conducted it.

Conducted by Department of Surgery, MGM Medical College in Association with Johnson and Johnson Ltd. Mumbai

10. Highlights of the Event – Brief about the main highlight(s) of the event.

A Volvo Coach Training Institute designated Internationally by Johnson and Johnson Johnson and Johnson institute on Wheels is one of the first world class training facility on a Volvo coach in India transformed to a State of art training institute with a similar training infrastructure j & J.

The training will consist of modules for up gradation of surgical skill of resident and post graduates students to learn the right technique and the discipline at the right time. The faculty comprising of experienced doctors and surgeons will be the trainers to impart surgical knowledge.

Following Topics covered under the workshop.

1. Tissue Care
2. Knotting technique
3. Technique of bowel Anastomosis
4. Stapler techniques

The workshop was conducted by Johnson and Johnson Mumbai

The workshop had interactive sessions between residents and speakers. The new methods and practices of tissue care were discussed.

It was a great experience for Doctors and they were thankful to the ETHICON for conducting the workshop.

Foundation to get late VV Desai award

Times News Network

Aurangabad: City-based VV Foundation will receive the 10th annual late VV Desai memorial award during a formal function to be held on Wednesday.

Started by Swami Ramkrishna Terth Mandirwade Research Institute in memory of late freedom fighter, the award is given every year to reward the best contribution of different organisations.

The award will be given by religious scholar Ramchandra Dakhane during the event scheduled at Govindbhai Shroff academy on Sarwanthi Bhawan education society campus at 4 pm on Wednesday, an official release said. Subhas Pichak and his team, who came out with research on implementation of Right To Education (RTE) Act 2009 in Maharashtra and Ashwini Vaishnav who researched on school libraries in Aurangabad district will be also honoured.

"The award aims at encouraging organisations who are committed for development of the region," Sharda Advait, secretary of Swami Ramkrishna Terth Mandirwade Research Institute, said.

On-wheels invasive surgery training for med students

Times News Network

Aurangabad: Medical students from the city got live simulator training of minimally invasive surgeries at a specialised bus that was in Aurangabad for the last three days.

As many as 150 MD students and resident doctors from different hospitals undertook the training. According to Pravin Suryawanshi, deputy dean and head of the department of minimally invasive surgery at MGM medical college and hospital, in order to get trained on advanced laparoscopic surgeries the students from Aurangabad need to go to other cities or developed countries.

"An indigenous designed vehicle equipped with latest technology and simulator helps the doctors to get that training in the comfort of their city," Suryawanshi said.

In the beginner module, one can see the students being trained by the faculty about the hand-eye coordination and get a hands-on experience on how to hold and

As many as 150 MD students and resident doctors from different hospitals undertook the training.

move the small tools efficiently through forceps looking at the magnified images on screen.

Narayan Sonap, assistant professor and laparoscopic surgeon at MGM, said, "The small incision required for laparoscopy prevents the scar that is caused in case of open surgery and the minimal trauma to the tissues results in early recovery. Consequently, patients and doctors go for this option. Thus, there is a need to train more

and more medical students," he said.

Organs such as abdominal cavity, intestine, stomach, liver, spleen and brain and heart can be operated through elementary and advanced laparoscopic surgery.

The technology provided in the specialised vehicle helps medical students practice basic hand-eye coordination, incision and suturing of the tissues through the simulator before actually working on live human body.

level to 30,000 people following a release process of selection stretching over a period of three to four months. Many long-term HIV patients could not afford the test as it costs Rs 7,500 in private labs.

This February, NACO entered into a public-private partnership with Metropolis Healthcare. Under the arrangement, samples from Jaipur & Kanpur to southern India and north-eastern states will be flown to the city and tested at the late VV Desai health facility. In the first year, two lakh samples will be tested, which would be doubled in the second year and tripled in the third to cover all 1.2 million Indians living in cities.

privatised patients will be tested up subsequently to include more ART centres.

"Our programme has so far moved to the CD4 (immunity) test, which essentially tells us how much damage the virus has caused already. We need the viral load testing to see if a regimen is effective and promptly shift a patient to the second or third line if it's not," said Dr Iresh Gani, deputy director general of NACO. He added tests will be carried out; consultation cost of Rs 150 in Dr Shrinath Shah, president of Metropolis, said, "It would be flown in a test tube-controlled, secure for quality and to give

Sub.: Johnson & Johnson Institute on Wheel (JJIW) based skill lab training at MGM Medical College & Hospital, Aurangabad.

Dear Mr.,

MGM Medical College & Hospital not only serves as superspeciality hospital, but also imparts medical education to aspirant young physician & surgeons. In this regard, the Department of General Surgery & Gynecology department is organizing a 3 days surgical skill course from 11 Feb 18 to 13 Feb 18 in MGM Medical College & Hospital for DNB/PG/Resident Student on SoTM- Episiotomy & Perineal repair, Laparoscopic Suturing & Knotting & Science of Stapling & Proximation to make them learn critical surgical techniques which will help them in their day to day practice.

In our effort to train young surgeons in performing safe surgery in dedicated training laboratories with use of simulators and training models outside of the operating room, the need of JJIW based skill lab training was strongly felt by all faculty members/ organizers/authorities.

Therefore; we request a support from Ethicon India to bring and park JJIW based mobile surgical skill lab in MGM Medical College & Hospital campus for 3 days and help us in training aspirant PGTs/junior/budding surgeons. The provisional program agenda is attached for your reference.

The institute will provide necessary space/ power/ safe anchoring utilities and acknowledge your support for education/ training, appropriately.

We believe, in way, this will possibly meet both organization vision of up-skilling our next generation surgeons and will auger better patient outcomes.

Sincerely,

Dr. Pravin Suryawanshi

औरंगाबाद : फिरत्या व्हॅनमध्ये प्रात्यक्षिक करून दाखविताना डॉ. प्रवीण सूर्यवंशी व 'एमजीएम'चे डॉक्टर.

कौशल्यपूर्ण शस्त्रक्रियेच्या प्रशिक्षणासाठी फिरती व्हॅन

ट्रेनिंग ऑन व्हील 'एमजीएम'मध्ये दाखल

सकाळ वृत्तेसवा

औरंगाबाद, ता. १३ : शरीरातील अनावश्यक आतडे काढणे, त्यांना पुन्हा जोडणे, रक्तवाहिन्या जोडण्याचे कौशल्य व बेसिक व अॅडव्हान्स अॅप्टोस्कोपीचे प्रशिक्षण आदी कौशल्य भावी डॉक्टरांना आत्मसात करता यावे, यासाठी एमजीएम रुग्णालयात फिरती प्रशिक्षण व्हॅन सोमवारी (ता. १२) दाखल झाली.

