Respected Sir,

Intensive Care Physiotherapy is a specialized domain where in hands on skills and in-depth knowledge regarding Physiotherapy techniques utilized for patient care help in optimizing delivery of care to the patient.

With an objective of disseminating such knowledge to practicing Physiotherapists and students, MGM School of Physiotherapy wishes to conduct a 3 day workshop on "Physiotherapy in Intensive Care Unit" from 6th December-8th December 2018.

We have offered 2 day workshops in years 2012 and 2014 which have been well received by students and professions across the state. However students and faculty reported need of additional time for imbibing concepts of cardiac rehabilitation as well hands on skill demonstration in the ICU. Hence on this occasion we have attempted to elaborate upon topics of interest and have hands on demonstration in ICU for limited number of candidates (in batches of 3-4 candidates).

May we request permission to conduct the workshop on the above mentioned dates at MGM Center of Human Movement Science and include a visit to medical and surgical ICU at MGM Hospital, Kamothe.

Please find attached proposed program along with.

We thank you for your support.
