India has given a call for Swachh Bharat as a mass movement to realize Mahatma Gandhi's dream of a Clean India. A nationwide campaign with participation of all sections of the society can help bring about mass awareness on cleanliness. Participation of centres of higher education can imbibe in students, who are the future of tomorrow, a sense of responsibility and importance of cleanliness. Being a part of a health care delivering Institute, it is of prime importance that students associate cleanliness next to godliness and understand the link between good health and hygiene.

As a activity for Swachh Bharat Abhiyan, MGM Institute's University Department of Physiotherapy and MGM College of Physiotherapy organized a Cleanliness Campaign "SWACHHTA ABHIYAN" on 11th December 2016 at MGM Physiotherapy College campus and MGM Physiotherapy Out Patient Department from 2.00 to 4.00 pm.

More than 200 students actively took participation in this drive. Students were also motivated to encourage other students and people of MGM to devote their spare time for cleaning their surroundings and keeping a check on littering. Use of dustbins was emphasised upon. Importance of the mission of "Swachh Bharat, Shreshta Bharat" was spread to all people around thereby creating awareness about "CLEAN INDIA, GREEN INDIA".

Sub:-Letter of Appreciation for participation in Pulse Polio National Immunisation Day dated 11.03.2018

This is with respect to participation in the recent Pulse Polio National Immunisation Day (NID) dated 11.03.2018 carried out in Mumbai city by MCGM.

Your college student filled manpower shortage in our K/West Ward (Andheri West) during PPI booth day dated 11.03.2018- some were used as vaccinators, some as motivators in our areas (with or without incentives). I have received unanimous feedback from all our Health Post staff in terms of sincerity, genuineness with respect to your college students participation. Their participation added vigour to our year-on-year Pulse Polio NID programme.

I thank you for extending help for our PPI booth day (11.03.2018) programme. Your students have expressed desire to participate in future programmes as well. It will be our endeavour to make this a long-term association for our upcoming Pulse Polio Programme as well.

Swachh Bharat Abhiyan Held on 15th September 2017

VENUE: MGM CAMPUS, KAMOTHE

Hon'ble Prime Minister of India has given a call for Swachh Bharat as a mass movement to realize Mahatma Gandhi's dream of a Clean India. A clean India is the best tribute we can pay to Bapu. A nationwide campaign with participation of all sections of the society can help bring about mass awareness on cleanliness. Participation of centres of higher education can imbibe in students, who are the future of tomorrow, a sense of responsibility and importance of cleanliness. Being a part of a health care delivering Institute, it is of prime importance that students associate cleanliness next to godliness and understand the link between good health and hygiene.

o

As a activity for Swachh Bharat Abhiyan , MGM School of Physiotherapy and MGM College of Physiotherapy organized a Cleanliness Campaign "SWACHHTA ABHIYAN" on 15th September 2017 at MGM Physiotherapy College campus from 2.00 to 4.00 pm.

More than 200 students actively took participation in this drive. Students were also motivated to encourage other students and people of MGM to devote their spare time for cleaning their surroundings and keeping a check on littering .Use of dustbins was emphasised upon. Importance of the mission of "Swachh Bharat" spread to all people around thereby creating awareness about "CLEAN INDIA, GREEN INDIA".

Essay Competition was conducted on the topic "Different ways for spreading the message of Hygiene and cleanliness to the community" on 8th September 2017 from 9.30-10.30am.

Students and Faculty actively participated in this Swachh Bharat Campaign.

Swachh Bharat Abhiyan Held on 17th February 2018

VENUE: MGM CAMPUS, KAMOTHE

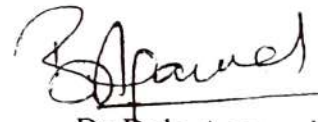

Hon'ble Prime Minister of India has given a call for Swachh Bharat as a mass movement to realize Mahatma Gandhi's dream of a Clean India. A clean India is the best tribute we can pay to Bapu. A nationwide campaign with participation of all sections of the society can help bring about mass awareness on cleanliness. Participation of centres of higher education can imbibe in students, who are the future of tomorrow, a sense of responsibility and importance of cleanliness. Being a part of a health care delivering Institute, it is of prime importance that students associate cleanliness next to godliness and understand the link between good health and hygiene.