मुंबईत प्रशिक्षणासाठी जाणे सर्वांना शक्य होत नाही. यासाठी हा उपक्रम आयोजित करण्यात आला असून, 'एमजीएम'चे उपअधिष्ठाता; तसेच रुग्णालयाचे मुख्य कार्यकारी अधिकारी डॉ. प्रवीण सूर्यवंशी हे प्रशिक्षण देणार आहेत. इथिकॉन जॉन्सन अॅण्ड जॉन्सन कंपनीने ही

व्हॅन तयार केली आहे. यात एकावेळी १२ ते १९ विद्यार्थ्यांना मोफत व अत्याधुनिक प्रशिक्षण घेता येणार आहे. फिरत्या गाडीतील (ट्रेनिंग ऑन व्हील) अद्ययावत यंत्राद्वारे देशभरातील वैद्यकीय शिक्षण घेणाऱ्या विद्यार्थ्यांना प्रात्यक्षिकासह माहिती देण्यात येत आहे. बुधवारपर्यंत डॉ. सूर्यवंशी व 'जॉन्सन'चे डॉ. गिरीश रावल हे शस्त्रक्रियांचे प्रात्यक्षिक करून दाखवतील. यात रुग्णांचे अनावश्यक आतडे काढणे, त्या जखमा शिवणे, आतडे, रक्तवाहिन्या जोडणे, बेसिक व अॅडव्हान्स अॅप्टोस्कोपीचे प्रशिक्षण देण्यात येईल. तीन दिवसामध्ये शहरातील वैद्यकीय शिक्षण घेणाऱ्या १२५-१५० विद्यार्थ्यांना हे प्रशिक्षण देणार असल्याचे डॉ. सूर्यवंशी यांनी सांगितले.

एमजीएममध्ये फिरत्या व्हॅनमध्ये लॅप्रोस्कोपीचे प्रशिक्षण

संभाजीनगर, दि. १३ (प्रतिनिधी) - शरीराची चिरफाड न करता मानवी शरीरातील अनावश्यक आतडे काढणे, त्यांना पुन्हा जोडणे, रक्तवाहिन्या जोडण्याचे कौशल्य भावी डॉक्टरांना आत्मसात करता यावे यासाठी एमजीएम रुग्णालयात फिरती प्रशिक्षण व्हॅन सोमवार, १२ रोजी दाखल झाली आहे.

मुंबईत प्रशिक्षणासाठी जाणे सर्वांना शक्य होत नाही. यासाठी हा उपक्रम आयोजित करण्यात आला असून, एमजीएमचे उपाधिष्ठाता तसेच रुग्णालयाचे मुख्य कार्यकारी अधिकारी

डॉ. प्रवीण सूर्यवंशी हे प्रशिक्षण देणार आहेत. ही व्हॅन ३ दिवसांसाठी एमजीएममध्ये राहणार आहे.

इथिकॉन जॉन्सन अँड जॉन्सन कंपनीने ही व्हॅन तयार केली आहे. अद्ययावत तंत्रज्ञानाद्वारे मानवी शरीराला कमीत कमी इजा करून शस्त्रक्रिया केली जाते. मात्र अद्ययावत तंत्रज्ञानाद्वारे शस्त्रक्रिया करणारे तज्ज्ञ राज्यामध्ये कमी आहेत. कारण ही अतिशय जोखमाची आणि कौशल्याची शस्त्रक्रिया आहे. त्यामुळे या शस्त्रक्रियांचे कौशल्य आत्मसात करण्यासाठी डॉक्टरांना मुंबईतील

माहिम येथे जावे लागते. मात्र, वेळ आणि पैसा या दोन्ही गोष्टींची यासाठी गरज आहे. हे सर्वांनाच शक्य होत नाही. पण, मानवी शरीरासाठी

भावी डॉक्टरांना देणार प्रशिक्षण

संजीवनी ठरणार्या या शस्त्रक्रियांचे कौशल्य खेड्यातील डॉक्टरांनाही आत्मसात करता यावे, यासाठी हा उपक्रम हाती घेण्यात आला आहे.

या फिरत्या गाडीतील (देनिंग सेंटर ऑन व्हील) अद्ययावत यंत्राद्वारे देशभरातील वैद्यकीय शिक्षण घेणाऱ्या

विद्यार्थ्यांना प्रात्यक्षिकासह माहिती देण्यात येत आहे. आगामी तीन दिवस डॉ. सूर्यवंशी व जॉन्सनचे डॉ. गिरीश रावळ हे शस्त्रक्रियांचे

प्रात्यक्षिक दाखवतील. यात रुग्णांचे अनावश्यक आतडे काढणे, त्या जखमा शिवणे, आतडे, रक्तवाहिन्या जोडणे, बेसिक व अँडव्हॉन्स अँप्टोस्कोपीचे प्रशिक्षण देण्यात येईल. तीन दिवसांमध्ये शहरातील वैद्यकीय शिक्षण घेणाऱ्या १५०

विद्यार्थ्यांना हे प्रशिक्षण देणार असल्याचे डॉ. सूर्यवंशी म्हणाले. मराठवाड्यातील डॉ. सूर्यवंशी एकमेव तज्ज्ञ

लॅप्रोस्कोपी तंत्रज्ञानाची माहिती देण्यासाठी भारतातील तज्ज्ञ व अनुभवी डॉक्टरांना प्रशिक्षण देण्यासाठी डॉ. प्रवीण सूर्यवंशी यांची निवड करण्यात आली आहे. मराठवाड्यातून निवड झालेले ते एकमेव तज्ज्ञ आहेत. रुग्णांवर सुचरिंग अँड नॉटिंग, लॅप्रोस्कोपी आदीची माहिती डॉ. सूर्यवंशी देणार आहेत.

On-wheels invasive surgery training for med students

TIMES NEWS NETWORK

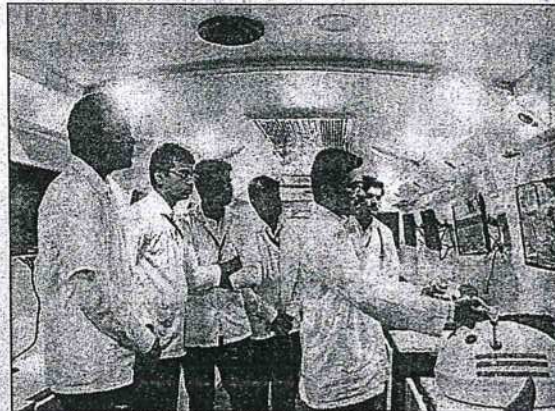

Snehl Sakhare

Aurangabad: Medical students from the city got live stimulator training of minimally invasive surgeries at a specialised bus that was in Aurangabad for the last three days.

As many as 150 MD students and resident doctors from different hospitals undertook the training. According to Pravin Suryawanshi, deputy dean and head of the department of minimally invasive surgery at MGM medical college and hospital, in order to get trained on advanced laparoscopic surgeries the students from Aurangabad need to go to other cities or developed countries.

