

MAHATMA GANDHI MISSION  
**Medical College & Hospital**  
Aurangabad

**Centre of Excellence  
for  
Gastroenterology &  
Advanced Minimal Access Surgery**

## " We Are Growing..."

We have shown that every success story is a tale of constant adaptation, revision and change.

We have grown bit by bit every day to establish and get recognized as a one of its kind a dedicated centre for complex Hepato-pancreato Biliary and GI Surgery in Marathwada.

MGM's Centre for Endoscopy and Minimal Invasive Surgery was established in year 2001 to provide Advanced Hepato-pancreato Biliary and minimal invasive surgical care to the population of the region at a reasonable cost. And we have diligently worked as per our mission and vision to fulfil the healthcare needs of the society in the field of HPB and GI surgery.

In our journey of establishing a very challenging Department of  
Advanced Laparoscopy,  
Endoscopy and Hepato-pancreatic Biliary Surgery,  
we have achieved many milestones Notably.....

## Liver

Performed First Liver Transplant in Marathwada and Vidarbha region.

Performed First Total Laparoscopic Liver Resection in the region and have performed about 26 Laparoscopic Liver Resections for various indication.

Have one of the largest series in India of Laparoscopic Total Cystopericystectomy for Hydatid Cyst of Liver.

## Gall Bladder

Have performed more than 5000 Lap Cholecystectomies without single conversion in last 16 years.

Performed 18 Total Laparoscopic Radical Cholecystectomy for Ca. Gall Bladder

Have performed more than 125 CBD Exploration for complex Choledocholithiasis which could not be managed by ERCP.

## Pancreas

Our centre is amongst very few in India to perform  
Total Laparoscopic Whipple's Operation for Pancreatic Malignancies.

Total Whipple's Operation Preformed till date are Laparoscopic -24 & Open -98

Have largest experience in management of  
Acute Necrotizing Pancreatitis and its complications.

Have performed more than 65 Total Laparoscopic  
Necrosectomy with Cystogastrostomy

Have popularised Trans-gastric Intra Luminal Pancreatic  
Necrosectomy in India with live  
demonstration and guest lectures.

Have Preformed more than 42  
Total Laparoscopic Pancreato  
Jejunostomy for Chronic  
Pancreatitis with excellent results.

## Endoscopy

Third center in whole of Maharashtra to  
perform 'POEM' procedure for Achalasia Cardia.

Have performed 71 cases of POEM so far with excellent result

Have performed more than 7,000 ERCP in all complex conditions with  
more than 99% cannulation rate.

First center in Marathwada to performed ESD for early Esophageal and Gastric cancer.

## Capsule Endoscopy

It's a great tool to diagnose small but significant problems like stricture, bleed, Crohn's Disease, lymphoma and GI Diseases of small bowel.

## GI Surgery

Routinely we are doing Advanced Laparoscopic GI surgeries like, Lap. Radical Gastrectomy, Lap. Radical Hemicolectomy, Lap. Adrenalectomy, Lap. Splenectomy, Nissen Fundoplication.

We have also done maximum Laparoscopic Hernia surgery in the region including Hiatus Hernia, Ventral Hernia and Inguinal Hernia.

## Gastroenterology ICU

The new state of the art Intensive Care Unit headed by the reputed intensivist Dr. Anand Nikalje, supported by experienced full time intensivist round the clock and advanced equipment for the efficient management of critically ill patient.

## NOTES (Natural Orifice Transluminal Endoscopic Surgery)

A new evolving surgical technique that provide total scarless and painless surgery, brings new hope for many patients.

Our centre is the first centre in the Marathwada to perform POEM (Per Oral Endoscopic Myotomy) endoscopically.

We have performed total 61 cases so far with very encouraging results.

With NOTES we are routinely doing ESD and EMR for submucosal lipomas and early GI malignancies.

## GI Interventional Radiology

Many diseases like complex biliary drainages, Percutaneous Transbiliary Drainage (PTBD), PTBD- stentings, Drainage of pancreatic fluid collections, Rendezvous procedures can be managed non-surgically using Interventional Radiology.

In management of Acute G.I. bleeds in accessible to endoscopy, Interventional radiology can play great role.