On the occasion of Annual festival 'ATHENA' 2018 as an activity for Swachh Bharat Abhiyan, MGM School of Physiotherapy organized a Cleanliness Campaign "SWACHHTA ABHIYAN" on 17th February 2018 at MGM Physiotherapy College campus from 10.00am to 1 pm.

More than 300 students actively took participation in this drive. Students were also motivated to encourage other students and people of MGM to devote their spare time for cleaning their surroundings and keeping a check on littering. Use of dustbins was emphasised upon. Importance of the mission of "Swachh Bharat" spread to all people around thereby creating awareness about "CLEAN INDIA, GREEN INDIA".

Students and Faculty actively participated in this Swachh Bharat Campaign.

LOCATION OF THE EVENT: Academic Section, Department of Prosthetics and Orthotics, MGMIHS, Kamothe, Navi Mumbai

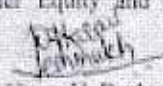

DATE AND TIME OF THE EVENT: Date: May 21st, 2019

PROCEEDINGS OF THE EVENT:

The program started with the brief introduction about the "Gender Equity Program" which is given by Dr. Uttara Deshmukh, HOD of Prosthetics and Orthotics Department. She has introduced some points which we never thought of being important in these aspects. She told how to fairly treat men and women according to their respective needs. This include equal treatment or treatment that is different but which is considered equivalent in terms of rights, benefits, obligations, and opportunities.

After that, the programme got continued with the presentation given by the students of II and III Year BPO on the topic "Gender Equity" and "Gender Sensitization" respectively. The program was beneficial for the whole team. Happy to know about "Gender Equity and Gender Sensitization".

This is with respect to participation in the recent Pulse Polio Sub National Immunisation Day (SNID) dated 05.08.2018 carried out in Mumbai city by MCGM.

Your college students filled manpower shortage in our K/West Ward (Andheri West) during PPI booth day dated 05.08.2018- some were used as vaccinators, some as motivators in our areas (with or without incentives). I have received unanimous feedback from all our Health Post staff in terms of sincerity, genuineness with respect to your college students participation. Their participation added vigour to our year-on-year Pulse Polio NID programme.

I thank you for extending help for our PPI booth day (05.08.2018) programme. Your students have expressed desire to participate in future programmes as well. It will be our endeavour to make this a long-term association for our upcoming Pulse Polio Programme as well.

Personal Dignity

Dr. G.A. Shroff
MGM Medical College,
Aurangabad

– DIGNITY IS?.....
in your own words define Dignity

Defining 'Dignity'

- Dignity consists of many overlapping aspects, involving respect, privacy, autonomy and self-worth [Oxford Dictionary]
- a standard dictionary definition: a state, quality or manner worthy of esteem or respect; and (by extension) self-respect.
- Dignity in care means the kind of care/ support, in any setting, which supports and promotes, and does not undermine, a person's self-respect, regardless of difference (SCIE Guide 15)
- While 'dignity' may be difficult to define, what is clear is that people know when they have not been treated with dignity and respect

SCIE- Dignity in care guide

What is Dignity

- Dignity of the Human Being
- Dignity of Personal Identity
- Dignity of Merit
- Dignity of Moral Status

Dignity in Care – what does it mean?

Lack of respect for an individual's dignity in care can take many forms and may differ from person to person. The following are some examples we have heard from older people of where they felt their dignity was not respected:

- feeling neglected or ignored whilst receiving care
- being treated more as an object than a person
- feeling their privacy was not being respected during intimate care eg. being forced to use a commode in hospital rather than being provided with a wheelchair and supported to use the bathroom

COMPASSION -A deep awareness of the suffering of another coupled with the wish to relieve it. - Dictionary

Empathy

- If you were receiving domiciliary care, what would the care worker do or say to make you feel you were receiving a dignified service.
- Use words, phrases or sentences to describe that service.