"An indigenously designed vehicle equipped with latest technology and simulator helps the doctors to get that training in the comfort of their city," Suryawanshi said.

In the beginner module, one can see the students being trained by the faculty about the hand-eye coordination and get a hands-on experience on how to hold and

As many as 150 MD students and resident doctors from different hospitals undertook the training

move the small tools efficiently through forceps looking at the magnified images on screen.

Narayan Sanap, assistant professor and laparoscopic surgeon at MGM, said, "The small incision required for laparoscopy prevents the scar that is caused in case of open surgery and the minimal trauma to the tissue results in early recovery. Consequently, patients and doctors go for this option. Thus, there is a need to train more

and more medical students," he said.

Organs such as abdominal cavity, intestine, stomach, liver, spleen and brain and heart can be operated through elementary and advanced laparoscopy surgery.

The technology provided in the specialised vehicle helps medical students practice basic hand-eye coordination, incision and suturing of the tissue through the simulator before actually working on live human body.

Report of Training in 'E-learning' conducted for Faculties of MGM Medical College, Navi-Mumbai in the year 2017- 2018

Newer teaching learning methods are used to facilitate active participatory learning. E- Learning is an excellent Teaching- learning tool for improving access to training, communication and interaction in students and faculties.

Keeping this in mind, the following E-learning training programs were conducted for Faculties of MGM Medical College, Navi-Mumbai, during the year 2017-18. Faculties were trained in "Appropriate use of Media, using E journals as resource material for teaching learning".

Sr. No.	Dates of Training Program	Faculty training in E-learning - Topic	Resource person	No. of participants
1	11/1/2018	Appropriate use of Media, using E journals as resource material for teaching learning".	Dr. Jaishree Ghanekar & Mr. Sachin Jadhav	28
2	12/9/2017			38
3	13/9/2017			33
4	9/8/2017			45
5	10/8/2017			46

The Faculties actively participated in the training program.

International Day of Yoga 2018

Promoting Stress Management through Yoga

Preamble:

1. This Program was organised by MGM School of Physiotherapy on the occasion of 4th International Day of Yoga at MGM Institute of Health Sciences Kamothe.
2. Location of the Event: Auditorium, 3rd floor, MGM Institute of Health Science
3. Event date and time: 21.06. 2018, Afternoon 1.00 p.m. to 4.00 p.m.

Objectives:

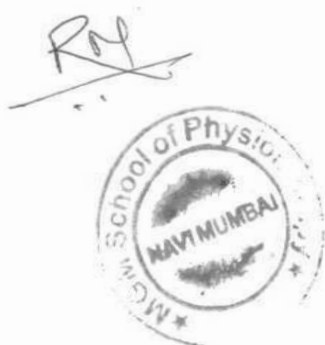

1. To create awareness of importance of Yoga for stress management among students.
2. To sensitize students of MGM Institute of Health Sciences to undertake and adapt yoga on a daily basis to cope with academic stress.
3. Practical demonstration of yoga techniques and coping strategies for stress management.

Activity

1. Program was organised by Dr. Juhi Bharnuke (PT), Lecturer, MGM School of Physiotherapy.
2. A talk was delivered by Dr. Madhuri Rai and Dr. Bela Agarwal (PT) on academic stress among students and its impact on student performance.
3. This was followed by a talk on physiological effect of stress on body and mind by Dr. Shubhangi Dere.
4. Practical demonstration of Yoga for stress management by Miss. Sindhu tiwari, Yoga Therapist from Kaivalyadhama, Lonavala
5. Feedback form was sought from participants post session.

Outcome:

1. Students were asked to practise yoga techniques for stress management regularly and follow up at Physiotherapy department in case of difficulty.

Dear Mr. Imran,

This has reference to the meeting held at e-library, MGMIHS on 17th March, where all ERP Coordinators of MGMIHS presented the details about the issues they face in the live modules. From CNV Team you and Mr. Imaad listed down those issues and ERP Coordinators also submitted the same in writing.

As per our discussion, you were expected to resolve and give justification on issues on 17th itself, however on your insistence, we agreed to take expert opinion of your team. You assured us to revert back with your feedback on Monday i.e. 19th March.

Please note that the issues discussed in the meeting are neither resolved nor you have offered any solution till date. I have scanned and attached those written feedbacks of all ERP Coordinator as reminder.

We expect a response from you at the earliest.

Thanks and Regards,

Guest Lecture on Chronic Ankle Instability

Preamble:

1. Lecture was delivered by Dr. Claire Hiller (University of Sydney) and organised by MGM Department of Physiotherapy for final year BPT, MPT students and interns.
2. Location: Seminar hall, 2nd Floor, MGM Hospital, Kamothe
3. Lecture date and time: 09/02/2018, Morning 9.00 a.m. to 10.30 a.m.
4. Case presentation: 1:30pm – 4:00pm, MGM Centre of Human Movement Science.

Objective:

1. To improve the understanding on assessment, management and prognosis of chronic ankle instability among patients, sports players and dancers.
2. To explain the scope of Physiotherapy in various fields like sports and dance.

Lecture coordinator:

- 1) Dr. Juhi Bharnuke (PT)

Participants:

- 1) MPT students
- 2) Interns
- 3) Final year BPT students

Attendees from Musculoskeletal Physiotherapy Department:

- 1) Dr. Neelam Jadhav (PT)
- 2) Dr. Prachita Walankar (PT)

Summary:

- 1) The lecture started with a brief introduction of Dr. Claire Hiller and her organisation named DaRC (Dance Research Collaborative) which a multi-disciplinary organisation working towards prevention and treatment of dance-related injuries.
- 2) This was followed by Dr. Claire's talk on her journey as a Physiotherapist starting as Cardio-pulmonary physiotherapist, treating rugby players, pursuing masters in research and starting organisation for research and rehabilitation of ballet dancers.
- 3) This 20 minute talk was preceded by discussion of key points of anatomy and biomechanics of ankle and foot, common ligaments to undergo sprain, assessment techniques and functional tools to measure outcome of rehabilitation.
- 4) Rehabilitation goals were discussed for various case scenarios of ankle instability among patients, sports players and dancers. This was an interactive session where input on goals of management was provided by students to which Dr. Claire gave an insight about syndesmosis injury and prognosis following chronic ankle instability.
- 5) Lecture concluded by felicitation of Dr. Claire Hiller by Dr. Juhi Bharnuke (PT).

This lecture was followed by a case discussion on bimalleolar fracture at MGM Centre of Human Movement Science. On patient assessment was demonstrated to participants by MPT student. Key elements of assessment like palpation of ATFL region, assessment of talar position, gait evaluation for patients with ankle injury were discussed. A 30 minute practise session for palpation and surface anatomy marking of ankle and foot was given to the students following case presentation.

