out DC Crackers :

Transformation of any thought into wonders of excellence is inevitable, if there is a successful collaboration between your Dedication and Direction. This is what the Brand name "**DC CRACKERS**" had accomplished in just four years of existence; established in 2011 with a dream and desire to leave footprints on entire globe one day. DC Crackers is one of the North India's biggest Personality Development and Motivational training organizations and we are best known for our very sensational **EY Programme**. Our vision is to make it convenient for the people to think and learn about their interests, abilities, values and personality to find their mission in life and start identifying career and academic possibilities. As, it is hard to examine your decision taking into consideration your contextual factors like family influences, job market, geographic location, diversity background, personal circumstances etc. Our **EY Programme** is an appropriate solution since it is entirely dedicated to the overall personality development of the youngsters as they are the real nation builders.

Our Services:

- **Personality Development Workshop:** Personality Development refers to the creation of a personality cult with the intention of forming a particular impression in the minds of others. This is the sum total of choices, behavioral traits and decisions that a person makes in life. It can also be defined as something which enhances our personality, like our presence, our looks, our attitude, our skills at a given moment or a situation.
- **Motivational Sessions:** DC Crackers with a vision and spirit to make the attitude of the people positive towards life and remove the negative energy from their minds conducts Motivational Sessions which help the people to spring up fully in their lives with enthusiasm and determination to succeed. Our sessions inculcate a stimulating feeling of inspiration among the people who want to achieve success in their lives but due to one reason or the other are unable to find the right ways which can lead them towards their destination.
- **Event Management:** Events Management is the process beyond planning, executing and evaluating corporate, association, nonprofit, government and social events. Events management requires strong organizational, budgeting and creative skills. Those who work in events management must be comfortable with interacting with all levels of individuals inside and outside of their organization.
- **Career Counselling:** The establishment of a clear, central purpose or goal in life is the starting point of all success. So it is important for every student to have clarity in his/her thoughts to surge ahead for the accomplishment of his/her vision. Moreover in today's scenario, a student has to be more serious from 9th-10th class onward in order to follow his/her vision. In regard of this, DC Crackers takes an opportunity to open a module named as Career Counseling.
