| 15 | 3.4.2 Q _n M | While the state, national and international recognition/awards is considered in 2.4.4, this Metric is focused around the theme whether The institution provides incentives to such teachers. The attached certificates do not support the HEI claim that "The institution provides incentives to teachers who receive state, national and international recognition/awards". The HEI has claimed paper publication as awards. The HEI to provide e- copies of the letters of awards and the E-copy of the proof of incentive that may range from commendation letter to monetary and promotion benefits. Neither of these have been provided. | The documentary evidence submitted in SSR for incentives are as follows: a. Vice Chancellor’s letter to Institute Heads for disbursement of cash incentives b. Appreciation/ Commendation certificates of various faculties. c. Payment vouchers and details of ledger account with highlighted names of the faculty who have been given cash incentives. HEI has provided Patents and Copyrights published/awarded with a letter of publication/award and the unique patent/copyright number which can be cross-verified from official websites of Patent and Copyrights. Patents and Copyrights awarded / published in the name of faculty working in the University during the assessment period are included in the data. HEI has claimed only those Patents and Copyrights which are published/awarded. Therefore, HEI requests to consider its "8" published copyrights along with "3" published patents for the year 2018-19.</p> | |
| 17 | 3.4.4 Q _n M | <p>As per the HEI data attached with the Metric.</p> | <p>It seems that the Re-DVV has counted only one degree against a recognized PG teacher even if under him/her more than one degree has been awarded in a particular year. This is not as per SOP. As per the regulatory body's norms (UGC, MCI, INC), one recognized PG teacher/guide can supervise more than one PG students. (PhD Guide can supervise 8 PhD scholars and Professor can guide 3 MD/MS students at any given time) Therefore, it is possible that in a given year more than one PhD/PG degree may be awarded for each recognized PhD/PG teacher/guide. As per the NAAC manual, the "Numerator" of the said metric requires the number of Ph.D/ DM/ M Ch/ PG Degree awarded in each year. Therefore, total degrees awarded in each year have been taken as "Numerator" and recognized teachers in that year are taken as "Denominator". Therefore, HEI humbly submits to consider Change Input for the metric.</p> | <p>https://www.mgmuhs.com/NAAC/DVVClarification/c3/3.4.4/3.4.4.pdf</p> |