Resource Persons

Prof. Margareta Nordin: Margareta Nordin, Dr. Med. Sci., PT, CIE, is Research Professor, Departments of Orthopaedics and Environmental Medicine, Graduate School of Arts and Science and School of Medicine, New York University, New York, New York, USA. She is the founder and past director of the Occupational and Industrial Orthopedic Center, Hospital for Joint Diseases, NYU Langone Medical Center, New York University. She has written five books, published more than 200 peer-reviewed papers, participated in seven national or international based task forces on spine pain and received multiple awards among them The Volvo Award, The Woodbridge Award, The Grammer Award, Junior Nobel Faculty Lecturer. Dr. Nordin was the first woman President of ISSLS 1999-2000. She was Adjunct Professor at the Karolinska Institute (2008-2014), the Polytechnic University Hong Kong (2008-2010) and currently at the Chinese University of Hong Kong. She is the Chair of EuroSpine Taskforce Research (TFR), a member of the Bone and Joint Decade International Coordinating Council (ICC) as first physical therapist joining the ICC, The main focus of her research is treatment and prevention of disability for work related and work related musculoskeletal injuries and ailments. She has a specific interest in disseminating evidence based, low cost, effective and efficient non-surgical treatment for spine pain and to return individuals to work, to functional ability and to participation in the community.

in industry. In 1996, he started an ergonomics consulting company to offer his knowledge and experience to clients in a wide range of environments including mining, assembly line and office. In addition to consulting and running a personal training business, he attended the Canadian Memorial Chiropractic College from which he graduated in 2001. From 2001 to 2011, Dr. Outerbridge owned a successful multidisciplinary clinic in Ottawa, which integrated Chiropractic, massage therapy, acupuncture, naturopathy, rehabilitation, and complimentary alternative medicine. In 2009, Geoff joined World Spine Care as the Clinical Director. In 2011 he sold his practice and moved his family to Mahalapye Botswana to open the flagship WSC clinic. He has also developed and helped to open the WSC clinic in the Dominican Republic. As clinical Director, Geoff is involved in the development and implementation of new projects, supervising existing projects and overseeing the clinical and volunteer programs.

Adam Wilkey: Adam graduated in 1988 as a DC from the Anglo-European College of Chiropractic. He has primarily worked in private practice, whilst training newly graduated chiropractors for many years. He has also worked within the NHS providing chiropractic services and designing, implementing and publishing research, studying the effects of various forms of treatment for chronic lower back pain. Adam has presented at conferences in the UK, Europe and the USA. In 2014 he received his Masters in Disaster Healthcare from the University of South Wales. From 2008-2009 Adam and his wife worked in Kenya as volunteers within the schools and orphanage of an educational charity. He was responsible for liaising with central and local government education departments to ensure that the school's educational policies were aligned with national policies and to protect the schools' safety and longevity. He was also active clinically providing treatment for musculoskeletal injuries in the region. Over the past 5 years he has organised and participated in events, such as marathons, ultra marathon, timed mountain walks, and long-distance cycle rides, to raise funds for a variety of charities. Adam has worked with the British Chiropractic Association and the National Back Pain Association (now Backcare) in both PR and educational roles to increase awareness of the potential causes and various evidence based treatments for back pain. In this capacity he has written numerous articles for national press and has appeared on television and radio on several occasions. He has worked with the British Red Cross as an educator in cultural diversity and acceptance. Adam was instrumental in establishing World Spine Care Europe and its registration as a charity with the Charity Commission.

Date: 9/10/2017

Induction of new faculty recruited from 7th October 2017**Date & Time:** 9/10/2017; 10.00 am**Venue:** MGM School of Physiotherapy, Kamothe**Members attended:**

Sr. No	Name of Faculty	Designation
1.	Dr. Rajani Mullerpatan	Prof-director, HOD, Dept of Musculoskeletal Physiotherapy
2.	Dr. Neelam Jadhav (PT)	Lecturer, Dept of Musculoskeletal Physiotherapy
3.	Dr. Mamta Shetty (PT)	Lecturer, Dept of Musculoskeletal Physiotherapy
4.	Dr. Juhi Bharnuke (PT)	Lecturer, Dept of Musculoskeletal Physiotherapy
5.	Dr. Shrutika Parab (PT)	Lecturer, Dept of Neuro Physiotherapy

Agenda: Orientation of clinical posting areas and NAAC criteria allotment to new faculty members

Proceedings:

New Recruits of Department of Musculoskeletal and Neuro Physiotherapy Dr. Neelam Jadhav (PT), Dr. Mamta Shetty (PT), Dr. Juhi Bharnuke (PT), Dr. Shrutika Parab (PT) were introduced to the various departments of Physiotherapy. A brief overview on working of clinical area, tracking and maintaining of records and muster. Faculty members were addressed to emphasize on introducing new, evidence based teaching methods into teaching practice to enhance learning experience for students. NAAC criteria's were allotted to each faculty member along with their respective clinical department.

Exploring Gait Analysis

The 1-day event promises an interesting mix of demonstrations & interactive sessions!

Time	Activity
9:30 am – 10:00 am	Registrations and Breakfast
10:00 – 10:15 am	Inauguration Lt.Gen.Dr.Shibban.K.Kaul – Pro Vice Chancellor, MGMIHS Prof Daulat Dastoor Dr Roshan Vania (PT) Dr Saroj Sanghavi (PT) Prof Bharati Bellare
10:15 am – 11:00 am	3D Gait Analysis
11:00 am – 11:20 pm	Gait analysis in cerebral palsy
11:20 am – 11:45 am	Assessment of balance
11:45 am – 12:10 pm	Gait analysis in knee osteoarthritis
12:10 pm – 12:30 pm	Biomechanical assessment for sports persons
12:30 am – 1:15 pm	Gait analysis following amputation
1:15 pm- 2:00 pm	Lunch
2:00 pm – 2:45 pm	Demonstration of 2D Gait analysis + interaction
2:45 pm – 3:30 pm	Demonstration of 3D Gait analysis + interaction
3.30 pm - 4.00 pm	Tea and Feedback

Venue: MGM Centre of Human Movement Science (CHMS), MGM Super specialty hospital, Sector 30, Vashi, Navi Mumbai.

Resource Persons

Prof. Rajani Mullerpatan, MGM Center of Human Movement Science, MGMIHS, Navi Mumbai: Dr Rajani leads University Dept of Physiotherapy at MGM Institute of Health Sciences, Navi Mumbai. After completing her doctoral program at Research Centre for Clinical Kinesiology at Cardiff University, UK, she is currently focused on development of Biomechanics in India to meet local healthcare needs of Indian population. She has collaborated with leading national and international institutions in UK, Canada & Australia to promote training and research in clinical biomechanics & clinical rehabilitation and application in clinical care.