## Our Team

We are well supported by experienced Anaesthetist, dedicated full time Intensivist with ultra modern ICU, Interventional radiologist, state of the art Pathology and Radio Imaging Department.

## GI Motility and PH Metry Lab

Acidity, Hiatus Hernia are common GI ailments. pH-Study can measure the esophageal acid exposures and can guide towards further definitive management.

Dysphagia is another uncommon but potentially dangerous GI symptom. Esophageal Manometry helps in diagnosing achalasia cardia and other esophageal motility disorders.

# Centre of Excellence for Laparoscopy Surgery

In recognition of quality and amount of work we have done so far, **KARL STORZ GERMANY**, has recognized our centre as a **“CENTER OF EXCELLENCE”** for Advanced Laparoscopy.

To perform further complex operations with highest quality of services and to propagate this art of laparoscopic surgery to all surgeon colleagues, Karl STORZ has installed their high end state of the art equipment including OR one and Rubina 4 K system. It is their first installation in South Asian countries with complete ultra modern modular theatres which has added a new feather in our cap.

Endoscopy setup is upgraded with modular endoscopy suite and double channel scope and fully automatic Endowasher system. We are sure these upgradation will give most pleasant experience of endoscopy in highly secure environment.

**We have also collaborated Ethicon (Johnson & Johnson USA) for giving Basic, Advanced, and Open Surgical Skill training to faculties, PG students and UG students.**

# HONORS

## Conference

- Conducted more than 75 CME's and 10 National and International Conferences to promote Laparoscopic Surgeries amongst Surgeon Colleagues and community
- Have been invited as a faculty for the guest lectures & live demonstrations of complex laparoscopic surgeries in National and International conferences.
- Published more than 25 papers in National & International journals

## Recognition

- **Executive Committee Member, Association of Surgeons of India - 2018-2021 (Elected with highest votes in the country)**
- **Past Executive Member, Association of Minimal Access Surgeons of India 2012-2018**
- **Past President of Maharashtra State Chapter of ASI 2010-2011**
- **Founder President, Marathwada Hospital Association**

- **Chairman, Board of Studies & Member Faculty of Medicine**, of MGMIHS, Navi Mumbai
- **Faculty** for Institute of Medical and Minimal Access Surgery Training (**IMMAST**) & **Faculty** for Johnson & Johnson Ltd. (**ETHICON**)
- He is the **Only faculty** in Marathwada for the College of AMASI
- **Best Teacher Award, IMA** and Lion's Club of Aurangabad
- Awarded Aurangabad Entrepreneur and Excellence Award 2017 for **Excellence in Endoscopy and Advanced Laparoscopy** by 94.3 My FM
- **Received Maratha Bhushan Award** by Sant Tukaram Medical Foundation, Aurangabad
- **Appreciation Award (Work for Cancer Patient)** by Tata Memorial Centre and Navya Foundation, Mumbai **“Fight Against Cancer”**
- Awarded with **“Generation Next IKON of Aurangabad”** by Lokmat Group
- Started Maharashtra State Chapter Newsletter '**Sanwad**' in year 2010 as a President
- **Felicitation by New Aadhar Janseva Foundation** on 6th Feb. 2021 for rendering 24x7 relentless service to the people of Marathwada during the Covid Pandemic situation

