Brief of the Activity: A meeting of the faculty with an alumnus Ms. Romi Thomas (Batch 2008-12) was organized on 28th May 2019 at 5th floor seminar hall, MGM New Bombay College of Nursing, Kamothe. The meeting started with a warm welcome by Dr. (Mrs.) Prabha K Dasila followed which Ms. Romi has shared her feelings about the college especially strengths of the college like, good and dedicated teachers who took initiative in teaching various subjects as well as provided good clinical experience which turned as a stepping stone to success. Moreover, She gave few suggestions also from her experience such as the students should be taught each procedure as per the hospital protocol rather than exactly from the text book also teach students the importance of imitativeness & patience while caring for the patients. She also reminded that, teachers should be keen to teach about medication administration and its importance as now a day's many medication errors are happening. Lastly, she talked about the recruitment process for Qatar and the session ended by 2.00pm.

Report on Seminar "NEPHCARE"

Date: 28th Nov 2018

Venue: MGM Medical College

DIALYSIS:

Dialysis is a type of renal treatment where blood filtration and purification is done using machine. This helps to keep the body fluids and electrolytes in balance when the kidneys stop functioning properly. Dialysis has been used since the 1940s to treat people with Dialysis is one of the world's most growing health sector. The event was conducted by Bsc Dialysis Technology 2nd & 3rd year students as well as Ms. Panikar Surya (coordinator of 3rd year BSc. Dialysis Technology)

Ifra Quazi and Prakjata Jagdap (BSc. Dialysis 3rd Year) has taken over the podium. With the blessing of lord Almighty, the day has begun with a very warm welcome to our speakers, director, staffs and our delegates. Our Director Dr. Mansee Thakur has opened the seminar by addressing the gathering.

We had a very young and intelligent speaker Dr. Divya Bajpai. (Cons. Nephrologist and Asst. Professor G S Seth Medical College, K E M Hospital Mumbai) she was the first speaker who had developed a positive

attraction towards "Paediatric Nephrology care in Dialysis" She had focused on the issues related to paediatric renal transplant, her delivery of knowledge even included types of insertion of dialysis catheters for paediatrics, care of neonates during dialysis, etc. Her enthusiasms and her quotes on renal has astound the students.

Dialysis week conducted in the month of October, 2018 were the pre Body Mass Index (BMI) was analysed for the staff of MGMSBS. They were given a month of time to improve their BMI with improvement instructions, and informed the same would be checked a month later. Finally, at the end of a month we had our Mr & Ms BMI winners. Mr BIM was shared between two people i.e., Mr. Rohit Sharma and Mr. Runit Patil, Ms BMI was Mrs. Ranjita Dudhal . They were awarded with the slash and gifts by our speakers.

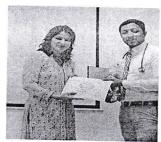

MGMSBS had conducted KiA-2018 (Intra College Quiz Competetion) in the month of October, 2018 and we had 3 winner's Mr. Aniket Gupta (Bsc.MRIT), Ms. Farhana Sayed (MSc. Biochemistry) and Ms. Prajkta Jagtap (Bsc Dialysis Technology) stood as Winner, 1st runner up, and 2nd runner up respectively. They were also awarded at the event for their intelligence achievements.

Commented [A1]:

On this wondrous seminar all our guest, speakers and senior faculties were facilitated with a memento and bouquet.

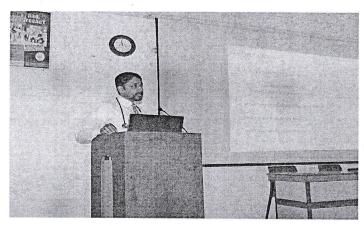

Our own Dr. Aditya Nayak (Cons. Nephrologist and Asst. Professor, MGM Medical College and Hospital) had a delivered his words on "Dialysis in special situation and Advancement in Dialysis Care". He has briefed on differential dialysis care such as online dialysis, peritoneal dialysis for hypertension as well as diabetes etc. patients. He had made the bridge between the understanding of home and clinical dialysis care for the patients by the technologists and nurses.

To deliver last talk of the event we had our 2018 passed out alumini Ms. Shreya Patangae (Dialysis Technologist at Holy Cross Hospital in Kalyan) to give a talk on "Role of Dialysis Technologist In Day Today Dialysis Care". She had begun with different dialysis instruments and their usage, she had even compared with the problems faced by the dialysis technician in day today life. She has put across the varient of college and work trouble faced. It was a very energitic talk, we were in gratitude to have our alumini on the day, with whose presence our event had sparkelled.

Lastly Ms. Monika (Bsc Dialysis Technologist 3rd year) as well as Ms. Julie and Ms.Shivani (BSc. Dialysis Technology 2nd year) 2 has delivered vote of thanks by thanking our director, speakers, guest, SBS staff and Dialysis students for providing their graciously presence on the event.

Conclusion:

Dialysis care has increased day by day as the need for the renal care has increased since decades. The work by techinicians has channelised in quick and fast patient care. The moto of the event was to make the upcomming dialysis technician understand the improtance of renal care. By putting across all the gathered data "NEPHCARE" - 2018 has come to an end.