Dr. Bela Agarwal (PT): Dr. Bela's expertise lies in the area of cardiorespiratory and pulmonary Physiotherapy, the science of exercise physiology and exercise testing. A graduate from Seth.GS Medical College, Mumbai and a post graduate from Lokmanya Tilak Municipal Medical College, Mumbai in 1992, she has been working in the profession for 22 years at acclaimed teaching institutes, hospitals and clinics. She is associated with MGM Institute of Health Sciences, Navi Mumbai since the past 5 years in a part time capacity and is also pursuing doctoral studies at MGMIUDOP in the area of clinical biomechanics. She has keen interest in studying energy expenditure of movements and relating motion analysis to functional performance and capacity enhancement.

Dr Triveni Shetty (PT) : Dr Triveni Shetty (PT), graduate from Dr. D.Y Patil College of Physiotherapy under MUHS, completed her Masters in Neurosciences from T.N M C medical college, Nair Hospital in 2013. She also holds a Diploma in rehabilitation-Physiotherapy degree from All India Institute of Physical medicine and Rehabilitation. With a keen interest in pediatrics and movement analysis of developmental disorders, she is currently working as a lecturer and is an in-house research scholar pursuing her PhD under the guidance of Dr.Rajani Mullerpatan. She is working with MGMCHMS team since its inception and plays a key role in capturing and processing data from VICON motion analysis system.

Dr. Yuvraj Singh (PT): Yuvraj has worked in the field of rehabilitation for the last 10 years in various capacities including as an assistant professor and co founder of a healthcare startup. He has also completed Post Grad Diploma in healthcare management, clinical research and process management. Yuvraj post graduated in Physiotherapy from Seth G.S. Medical College and KEM Hospital, Mumbai with a gold medal from MUHS. Yuvraj is currently working on a part time basis with MGMCHMS towards exploring sports performance at MGM CHMS.

Sub: Endorse the Feedback on ERP

Dear Madam,

Please find attached the feedback received from the ERP Coordinator of your college during the ERP Meeting at university.

The feedback based on the present status on the functioning of ERP Modules at your college. I request you to endorse this letter and offer your comment about the ERP Modules.

I request you to send us back the endorsed letter at the earliest.

Thanking you

Regards,

Monal & Siddhant to
provide details of ERP status
and lacuna & difficulties faced.

To,

The Registrar,

MGMSHS.

Subject: Status of ERP.

Sir,

The status of ERP which was sent on 2/02/18 by mail remains same. As of now, whatever modules are working (ie, student portal, Employee program module, Attendance) are given to departments for usage. Until, we are clear that other modules are capable of usage, we don't recommend as it is very difficult to convince several faculties for technical issues which are sudden on onset. Hence, kindly we request you to consider our efforts and do the needful.

Requesting You sir,

Yours faithfully

Forwards Reg.

MGMSHS

Report on Faculty Development Session Topic
- Empowering Body, Mind and Spirit

Date:-25.11.2017

Time : 2.30 pm to 4.30pm

Venue: Conference hall , Second Floor MGMSBS, MGM Medical College building, Navi Mumbai.	Mr. Sanjay Bhatia Chairman Mumbai Port Trust, Heartfulness trainer
---	--

Empowerment of body and mind is a discipline of **physical** and **mental** personal development. The nature of non-stop improvement is a path of complete self-mastery that leads to **spiritual** growth, thus empowering your mind, body and soul!

A session was conducted on 25.11.2017 at 2:30 pm to 4:30 pm for the Teaching and Non-teaching Faculty of MGM School of Biomedical Sciences, KamotheNavi Mumbai by Mr. Sanjay Bhatia. This workshop was designed to encourage growth, gain wisdom, and empower in BODY, MIND & SPIRIT. Mr. Bhatia had claimed to have achieved a new direction in life through simple practice of daily meditation and yoga. The main topic was how meditation plays an important role in empowering the mind. He shared his experience on meditation and yoga as these practices were personally included by Mr. Bhatia in his life and he has been practicing them for the past 17 years and professionally achieved high accolades.

The session initiated by a brief introduction on how meditation is one of the powerful tools for spiritual growth, and is essentially a process to take one beyond the limitations of body and mind. He spoke about his journey into meditation and the impact, meditation can make in a person's personal and professional life.

The following changes took place in Mr. Bhatia's life after proper meditation and yoga, which were :

- Increased Concentration
- Revelation of reality
- Development of intuition
- Increased Efficiency in work
- Improved social life
- Improved family life and improvement in many aspects.

He stressed on the points that by these practices, we can empower our body, mind and soul & expect to:

-Develop SELF-LOVE, ACCEPTANCE, self-compassion and SELF-ESTEEM

-Be moreCONNECTED to yourself and be CONFIDENTbeing who you authentically are inside

-Genuinely INCREASEyourVIBRATION and ability to MANIFEST

-IMPROVE ALL ASPECTS OF LIFE including relationship to yourself, others and the world

-Overcome fears, dissolve limitations and STOP THE CYCLE of struggle and anxiety

-Be in CONTROL of your thoughts and emotions

-Experiencing a sense of lasting contentment, ABUNDANCE and GRATITUDE

-Heal your heart, forgive and LET GO and feel joyful

-Connect to your life purpose and feel INSPIRED every day

-Stop the self undoing and self-sabotage and create A LIFE that YOU absolutely LOVE.

We had a small 15 min meditating session and it truly felt different. On completion we were told it was due to the yogic transmission by Mr. Bhatia. The atmosphere throughout the session felt relaxed and calm. Before ending the session he remarked “What is unique about this meditation is that you don’t need to believe anything that I say, you have to experience it yourself” which felt true after the session. Mr. Bhatia appealed the audience, specially the younger generation to include this practice in their daily routine for its wholesome and salubrious effects on mind, body and soul. It was truly a great experience.

Report on faculty Development Session
Research Methodology

Date:-13.1.2018

Time: 2.30 pm to 4.30pm

Venue: Conference hall, Second Floor MGMSBS, MGM Medical College building, Navi Mumbai	Dr. Neetin Desai FMASc Director, Amity University Mumbai Director, Amity School of Biotechnology
---	---

This workshop focused on the procedure to do research. As a researcher it is mandatory for one to know the basics and have a core idea in order to satisfy the purpose of research and establish an acceptable conclusion. School of Biomedical Sciences Navi Mumbai gave this opportunity to the academicians to enhance their researching skills and understand the methodologies.

This Session was intended to orient participants towards developing their own research plans in future with due attention to every stage of research.