Why change?

- People in hospital and care settings are not being helped to eat
- People's human rights are not being respected
- Staff do not listen and enable people to make their own decisions.
- People feel invisible and abused because they are not in control of their own lives
- There is a culture of negative attitudes towards older people

Specific care needs

- Older people
- Physically disabled people
- People with specific health needs e.g. cancer
- People with mental health problems e.g. dementia
- People with learning difficulties
- Younger physically disabled people
- People from minority ethnic groups

Human Rights and Dignity

Dignity, Human Rights & our Responsibility

- Human rights belong to everyone.
- They are the basic rights we all have simply because we are human, regardless of who we are, where we live or what we do.
- Human rights represent all the things that are important to us as human beings, such as being able to choose how to live our life and being treated with dignity and respect. Human rights are based on a number of core values, including:
Fairness, Respect, Equality, Dignity, & Autonomy
- Human rights should be at the centre of everything we do.
- Need to focus on quality of life and individual outcomes rather than needs and processes
- Care Quality Commission will support this drive through their work as regulator

"Quite simply, we cannot hope to improve people's health and well-being if we are not ensuring their human rights are respected."

• Rosie Winterton MP, 2007, Joint Committee on Human Rights, Eighteenth Report

Ten Dignity Do's

The Dignity Do's

1. Have zero tolerance of all forms of abuse
2. Support people with the same respect you would want for yourself or a member of your family
3. Treat each person as an individual by offering a personalized service
4. Enable people to maintain the maximum possible level of independence, choice and control
5. Listen and support people to express their needs and wants
6. Respect people's right to privacy
7. Ensure people feel able to complain without fear of retribution
8. Engage with family members as care partners.
9. Assist people to maintain confidence and positive self esteem
10. Act to alleviate people's loneliness and isolation.

Have a Zero Tolerance of all forms of abuse

- Support be it in respect of health or social care is provided in a safe and secure environment.
- There are a range of options for individuals to share concerns in confidence.
- The environment enables the challenging of abuse and abusive situations.

Have a Zero Tolerance of all forms of abuse

- Individual defines the level, frequency, type and duration of contact with support staff.
- The role of others [families, friends, fellow residents/patients, volunteers] in providing support is recognised.
- The concept of community and the role of the individual within that is recognised.

Treat each person as an individual by offering a personalised service.

- Services are not standardised but are personalised to each individual.
- Support physical, cultural, spiritual, psychological and social needs

Enable people to maintain the maximum level of independence choice and control

- Involve people in the improvement of services

- Opportunities to participate and contribute are integral to autonomy and therefore dignity
- Menu approach to services.
- Security and safety

Enable people to maintain the maximum level of independence choice and control

- People are involved in decisions about their personal care.
- Avoid making assumptions about what people want or what is good for them.

Listen and support people to express their needs and wants

- The individual defines the type of support they want from specific services, on the basis of a wide range of information, provided in suitable formats.
- Any package is agreed as part of a wider range of options and a team approach.

Listen and support people to express their needs and wants

- Provide information in a way that enables a patient to reach agreement in care planning and exercise their rights to care and treatment.
- Adequate support provided for those with communication difficulties or cognitive impairment

Respect people's right to privacy

- The 'My Own Front Door' concept in sheltered and extra care housing gives individuals the control over access and contact.
- Organisations and settings provide a mechanism for accessing a range of options without intruding on personal space.
- Where it is necessary to provide support in a less private environment, e.g. hospital or community this is done sensitively and with respect.

Respect people's right to privacy

- Areas of sensitivity which relate to modesty, gender culture or religion .
- Patients are not made to feel embarrassed when receiving care and support.

Ensure people feel able to complain without fear of retribution

- Individuals are made aware of the existence of complaints systems and supports.