# Awards

- **Awarded 1<sup>st</sup> prize in Endoscopic Video Presentation** for “**Endoscopic Management of Intrabiliary Ruptured Hydatid Cyst of Liver**” in 51<sup>st</sup> Annual Conference of Indian Society of Gastroenterology (ISGCON-2010) held at Hyderabad
- **Awarded 1<sup>st</sup> Prize for Poster Presentation** "Intestinal Bezoar Presenting As Intestinal Obstruction Managed Laparoscopically" in MAHAISGCON 2015 (Marathwada Society of Gastroenterology)
- **Awarded 2<sup>nd</sup> Prize for Paper Presentation** "Early Clinical Experience With The Poem Procedure For Achalasia" MAHAISGCON 2015 (Marathwada Society of Gastroenterology)
- **Awarded 1<sup>st</sup> Prize for Video Presentation:** "Intestinal Bezoar Presenting as Intestinal Obstruction Managed Laparoscopically" in MASICON - 2016
- **Best Video Presentation** - on Laparoscopic Excision of Isolated Enteric Duplication Cyst with Mature Cystic Teratoma in a 3 yr old female AMASICON - 2018 at Lucknow
- **Selected for Young Scholar Award** - Per Oral Endoscopic Myotomy for Achalasia Cardia: outcome of 34 consecutive patients at Single tertiary care centre AMASICON-2018 - at Lucknow
- **Best Video Presentation** - Laparoscopic Distal Pancreatectomy with Splenectomy in a case of Moderately Differentiated Adenocarcinoma of Pancreas in ASICON - 2018 at Chennai
- **Awarded 1<sup>st</sup> prize and a Gold Medal** “Dr. C Palanivelu Best Video Award” for Best Video Presentation - Intra Luminal Vascular Extension of Pheochromocytoma in AMASICON - 2019 at Nagpur

- **Awarded 1<sup>st</sup> Prize for - Best Paper Presentation** - Single Sitting ERCP/Stone Extraction and Laparoscopic Cholecystectomy in the Management of CBD stones with Gall Stones in MASICON-2020 at Amravati

- **Awarded 2<sup>nd</sup> Prize for Best Video** - on Laparoscopy for Median Arcuate Ligament Syndrome, a very rare case in MASICON-2020 at Amravati

- **Best Video** - Synchronise early oesophageal and gastric malignancy treated endoscopically using ESD and EMR a very rare case in MASICON-2020 at Amravati

- **2<sup>nd</sup> Prize for Best Poster** - A rare case report of Paediatric Thyroid Neoplasm in MASICON-2020 at Amravati.

- **Awarded 2<sup>nd</sup> Prize for - Best Paper Presentation** - A Prospective Study of same sitting ERCP/Stenting and Laparoscopic Cholecystectomy in the Management of CBD stones with Gall Stones in 80<sup>th</sup> Annual Conference of ASI Virtual ASICON-2020

- **Awarded 1<sup>st</sup> Prize for Best Paper Presentation** - “Study on Feasibility and Long-Term Outcomes of Laparoscopic Lateral Pancreatico-Jejunostomy on Pain Relief and Other Parameters in Patients with Chronic Pancreatitis” in 43rd Annual Conference of Association of Surgeons of India - “MASICON-2021” on a virtual platform

- **Awarded 3<sup>rd</sup> Prize for Best Paper Presentation** - “Study on Outcomes of Transverse Abdominis Release Surgery in Large Incisional Hernia” in 43rd Annual Conference of Association of Surgeons of India - “MASICON-2021” on a virtual platform

We are fortunate to have received the blessings of the all teachers and support of colleagues and friends in this journey.

With up-gradation we are more excited to take this sub-speciality to further heights so that every needy patient will get these world class services at doorstep.

We take this opportunity to invite you to patronise us with your presence to our newly upgraded centre of excellence in gastroenterology and advanced Minimally Invasive Surgery in Hepato Pancreato Biliary Surgery.

### **Dr. Pravin Suryawanshi**

MBBS, DNB (General Surgery)  
(FMAS, FAIS, FIAGES, FICS-GI SURGERY)  
Professor & Head, Dept. of Surgery  
Deputy Dean, MGM Medical College & Hospital  
C.E.O., MGM Medical Centre & Research Institute

### **Chief Endoscopic, Advanced Laparoscopic**

Hepato Pancreato Biliary and Liver Transplant Surgeon,  
MGM Medical College and Hospital, Aurangabad

### **Fellowship in Advanced Colorectal Surgery,**

Kyungpook National University Hospital Daegu, South Korea.

### **Fellowship in Hepatobiliary Surgery and Living Donor Liver Transplantation,**

Asan Medical Centre, Seoul, South Korea.

### **Executive Committee Member,**

Association of Surgeons of India

### **Founder President**

Marathwada Hospital Association

### **Past Executive Committee Member,**

Association of Minimal Access Surgeons of India

### **Past President,**

Maharashtra State Chapter of Association of Surgeons of India