Objectives the major objectives kept in mind while framing this Faculty Development Programme were as follows:

- To understand what research is?
- How to do review of literature?
- To make participants familiar with techniques for different research approaches.
- To understand the application of right tools and techniques while conducting a research.
- Facilitate researchers in writing research work

Dr. Neetin Desai (FMASc.) Director, Amity University Mumbai, Director, Amity School of Biotechnology explained what research is all about. He connected things starting from the rig Vedas to the modern philosophy of doing research. He described how the process of metamorphosis takes place when it comes to finding answer to a question. The second issue which he emphasized on was the collection of data. According to him the two sources of data collection are the primary and the secondary sources and one has to choose among the two in accordance to the question which has been framed. He emphasized on the framing of the research question and held it to be the fundamental and initial step to do research, he discussed was that whatever you write get it edited by the expert of that particular field in which you have written the paper. This is simply done to minimize the mistakes and remove

the linguistic barriers. he stated that the work should be so appropriate and reasonable that people wait for the articles. The references and paper should be genuine and clear explain the topic.

He focused on how to frame a questionnaire. Further characteristics of the research process first element being data collection which must be accurate enough to draw a reasonable and precise conclusion.

Further in his session he explained how a researcher has to choose and go about the literature review as it basically depends on the interest and the capability of the respective researcher. Next topic in his session was how to approach the literature. He explicitly stated that while surveying the literature a researcher must start with the data available for the last five years and check the dominant theories in that area of research.

At the end of the session he concluded by mentioning tools through which the collected data and can be managed like the bibliographic cards spread sheets highlighters reference managers like Ms-word etc. He also focus was on the empirical aspect of the research. He explained research as a long journey to bridge the gap between the initial point and the final destination. Then the Session was declared open for any queries regarding the research methodology and the doubts that were very well answered by Mr. Neetin Desai with great enthusiasm and to the satisfaction of the academicians. This session has created a sense of justification among the learners and they are looking forward to do research write and read the research papers or undertake some research project. This workshop has not only helped the Faculty and academicians in their curriculum but has also helped them develop their personal skills and knowledge.

Date: 23/01/2018

Report on MGM School of Physiotherapy and World Spine Care Conference 2019 on “Spine Care: Prevention, Early Detection and Management of Spine Disability: A Patient- centric Integrated Approach.”

Preamble:-

Conference was organised by MGM School of Physiotherapy, Navi Mumbai in collaboration with World Spine Care on 18-19 January 2019 at MGM University Auditorium, MGMIHS. Eminent personalities across the globe like Dr. Manohar Panjabi (worked in area of Spine biomechanics for over 35 years), Dr. Scott Haldeman (published over 200 scientific papers in the field of spine care) and Dr. Margereta Nordin (President of World Spine Care, Europe) graced the occasion with their presence and scientific contribution.

Objectives:-

- Understand the structure and function of the spine.
- Learn about spine disabilities and patient perception in various patient groups
- Create awareness about spine disorders globally
- Be exposed to an overview of effective clinical pathways and models of care for spine disorders
- Understand clinical triage of care in evaluation and diagnostics of spine care
- Learn about effectiveness of conservative management and treatment of spine disorders
- Understand various options of surgical management of spine disorders
- Understand the role of an integrated patient-centered approach for prevention of spine disability

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

Participants: Student Delegates: 81

Faculty Delegates: 48

Activities:-

1. Delegates assembled in the auditorium for the inaugural ceremony at 9:00a.m. Conference was inaugurated followed by lamp lighting ceremony by Dr. Sudhir Kadam, Medical Director of MGMIHS and Dr. Margereta Nordin (President of World Spine Care, Europe).
2. First symposium on Spine structure and function started at 9.10 a.m, which was moderated by Dr. Margareta Nordin. The speakers for this symposium were:
 - Dr. Manohar Panjabi: Spine biomechanics for clinicians
 - Dr. Subhash Dhiware: Bone health of spine: India and global
 - Dr. Rajani Mullerpatan: Biomechanics of spine in traditional Indian movements

Symposium was followed by panel discussion in which doubts and questions by the delegates were answered by the speakers.

3. Second symposium on Evaluation of spine started at 11.15 a.m- Triage of care started, which was moderated by Dr. Scott Haldeman. The speakers for this symposium were:
 - Dr. Adam Wilke: Primary Care triage spine disorder 'red flags'
 - Dr. Pradnya Girdhar: Physical spine evaluation
 - Dr. Alberto Zerbi: Radiological spine evaluation

The second symposium was followed by panel discussion in which doubts and questions by the delegates were answered by the speakers.

4. The second symposium ended by around 1.00p.m which was followed by lunch break
5. Third symposium on Spine disability begun at 1.45 p.m on various patient groups and different perceptions, which was moderated by Dr. Adam Wilke. The speakers for this symposium were:

MGM INSTITUTE OF HEALTH SCIENCES

(Deemed University u/s 3 of UGC Act, 1956)

Grade 'A' Accredited by NAAC

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

- Dr.KuldipRaj Salgotra: Spine disability caused by trauma, degeneration, infection and auto-immune disorders
- Dr.CarolCancelliere: WHO disability concept spine disorders
- Dr. Ashok Johari: Spine disability in CP

The third symposium was followed by panel discussion in which doubts and questions by the delegates were answered by the speakers.

6. The third symposium ended by around 3.15p.m which was followed by 20 minutes tea break
7. Fourth symposium on Burden of Spine disorders was started around 3.35 p.m on the topic Global and Indian scenario, which was moderated by Dr. Rajani Mullerpatan. The speakers for this symposium were:

- Dr. Pierre Cote: Global burden of spine disorders
- Dr.Yuvraj Singh and Shweta Nahar: Burden of spine disability in India: Southwest Maharashtra
- Dr.Dollilur Rahman: Burden of spine disability in Bangladesh
- Dr. Khadga Gurung: Burden of spine disability in Nepal

The last symposium of the day was followed by panel discussion in which doubts and questions by the delegates were answered by the speakers.

SECOND DAY

8. All the participants assembled in the auditorium at 8:45a.m followed by breakfast.
9. First symposium on Conservative management of spine started around 9.00 a.m the, which was moderated by Dr.S. Rajasekaran. The speakers for this symposium were:
 - Dr.Margareta Nordin: What is the best early care when is it needed based on evidence?
 - Dr. Rajani Mullerpatan: The Kamothe clinic for underserved population
 - Dr. Bang: The Gadchiroli Clinic

MGM INSTITUTE OF HEALTH SCIENCES

(Deemed University u/s 3 of UGC Act, 1956)

Grade 'A' Accredited by NAAC

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

This symposium was followed by panel discussion in which doubts and questions by the delegates were answered by the speakers.

10. The first symposium ended by around 10.40a.m which was followed by 20 minutes break.

11. Second symposium on Surgical management of spine started at 11.05 a.m the, which was moderated by Dr.Margareta Nordin. The speakers for this symposium were:

- Dr.S. Rajasekaran: When is surgery needed for the management of spine disorders?
- Dr.Satishchandra Gore: Minimally surgical techniques
- Dr. Raghu Prasad Varma: Challenges in rural Indian setting

The second symposium was followed by panel discussion in which doubts and questions by the delegates were answered by the speakers.