Ensure people feel able to complain without fear of retribution

- Concerns and complaints are respected and answered in a timely manner.

Engage with family members and carers as care partners

- Families, friends and communities [including the organisation itself], are seen as integral parts of the total approach.
- Individuals feel valued and in control.

Engage with family members and carers as care partners

- Relatives and carers are kept fully informed and receive timely information.
- Relatives and carers are listened to and encouraged to contribute to the benefit of the person receiving the service.

Assist people to maintain confidence and a positive self esteem

Although support is available individuals retain the responsibility for managing their lives and as such do not lose confidence in their abilities.

This enhances self esteem, and should be strived for even where individuals do not have full capacity to exercise that control.

Assist people to maintain confidence and a positive self esteem

- The care and support provided encourages the person to participate as far as they feel able.
- Care aims to develop the self-confidence of the person receiving the service.

Act to alleviate people's loneliness and isolation

- Organisations provide mechanisms for the relief of isolation and loneliness, whilst still providing 'personal space' wherever possible.
- Company is available when it is wanted from a range of sources.

Act to alleviate people's loneliness and isolation

- Offer enjoyable activities that are compatible with individual interests, needs, and abilities.
- Offer your time.

Key Aims for Dignity Champions

- Act as a good role model by treating other people with respect particularly those who are less able to stand up for themselves
- Speak up about Dignity to improve the way that services are organised and delivered
- Influence and Inform colleagues
- Listen to and understand the views and experiences of citizens
- Making sure dignity, compassion and respect is at the heart of everyday practice and isn't an addition to it.
- Treating everyone as a unique individual
- Promoting independence, well-being and quality of care /life
- Uphold and promote the Ten Dignity Do's

Working Together

•How can you and your organisation work both internally and externally (with local partners) to deliver on this agenda?

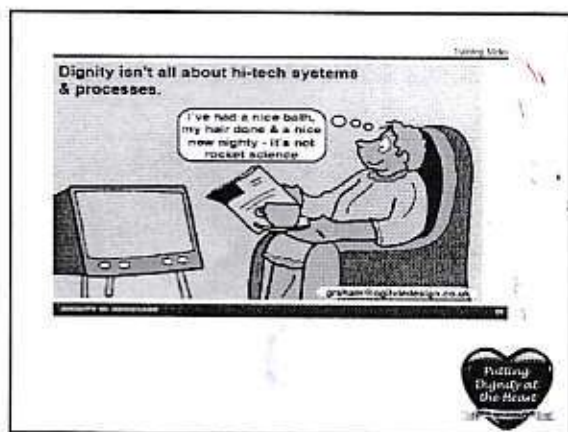

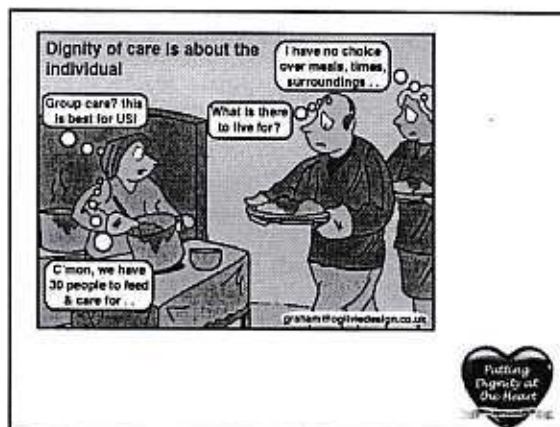

•Have you:

- Identified a baseline?
- What you need to do?
- What stage you need to engage with others (local Dignity Co-ordinators)
- What (if any) are the givens?
- Who are your critical partners in this
- Got an action plan
- Got a risk log?

Starting position

No one cares how much you
know
until they know
how much
you
care

- If you think that you are too small to make a difference.
- Ask a mosquito.

Never believe that a few caring people
can't change the world. For, indeed,
that's all who ever have.