12. The second symposium ended by around 12.45p.m which was followed by lunch break

13. Third symposium on Models of spine care started at 1.25 p.m, which was moderated by Dr.Carol Cancilliere. The speakers for this symposium were:

- Dr. Scott Haldeman: Global spine care initiative (GSCI) approach
- Kaivalyadham team, Lonavala: Can Yoga emerge as early model of spine care?
Demo in the last 5 minutes of session
- Dr. Pierre Cote: Turning evidence into policy of spine care

The third symposium was followed by panel discussion in which doubts and questions by the delegates were answered by the speakers.

14. The third symposium ended by around 3.05p.m

15. Fourth symposium on An integrated approach to the prevention of spine disability in urban poor and rural sector and manual labourers started at 3.10p.min form of Panel discussion started, which was moderated by Dr.Scott Haldeman. The contributors for this symposium were:

Report on Intellectual Property and Public health

Date:- 07.10.2017

Time: 2:30 to 4:30pm IST

Venue: Lecture Hall No 2
MGM Medical College building,
Navi Mumbai

Dr. Maninder Sethia is a Dermatologist and Epidemiologist. Proficient in Statistical Modelling, Analysing Large Longitudinal Datasets, Panel Data Analysis, Systematic Reviews and Meta-analysis. Well published (including in high impact journals).

Sir is a visiting faculty at MGMIHS guiding our PhD students.

With his vast experience in various institutes, he spoke on the developing health technologies for the world's people increasingly requires the wise management of the Intellectual property. Seeking to promote the development of health technologies IP plays an important role. In past IP was considered bad for people's health by not recognizing its importance. IP has become the key public health topic since the last few years. So the opportunities created by dynamic market plays improved understanding of IP system to bring newer technologies more quickly in the health sector.

Report on – Industry academic innovative practice – Clinical Research

Date:-18.02.2017

Time: 2:00 to 4:00pm IST

Venue: Lecture hall 2, ground floor
MGM Medical College building,
Navi Mumbai

The Seminar started with the anchoring and the introduction of the speaker given by Mr. Yogesh Patil .

The seminar was held on the topic of “**Industry academic innovative practice – Clinical Research**”. The speaker for this topic was Dr. Nitin Munde, who has more than 20 publications to his credit and has vast experience with various pharma companies.

He initiated the session, how clinical research plays an important role in health-care sector and the need for involvement from medical institutes. There is a lot of scope for Industry –Academic partnership with reference to clinical trial and drug research.

The question answer session was highly interactive with an immense participation from our students

At the end of the session Dr. Mansee Thakur , I/C Director, MGMSBS offered a token of appreciation .

Mundhe Nitin Arunrao

Area of Interest

Clinical trial, medical writing, and clinical research

Academic Profile

M.S. (Pharm) Pharmacology and Toxicology	2012 - 2014	National Institute of Pharmaceutical Education and Research (NIPER), Guwahati.	8.58 CGPA
B. Pharm.	2009 - 2012	Shivaji University, Kolhapur.	64.44%

Clinical Research Knowledge

Having good knowledge of:

- Clinical Trial, Phases of Clinical Trial
- Writing Style guide's
- Referencing software (Endnote)
- Drug discovery and development

Work Experience

● **Acutest Research Laboratory;** Medical Writing; **from 08-Nov-2017 to till date**

● **Responsibilities:**

- Preparation of clinical trial study synopsis/protocol
- Preparation of CSR and ICF
- Preparation of manuscripts, abstracts, poster, for publication in peer reviewed journals
- Literature search for specific studies and feasibility of study

● **Cognizant Technology Solutions;** Junior Data Analyst (Medical Writing); **from 08-Aug-2016 to 07-11-2017**

● **Responsibilities:**

- Draft and QC the narratives
- Perform 100% data review and finalization of narratives
- Ensure that documents are approved and issued in accordance with timelines
- Request data sources and attend client calls for medical writing deliverables-kick off meetings, review meetings and status updates

➤ Follow ICH-GCP guidelines and writing style guides (client specific or AMA guidelines) while working on the medical writing deliverables
<ul style="list-style-type: none"> ● Shree Dhoothapapeshwar Ayurvedic Research Foundation (SDARF), Mumbai; In-charge-Biomedical Services, From 18-Sept-2014 to. 06-Aug-2016 ● Achievement's: <ul style="list-style-type: none"> ➤ Actively involved in IAEC committee renewal and CPCSEA registration ➤ Successfully arranged four IAEC meeting's as per CPCSEA guidelines ➤ Successfully completed two chronic toxicity studies and four pharmacological (efficacy) studies of our own company products ➤ Approved more than 10 study protocols in IAEC meetings ● Responsibilities: <ul style="list-style-type: none"> ➤ Handling of six verticals of the organization i.e., protocol preparation, ethical approval process, handling of experiment with dose administration, data acquisition, and data analysis ➤ Responsible for the planning, writing, editing, reviewing, and coordinating the publication of pre-clinical data to International peer-reviewed journals ➤ Responsible to produce abstracts, short communications, manuscripts, review articles, study slide sets, manuscript slide sets (PDF, MS-PowerPoint & Word), slide sets for posters, slide set for oral presentations at scientific congresses, and other written communication material supporting pharmaceutical brands, research activities, and business needs ➤ Collection of data during pre-clinical studies, computer processing of data, and statistical analysis of data using stat software's (graph pad prism) ➤ Conduct animal ethical committee meetings and maintain the animal records as per CPCSEA guidelines ➤ Oversee the management and outsourcing of pre-clinical and supporting in clinical studies also

Dr. Rita Abbi an Epidemiologist. Proficient in Statistics and has worked in government organizations like CIDCO, IPH.

With her vast experience, she spoke on the role of biostatistics in designing a research protocol she gave a basic concepts, terms and definitions used in health research methodology . She gave ideas on how to select relevant research topic based on contemporary literature, Formulate a research question, hypotheses and related objectives (general and specific), compare basic quantitative (observational and experimental) study designs, understand their advantages, disadvantages and select the best for a specific research question, Understand basic concepts of qualitative research and methods, Select best sampling method for the chosen design and estimate sample size, Design a simple questionnaire used for data collection, Carry out simple analysis of collected data and interpret findings appropriately.

Academic Credentials :

- Ph. D. Statistics
- M Sc. Statistics
- Diploma in Computer Programming
- MBA

Awards and Accolades

- Best research paper in the year 1989 at SP University
- Best research paper in the year 1991 at SP University
- Recipient of ICUH full scholarship Award for to present paper in the 8th International Conference on Urban Health (ICUH) held in Nairobi , Kenya October 18-23, 2009
- Meritorious officer of City and Industrial Development Organization-2010
- Best paper presentation in the year 2011 at conference organized by JJTU.
- Session Chair of the session "Urban Health Perspectives" 21-10-2009 at 8th International Conference on Urban Health (ICUH) held in Nairobi , Kenya
- Session chaired at Indian Association for the study of Population (IASP) at Utkal University, Bhubaneswar during Nov 28-30, 2010.
- Session chaired at Indian Association for Social Sciences and Health (IASSH)
- Guest Faculty at various Institutes/colleges

Publications

Published more than 40 research papers and presented more than 60 papers mainly in the field of, Health, Nutrition, Demography, Education, Housing, Social Sciences and Urban health/development Statistics (operations research). These papers were presented and published in various seminars, conferences & workshops at International and National level. Three papers were incorporated as a chapter in the books.

Job profile and Experience:

2017 onwards joined as Professor, Biostatistics at Mahatma Gandhi Mission Institute of Health Sciences in March 2017.

Experience:

- Designed and initiated the proposal for post graduation course M.Sc. Biostatistics and running the same course
- Teaching Research Methodology, Biostatistics and Computer applications to students of MHA (Master of Hospital administration), Nursing and Others.
- Co-Principal Investigator of Research Project entitled; "Impact of Radiation from cell phone Towers and cell phone use on Health of Pregnant Women and Infants; A Multidisciplinary Collaborative Effort"
- Supervision and coordination for All India Higher Education Survey (AIHES)
- Management and harmonization of the National Institutional Ranking Framework (NIRF) data. This is a methodology adopted by the Ministry of Human Resource Development (MHRD), Government of India, to rank institutions of higher education in India.
- Suggested and persuaded the management to purchase firstly, software package SPSS (Statistical Package for Social Sciences), secondly software for Plagiarism check.
- Prepared the curriculum for Research Methodology, Biostatistics and Computer applications and submitted for Board of Studies for approval. The same is adopted by MGM for teaching the Ph.D. students.
- Organizing course work for Ph.D. Students and also teaching to Research Methodology, Biostatistics and Computer Applications to them.
- Providing statistical guidance to Faculty, PhD and PG students of MGM medical college, MGM Institute of Health Sciences
- Member of Scientific Advisory Committee to help researchers and PhD scholars in identification of research areas and monitor research progress.
- Performed as Convener, Moderator and Examiner for various PG level Exams.

2016-2017 a) Taught Biostatistics to post graduate students at the University, Department of Biotechnology Mumbai, India. (Visiting faculty)

b) Professor and Ph.D guide at JJT University, Andheri and Jhunjhunu, teaching research Methodology to Ph. D. scholars.

c) Guide for dissertation for M. Sc. and MBA students of Annamalai University,

for the year 2015-16 onwards in an honorary capacity.

- 1993-2016 Worked in the capacity of Senior Statistician & Head of the Statistics Department and held the additional charge of Economics Department at City and Industrial Development Corporation of Maharashtra Ltd., a government of Maharashtra Undertaking, CBD Belapur, Navi Mumbai, India.
- 1992- 1993: Faculty at International Institute of Population Sciences, department of Mathematics and Statistics, Deemed University, Deonar, Mumbai.
- 1985: 1992: Programmer and Statistician: Research Project of USAID assisted ICDS Impact Evaluation Project, M. S. University, Baroda.
- 1979 -1992: Faculty at Statistics Department, M.S. University, Baroda

Computer Acquaintance: Apart from Window version of Microsoft office automation packages, Expert in handling large data set and thorough knowledge of SPSS/PC +, D Base, and most of the latest software need based packages

Membership

- Member of International Union Scientific Study of Population (IUSSP)
- Life Member of Indian Association for the Study of Population (IASP)
- Member of Asian Population Association (APA)
- Life Member of Indian Association for the Social Science and Health(IASSH)
- Member of Rotary International, held the position of President of Rotary Club of Navi Mumbai, Bayside in 2006-07

Country Visited: USA, UK, Australia, New Zealand, Japan, China, Africa, Singapore, Scandinavia

Report on Faculty Development

Leadership and Communication

Date: 17.02.2018

Time: 2.30 pm to 4.30pm

Venue: Conference Hall, Second Floor MGMSBS MGM Medical College building, Navi Mumbai	Dr. Bharat Dhareshwar Chief Medical Director – Western Railway, Mumbai
--	---

Leadership literally means the action of leading a group of people or an organization or the ability to do this and Communication is defined as imparting or exchanging of information by speaking, writing or using some other medium. A workshop on Leadership and communication was conducted at MGM School of Biomedical Sciences by Dr.BharatDhareshwar on 17/02/2018 from 2.30 pm to 4.30pm.Dr.Bharat'smainly focused on imparting knowledge on Leadership and Communication based on his personal experience in health care sector. The workshop commenced by felicitating the Guest of Honourby our Hon'ble VC and an introductory speech by our In charge Director Dr.Mansee Thakur.

Dr.Bharat's oratory skills were very good which clearly executed a good sense of leadership and communication.He explained what leadership and communication skills are all about and how important is it in our day-to-day life. He explained some of leadership qualities like:

- High integrity and honesty
- Solve problems and analyzes issues
- Communicates powerfully and prolifically
- Builds relationships

Also some of types communication like:

- Verbal communication
- Non-verbal communication
- Listening

This experience truly left a great impact on us. The workshop ended by appreciation and vote of thanks.

Report on faculty Development Session

Self Development Program

Date:-21.04.2018

Time: 2:30 to 4:30pm IST

Venue: Conference hall, Second Floor MGMSBS, MGM Medical College building, Navi Mumbai	Dr. Harish Mehta Interventional Cardiologist, Lilavati Hospital and research centre
---	--

A self development plan will help you improve or maintain your current level of success and prepare for future opportunities. You can include both personal and career goals in a single plan, or create a separate plan for each of the key areas of your life. Either way, be sure to revisit your plan(s) at least once every six months to ensure your goals are aligned with the changes in the world around you.

This session was for all the faculty of MGM school of biomedical sciences and was under the direct supervision of Dr. Mansee Thakur

On 21st April, 2018, a seminar was held on the topic of self development which was conducted by Dr. Harish Mehta.

The program started with an introductory speech by Mrs. RenukaBhosle one of our faculty members from MGM school of biomedical sciences.

Then Dr Harish Mehta, our speaker was felicitated by our Director, DrMansee Thakur.

Dr. Harish Mehta shared about his personal experience on self development and discussed several points about it. He gave a very inspiring and motivational speech on self development which was very useful. He shared his knowledge and gave us many interesting tips for our self development.He gave an autobiographical talk on this journey and the progress in the field of SPIRITUALITY, followed by meditation.He had a very heart to heart interactive

session with the participants, with hilarious punch lines in between, for lightning the moments.

The program was very interesting and our faculty enjoyed the program, though there were several questions by our faculty which were answered by Dr. Harish Mehta up to the best of their satisfaction.

The program then concluded by a vote of thanks which was given by Ms. PremaShewale, one of our faculty Members.
